1	MR. MILLS: Aye.	1	MR. CASSADY: Okay.
2	(All board members signify in the	2	MR. CHESNEY: because this is being
· 3	affirmative.)	3	recorded for the meeting.
4	MR. CHESNEY: Let the record reflect	4	MR. CASSADY: Perfect. So then the
5	that it was approved five to zero.	5	second question had to do with the irrigation
6	(Motion passes.)	6	system. And so our contractor, in the course
7	MR. CHESNEY: Okay. George Cassady	7	of all of their excavation and all of their
8	MR. CASSADY: Right here.	8	digging, they just beat up the entire
9	MR. CHESNEY: would you stand up? I	9	irrigation system from one end to the next.
10	think it's my understanding that all these	10	And so it's one of those things where
11	wonderful people really want to hear from you	11	you don't know what you don't know until
12	and not from us, so I'll give you a few	12	someone says something. So, thankfully, Erin
13	minutes to address the group.	13	had communicated and I think some of the
14	MR. CASSADY: Absolutely.	14	other staff communicated that the irrigation
15	Good afternoon, everyone. I'm	15	system was damaged, things weren't getting
16	representing the Public Utilities Department,	16	irrigated. Big concern, obviously, for the
17	and we are the ones that are installing the	17	landscaping. You guys have invested a
18	new reclaimed water line that's out on	18	fortune into that. We don't want that to be
19	Linebaugh that you have been enjoying for the	19	damaged.
20	last six or seven months.	20	So I'm happy to report, I think, the
21	So there were a couple conversations, a	21	contractor has come back and repaired a
22	couple of things that happened over the last	22	significant number of the damaged valves and
23	couple of months, and we traded some emails.	23	damaged lines. They're working on, you know,
24	And so I thought I would make myself available	24	a control wire that basically communicates
25	to you to answer any questions that you might	25	from a timing unit from a (unintelligible) to

1	things that can go airborne with high winds.		health and safety, and that's what going to
2	We remove those from the job site. Our	2	stand behind. We're going to make sure that
4	contractors are kind of used to the drill.	4	whatever we do is supporting the community and supporting the neighborhood. So that was
4 5	In this particular case, I think there	5	about it for me.
6	were a couple of things that might have gone overlooked, because we really and truly	6	
		7	MR. CHESNEY: Okay. Any supervisor
7	there was degrees of preparation. At one time	8	questions for Mr. Cassady? Mr. Ross.
8 9	it was a tropical storm. The next thing you	9	MR. ROSS: First of all, thank you for
9 10	know it's a hurricane, and the next was the	10	coming. I mean that very genuinely. That
11	worst of all fears, which was, we were going to see a Category 3 and possibly Category 4-type	11	tells something to us and the community that
12		12	you care about how we feel about things and
13	winds.	13	such, and so I thank you for that.
14	And so at the last minute, there were	14	Part of the dilemma for me with regard to the hurricane was the barrels, that if I
14	additional preparation steps that were taken	15	
16	to remove things like Port-O-Lets from the	16	had a house along there, I would have been concerned is one of those barrels going to get
17	side, remove barrels, some barrels were left	17	
18	in place. And at the end of it all, it really	18	swept up and crash in a window or a sliding glass door or whatever. So I'm glad to hear
19	gave us an opportunity to look at our	19	
20	procedures, to look at what we will need to revise going forward in another preparedness	20	that you and your staff are cognizant that that is an issue.
20	fashion.	20	
21		22	One of the things that I would have liked to have seen is some communication from
23	We left barrels in place that marked travel lanes, and one of the overriding	23	the contractor to the community that it was
24	concerns was the barrels represented a flying	24	had determined that the left-behind barrels
25	hazard in a high wind, and we don't disagree	25	were safe.
23	hazara in a high wind, and we don't disagree		were sure.
	Page 10		Page 12
1		1	
1 2	with that.	1	So, by way of example, if it was the
	with that. The barrels were weighted down		So, by way of example, if it was the contractor's position that the barrels would
2	with that.	2	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just
2 3	with that. The barrels were weighted down additionally, but then the question becomes	2 3	So, by way of example, if it was the contractor's position that the barrels would
2 3 4	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing,	2 3 4	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been
2 3 4 5	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a	2 3 4 5	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party
2 3 4 5 6	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm?	2 3 4 5 6	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with,
2 3 4 5 6 7	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm? So we're going to be looking at that,	2 3 4 5 6 7	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or
2 3 4 5 6 7 8	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm? So we're going to be looking at that, not just for this job, obviously, but across	2 3 4 5 6 7 8	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the
2 3 4 5 6 7 8 9	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm? So we're going to be looking at that, not just for this job, obviously, but across the county because it applies to every job	2 3 4 5 6 7 8 9	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera,
2 3 4 5 6 7 8 9 10	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm? So we're going to be looking at that, not just for this job, obviously, but across the county because it applies to every job that we do.	2 3 4 5 6 7 8 9 10	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera, that these barrels aren't at risk.
2 3 4 5 6 7 8 9 10 11	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm? So we're going to be looking at that, not just for this job, obviously, but across the county because it applies to every job that we do. The question that we ultimately have to	2 3 4 5 6 7 8 9 10 11	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera, that these barrels aren't at risk. MR. CASSADY: Right. Right.
2 3 4 5 6 7 8 9 10 11 12	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm? So we're going to be looking at that, not just for this job, obviously, but across the county because it applies to every job that we do. The question that we ultimately have to satisfy is, when you have the roads that are	2 3 4 5 6 7 8 9 10 11 12	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera, that these barrels aren't at risk. MR. CASSADY: Right. Right. MR. ROSS: And so if you could give that
2 3 4 5 6 7 8 9 10 11 12 13	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm? So we're going to be looking at that, not just for this job, obviously, but across the county because it applies to every job that we do. The question that we ultimately have to satisfy is, when you have the roads that are impacted by construction and you're changing	2 3 4 5 6 7 8 9 10 11 12 13	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera, that these barrels aren't at risk. MR. CASSADY: Right. Right. MR. ROSS: And so if you could give that some thought in your deliberations in
2 3 4 5 6 7 8 9 10 11 12 13 14	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm? So we're going to be looking at that, not just for this job, obviously, but across the county because it applies to every job that we do. The question that we ultimately have to satisfy is, when you have the roads that are impacted by construction and you're changing the path of the lane of travel, you have to	2 3 4 5 6 7 8 9 10 11 12 13 14	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera, that these barrels aren't at risk. MR. CASSADY: Right. Right. MR. ROSS: And so if you could give that some thought in your deliberations in reviewing your protocol, have a whether
2 3 4 5 6 7 8 9 10 11 12 13 14 15	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm? So we're going to be looking at that, not just for this job, obviously, but across the county because it applies to every job that we do. The question that we ultimately have to satisfy is, when you have the roads that are impacted by construction and you're changing the path of the lane of travel, you have to mark that. We're obligated to mark that.	2 3 4 5 6 7 8 9 10 11 12 13 14 15	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera, that these barrels aren't at risk. MR. CASSADY: Right. Right. MR. ROSS: And so if you could give that some thought in your deliberations in reviewing your protocol, have a whether it's barrels or anything else, that they're
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm? So we're going to be looking at that, not just for this job, obviously, but across the county because it applies to every job that we do. The question that we ultimately have to satisfy is, when you have the roads that are impacted by construction and you're changing the path of the lane of travel, you have to mark that. We're obligated to mark that. And even in a storm event, not the	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera, that these barrels aren't at risk. MR. CASSADY: Right. Right. MR. ROSS: And so if you could give that some thought in your deliberations in reviewing your protocol, have a whether it's barrels or anything else, that they're safe and they're not at risk of moving off the
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm? So we're going to be looking at that, not just for this job, obviously, but across the county because it applies to every job that we do. The question that we ultimately have to satisfy is, when you have the roads that are impacted by construction and you're changing the path of the lane of travel, you have to mark that. We're obligated to mark that. And even in a storm event, not the people who are going to be out driving, but,	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera, that these barrels aren't at risk. MR. CASSADY: Right. Right. MR. ROSS: And so if you could give that some thought in your deliberations in reviewing your protocol, have a whether it's barrels or anything else, that they're safe and they're not at risk of moving off the ground.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm? So we're going to be looking at that, not just for this job, obviously, but across the county because it applies to every job that we do. The question that we ultimately have to satisfy is, when you have the roads that are impacted by construction and you're changing the path of the lane of travel, you have to mark that. We're obligated to mark that. And even in a storm event, not the people who are going to be out driving, but, you know, it's that moment right before the	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera, that these barrels aren't at risk. MR. CASSADY: Right. Right. MR. ROSS: And so if you could give that some thought in your deliberations in reviewing your protocol, have a whether it's barrels or anything else, that they're safe and they're not at risk of moving off the ground.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm? So we're going to be looking at that, not just for this job, obviously, but across the county because it applies to every job that we do. The question that we ultimately have to satisfy is, when you have the roads that are impacted by construction and you're changing the path of the lane of travel, you have to mark that. We're obligated to mark that. And even in a storm event, not the people who are going to be out driving, but, you know, it's that moment right before the storm hits and right after when people are	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera, that these barrels aren't at risk. MR. CASSADY: Right. Right. MR. ROSS: And so if you could give that some thought in your deliberations in reviewing your protocol, have a whether it's barrels or anything else, that they're safe and they're not at risk of moving off the ground. I would also just personally observe, I didn't see all of the barrels weighted down,
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	with that. The barrels were weighted down additionally, but then the question becomes really, what is the right amount of securing, what's the right amount of weighting for a heavy storm? So we're going to be looking at that, not just for this job, obviously, but across the county because it applies to every job that we do. The question that we ultimately have to satisfy is, when you have the roads that are impacted by construction and you're changing the path of the lane of travel, you have to mark that. We're obligated to mark that. And even in a storm event, not the people who are going to be out driving, but, you know, it's that moment right before the storm hits and right after when people are out, we have to figure out a way to clearly	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera, that these barrels aren't at risk. MR. CASSADY: Right. Right. MR. ROSS: And so if you could give that some thought in your deliberations in reviewing your protocol, have a whether it's barrels or anything else, that they're safe and they're not at risk of moving off the ground. I would also just personally observe, I didn't see all of the barrels weighted down, and so as you kind of go through your
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	<text><text><text><text></text></text></text></text>	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera, that these barrels aren't at risk. MR. CASSADY: Right. Right. MR. ROSS: And so if you could give that some thought in your deliberations in reviewing your protocol, have a whether it's barrels or anything else, that they're safe and they're not at risk of moving off the ground. I would also just personally observe, I didn't see all of the barrels weighted down, and so as you kind of go through your process to
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	<text><text><text><text></text></text></text></text>	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera, that these barrels aren't at risk. MR. CASSADY: Right. Right. MR. ROSS: And so if you could give that some thought in your deliberations in reviewing your protocol, have a whether it's barrels or anything else, that they're safe and they're not at risk of moving off the ground. I would also just personally observe, I didn't see all of the barrels weighted down, and so as you kind of go through your processes, whatever is the checking process to go back and review a contractor's preparation
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	<text><text><text><text><text></text></text></text></text></text>	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	So, by way of example, if it was the contractor's position that the barrels would survive 95-miles-per-hour winds I'm just making that number up it would have been great and I know they're a third-party vendor's barrels but somehow marked with, say, a bright yellow bumper sticker or something, somehow communicating to the drivers, to the nearby residents, et cetera, that these barrels aren't at risk. MR. CASSADY: Right. Right. MR. ROSS: And so if you could give that some thought in your deliberations in reviewing your protocol, have a whether it's barrels or anything else, that they're safe and they're not at risk of moving off the ground. I would also just personally observe, I didn't see all of the barrels weighted down, and so as you kind of go through your processes, whatever is the checking process to go back and review a contractor's preparation protocol, make sure there's someone either

	Page 13		Page 15
1	crossed and the I's have dotted, that would be	1	MR. ROSS: You'll fix it. And you'll
2	fantastic.	2	okay. And I'll just accept your
. 3	MR. CASSADY: Good point.	3	representation. Again, I thank you for coming
4	MR. ROSS: And then I guess I would add	4	out here.
5	to this issue, there was frustration that it	5	
6	appeared that the contractor was not in	6	MR. CASSADY: And that's really a valid point. So oftentimes we will our
7	lockstep with the county's attitude about	7	expectation is the contractor to do the right
8	customer service.	8	thing, and sometimes their opinion of the
9	To me, there was a gap there, and I don't	9	right thing and ours is different.
10		10	So if we feel as though those repairs
11	want to pass judgment, but I can only share with you that it seemed the community was not	11	need to be made, restoration needs to be made,
12	receiving the feedback it wanted, the	12	we will pursue it, and I will battle the
13	assurances it wanted; and that was a crying	13	contractor later.
14	shame. It caused a lot of unnecessary	14	
15	-	15	That should not hold up anything that
16	anxiety.	16	happens in the community. So, I mean, I'll take the burden of fighting with the
17	MR. CASSADY: Right.	17	contractor later. I don't want our
18	MR. ROSS: And I stand by that the same	18	disagreement I know that I'm not saying
19	spirit that you're conveying to me, we're just	19	
20	the customers, we just want to feel good about	20	it is a disagreement, but if there were, that
20	the work that's being done, nothing more or	20	shouldn't delay your restoration or your
21	less than that; and to the extent they could have been a little more sensitive and I	22	project being finishing up. So we'll take care of it.
23		23	
23	don't know how you could wrap that into your	24	MR. ROSS: And just before I forget this one last point, we do have not only a
25	protocol. Maybe they could your office could come up with some sort of form letter,	25	contractor out here, but we also have an
23	could come up with some sort of form letter,	25	contractor out here, but we also have an
	Page 14		Page 16

4the first week of February.4anything came close to this was 2005So that's done, restored, buttoned up,5anybody was around for Hurricane C	
5 So that's done, restored, buttoned up, 5 anybody was around for Hurricane C	
6 cleaned up, and we're off the site. 6 This was really the last this is	-
7 MR. LEWIS: Thank you. 7 most recent one from that event, an	d prior to
8 MR. CASSADY: Sure. So does everybody 8 that, it was 1985 when Elena came t	hrough.
9 have a little bit of history with the whole 9 So we got moments in time whe	ere we had
10 original line that we're replacing? Do you 10 to respond to really significant storm	s coming
11 guys know the history? 11 our way. We missed on some comm	nunication
12 AUDIENCE MEMBER: No. No. 12 opportunities. Clearly, we missed or	n some
13MR. CHESNEY: All right. So any13communication opportunities.	
14additional supervisor questions for14We were busy battening down t	he hatches,
15 Mr. Cassady? 15 and the efforts to make sure we're d	oing what
16 MS. GRIFFITH: No. I guess it's the 16 we need to do for our facilities, for c	ur
17 same thing, I appreciate you being here today. 17 construction sites, for our own buildi	ngs and
18 And the end of the day, this really is between 18 for our own staff I've got 700 peo	ple
19 the county and the residents of Westchase and 19 and in my department we're all resp	onsible to
20 the people who drive through this community 20 be available before, during and after	a storm,
21along Linebaugh.21and just the coordination of making	sure we're
22 So the CDD has somewhat become an 22 talking and know where people are s	supposed to
advocate for our residents even though those 23 be and where we're going to go, you	ı know,
barrels don't necessarily affect the CDD, but 24 basically be safe during the storm.	
25 they affect our residents, so we're sort of 25 I had families that had to move	out of
Page 18	Page 20
1advocating on their behalf.1their home and go secure themselves	
2 I will say that Chris Barrett, with the 2 in a school or somewhere, but with the	-
3 World of Westchase, which is essentially the 3 said, we missed on some good comm	
4 communications arm for Westchase, does a 4 opportunities. Part of our review in t	
5 fantastic job of communicating with our 5 process is finding a more direct path	
6 residents, and he you know, Chris also 6 the communities, finding a more dire	
7 really took a lot of his own personal time to 7 so that you can ask the questions, an	d we will
8 make phone calls into the county and, you 8 get you those answers quickly.	
9 know, sort of understand how we can get 9 I can tell you right now a

				Tou know, you hear about sewer overhows

	Page 29		Page 31
1	in the bay area because of storms. We did not	1	MR. CASSADY: I have no idea.
2	have rain problems in our sewer system. We	2	MR. CHESNEY: I'm going to recognize
. 3	did not have any kind of capture problems or	3	Mr. Barrett and Mr. Collazo. I think this is
4	treatment problems or anything associated with	4	him in the back.
5	rain.	5	MR. BARRETT: Ms. Pincus, that's not a
6	What we had problems with were power	6	new issue for that community. It has been
7	outages in communities. And so we never lost	7	better in recent years. But when the
8	our ability to provide drinking water for our	8	developer first constructed Glenfield, Keswick
9	customers or receive wastewater to treat. And	9	Forest, they hooked up the power structure for
10	so even if you were home and you lost power,	10	the homes farthest in to not an apartment
11	you still had water and you still had your	11	complex, a whole other neighborhood, a
12	sewer available to you.	12	subdivision called Twin Branch Acres, which is
13	And what that meant was, in the pump	13	off Race Track Road.
14	stations that carried the wastewater, it	14	All of the power lines from the back of
15	didn't have power. So as you were using your	15	those Westchase neighborhoods are all above
16	house facilities, it was overflowing at our	16	ground, and they go through conservation. So
17	pump stations. It was a problem that we're	17	all of those came down when trees in the
18	going to have to figure out. We had a pretty	18	conservation area fell over.
19	significant issue in certain parts of the	19	That's why that back part lost power.
20	county just because our customers never lost	20	It's been a continuous problem that a voting
21	service.	21	member probably about ten years ago now
22	MS. PINCUS: That being said, there's	22	explored with TECO. TECO expressed a
23	about, I think, 150, maybe 300 homes in that	23	willingness to come in and change that power
24	subdivision, only two streets. Why was there	24	structure, but the price for doing it was
25	power on Glenfield Drive	25	astronomical. It was, if my memory serves,

2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	MR. CASSADY: I have no idea. MS. PINCUS: and not on Springrose Drive, and told me that the electrical outlets were connected to an apartment complex called Twin Bridges or Twin Arbors or something like that. MR. COLLAZO: Twin Branch Acres. MS. PINCUS: And that's why we had no power. I think that's outrageous. But who should I speak to? MR. CASSADY: TECO, your electric utility. MS. PINCUS: And then after that, what happens for that to change everything? MR. CASSADY: It starts with them. MS. PINCUS: Yeah. MR. CASSADY: And depending what they tell you and how much satisfaction you get	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	around \$6,000 per home, and the residents balked at doing it. My understanding is that Keswick Forest's voting member, Brian Loudermilk, is again working with TECO to see if he can come up with a solution. So you contact him via email, he may have more information. MS. PINCUS: I'll need his number. MR. BARRETT: It's in the back of the WOW, in the reference section, if you look at the voting members, he's there. MS. PINCUS: Okay. Thank you. MR. BARRETT: If I can just add one last thing, I meant to give you an atta boy. Thank Mr. Duncan. There is one point where they were going to reduce the lanes down to one lane for something, and he came out and found a solution and kept both lanes open.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	MR. CASSADY: I have no idea. MS. 	Page 33		Page 35
1	MR. BARRETT: A lot of people do	1	MR. CHESNEY: Is that the
2	appreciate that.	2	MS. WHYTE: Yeah, that's it. It's a
. 3	MR. CHESNEY: That's that gentleman that	3	constant complaint, because we have to go down
4	came out before. Yeah, he actually did a	4	to Montague to do a U-turn to come back, and
5	great job also communicating with us about	5	that is there's quite a bit of traffic, and
6	through the whole process. Ruben.	6	people are extremely fatigued of doing that
7	MR. CASSADY: Yeah. Hi, Ruben Collazo,	7	after
8	President of the Westchase Community	8	MR. CASSADY: I gotcha.
9	Association.	9	MS. WHYTE: Is there any way that that
10	Ma'am, I just wanted you to let you know	10	traffic light, because they're really not
11	that Rick Goldstein, a member of our board, is	11	constructing there right now
12	actually setting up meetings with engineers	12	MR. CASSADY: I was going to say, is
13	and public relations and marketing departments	13	that being impacted by construction at all?
14	to discuss and have a conversation about the	14	MS. WHYTE: No, not at this time. And
15	power outages that occurred during Hurricane	15	what they're doing, what's causing the
16	Irma.	16	additional issues and, again, I'll wear my
17	We're completely aware that Keswick	17	other hat is a lot of people who live in
18	Forest, Woodbay, Bennington and Glenfield	18	the Fords go into the Greens to do a U-turn
19	suffered probably, you know, power problems,	19	around there because they don't want to go
20	and there has been those conversations with	20	down to Montague and have to wait for a left-
21	them.	21	hand turn, especially when there is a school
22	In fact, actually there was a meeting	22	bus or the schools are let out
23	scheduled last week which canceled when one	23	MR. CASSADY: Right.
24	of the engineers bailed out of the meeting,	24	MS. WHYTE: you know, in the evening
25	but we are getting those meetings rescheduled,	25	hours and stuff, because you can get really

And I would say if anything else comes up along the way, please feel free to reach out, and you've got my card and you've got my contact information. I'm happy to come out and visit, and I'm happy to answer any questions. MR. CHESNEY: Okay. Awesome. Yes. MR. COLLAZO: Yeah, just one quick question. Can you confirm that the barrels are actually water-filled? Are they water-filled barrels?

	Page 37		Page 39
1	that are open of them.	1	with their information versus how we have it
2	MR. COLLAZO: Gotcha.	2	calculated correctly
. 3	MR. CASSADY: Each ring is 45 pounds or	3	MS. STEWART: That is correct.
4	something like that, so it's not as heavy as	4	MR. CHESNEY: which would require us
5	it would be as if it was filled, but they	5	to all approve those I don't want to say
6	typically don't do that.	6	repaying schedules. That's another word I
7	MR. COLLAZO: Okay.	7	used to use but, yes
8	MR. CASSADY: So, again, that whole	8	MS. STEWART: That is correct. Our
9	barrel review thing is a good opportunity for	9	pavement maintenance program will change.
10	us to revisit our practices and see what's	10	MR. CHESNEY: Right. Okay, because
11	going to be best practice.	11	there were a few other changes to that that
12	MR. CHESNEY: Okay. All right. Thank	12	Alan and I had picked up on, because the
13	you very much.	13	pricing was out of order, so
14	MR. ROSS: Thank you.	14	MS. STEWART: Then I should reach out to
15	MS. GRIFFITH: Thank you.	15	Alan and get updated information and come here
16	MS. McCORMICK: Thank you.	16	and
17	MR. CHESNEY: All right. Tonja,	17	MR. CHESNEY: I wouldn't worry about
18	anything exciting?	18	that yet.
19	MS. STEWART: Yes. I have a couple of	19	, MS. STEWART: All right. Okay.
20	things. Number one, the Westlake Townhomes,	20	MR. CHESNEY: But that will also be part
21	the borrow pit, the conveyance, all that	21	of that when we do that, I'm sure.
22	stuff. Well, we've made zero progress.	22	MS. STEWART: Okay. And that's really
23	I think the engineer is very busy, the	23	all I have.
24	developer is very busy, and it's just dragging	24	MR. CHESNEY: Okay. Any questions?
25	its feet, so I tried to call today, and I've	25	Matt.

We're happy to say that it's very impressive. If anybody has an opportunity to go by there, I suggest that you do. The videos and pictures don't do it justice. You have to see it. So what I think will happen	2 3 4 5 6 7 8 9 10 11 12 13 14 15	MR. LEWIS: There was, from the last meeting, I thought there was a we were going to ask that you provide a quote and maybe I'm wrong on this meeting but for putting together a big map of all of our facilities and ponds. MS. STEWART: Oh, you know what. Yes. Yes, we did. As a matter of fact, I talked to our GIS people. Forgive me. We had a meeting on this. We debated among ourselves the use of it and the kind of information you wanted, and they had a different perspective. We have basically an overall ownership map, and we can create just a regular old maintenance map
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	got nothing. So I'm at the mercy of their schedules. So as soon as I do receive stuff, I'll bring it to the board. Okay? The second thing is the paving project. We had a test project that was done in Wesley Chapel at Meadow Pointe IV, their clubhouse parking lot. Doug and Sonny attended and reviewed the process and the product. We're happy to say that it's very impressive. If anybody has an opportunity to go by there, I suggest that you do. The videos and pictures don't do it justice. You have to see it. So what I think will happen over the next few months is we will develop a plan and have the contractor come speak with you.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	MR. LEWIS: There was, from the last meeting, I thought there was a we were going to ask that you provide a quote and maybe I'm wrong on this meeting but for putting together a big map of all of our facilities and ponds. MS. STEWART: Oh, you know what. Yes. Yes, we did. As a matter of fact, I talked to our GIS people. Forgive me. We had a meeting on this. We debated among ourselves the use of it and the kind of information you wanted, and they had a different perspective. We have basically an overall ownership map, and we can create just a regular old maintenance map showing ponds that we maintain or wetland
2 3 4 5 6 7 8 9 10 11 12 13 14 15	got nothing. So I'm at the mercy of their schedules. So as soon as I do receive stuff, I'll bring it to the board. Okay? The second thing is the paving project. We had a test project that was done in Wesley Chapel at Meadow Pointe IV, their clubhouse parking lot. Doug and Sonny attended and reviewed the process and the product. We're happy to say that it's very impressive. If anybody has an opportunity to go by there, I suggest that you do. The videos and pictures don't do it justice. You have to see it. So what I think will happen over the next few months is we will develop a plan and have the contractor come speak with you.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	MR. LEWIS: There was, from the last meeting, I thought there was a we were going to ask that you provide a quote and maybe I'm wrong on this meeting but for putting together a big map of all of our facilities and ponds. MS. STEWART: Oh, you know what. Yes. Yes, we did. As a matter of fact, I talked to our GIS people. Forgive me. We had a meeting on this. We debated among ourselves the use of it and the kind of information you wanted, and they had a different perspective. We have basically an overall ownership map, and we can create just a regular old maintenance map showing ponds that we maintain or wetland mitigation areas, so things like that.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	got nothing. So I'm at the mercy of their schedules. So as soon as I do receive stuff, I'll bring it to the board. Okay? The second thing is the paving project. We had a test project that was done in Wesley Chapel at Meadow Pointe IV, their clubhouse parking lot. Doug and Sonny attended and reviewed the process and the product. We're happy to say that it's very impressive. If anybody has an opportunity to go by there, I suggest that you do. The videos and pictures don't do it justice. You have to see it. So what I think will happen over the next few months is we will develop a plan and have the contractor come speak with you. We'll get the plan to you in advance so that way when the contractor comes, you can	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	MR. LEWIS: There was, from the last meeting, I thought there was a we were going to ask that you provide a quote and maybe I'm wrong on this meeting but for putting together a big map of all of our facilities and ponds. MS. STEWART: Oh, you know what. Yes. Yes, we did. As a matter of fact, I talked to our GIS people. Forgive me. We had a meeting on this. We debated among ourselves the use of it and the kind of information you wanted, and they had a different perspective. We have basically an overall ownership map, and we can create just a regular old maintenance map showing ponds that we maintain or wetland mitigation areas, so things like that. What I thought would be advantageous,
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	got nothing. So I'm at the mercy of their schedules. So as soon as I do receive stuff, I'll bring it to the board. Okay? The second thing is the paving project. We had a test project that was done in Wesley Chapel at Meadow Pointe IV, their clubhouse parking lot. Doug and Sonny attended and reviewed the process and the product. We're happy to say that it's very impressive. If anybody has an opportunity to go by there, I suggest that you do. The videos and pictures don't do it justice. You have to see it. So what I think will happen over the next few months is we will develop a plan and have the contractor come speak with you. We'll get the plan to you in advance so that way when the contractor comes, you can ask all your questions. But, Doug, Sonny, I	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	MR. LEWIS: There was, from the last meeting, I thought there was a we were going to ask that you provide a quote and maybe I'm wrong on this meeting but for putting together a big map of all of our facilities and ponds. MS. STEWART: Oh, you know what. Yes. Yes, we did. As a matter of fact, I talked to our GIS people. Forgive me. We had a meeting on this. We debated among ourselves the use of it and the kind of information you wanted, and they had a different perspective. We have basically an overall ownership map, and we can create just a regular old maintenance map showing ponds that we maintain or wetland mitigation areas, so things like that. What I thought would be advantageous, but it's more expensive to do it, is a document
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	got nothing. So I'm at the mercy of their schedules. So as soon as I do receive stuff, I'll bring it to the board. Okay? The second thing is the paving project. We had a test project that was done in Wesley Chapel at Meadow Pointe IV, their clubhouse parking lot. Doug and Sonny attended and reviewed the process and the product. We're happy to say that it's very impressive. If anybody has an opportunity to go by there, I suggest that you do. The videos and pictures don't do it justice. You have to see it. So what I think will happen over the next few months is we will develop a plan and have the contractor come speak with you. We'll get the plan to you in advance so that way when the contractor comes, you can ask all your questions. But, Doug, Sonny, I don't know if you have any	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	MR. LEWIS: There was, from the last meeting, I thought there was a we were going to ask that you provide a quote and maybe I'm wrong on this meeting but for putting together a big map of all of our facilities and ponds. MS. STEWART: Oh, you know what. Yes. Yes, we did. As a matter of fact, I talked to our GIS people. Forgive me. We had a meeting on this. We debated among ourselves the use of it and the kind of information you wanted, and they had a different perspective. We have basically an overall ownership map, and we can create just a regular old maintenance map showing ponds that we maintain or wetland mitigation areas, so things like that. What I thought would be advantageous, but it's more expensive to do it, is a document that you can click on this pond and say, "In
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	got nothing. So I'm at the mercy of their schedules. So as soon as I do receive stuff, I'll bring it to the board. Okay? Doug and Sonny attended and reviewed the process and the product. We're happy to say that it's very impressive. If anybody has an opportunity to go by there, I suggest that you do. The videos and pictures don't do it justice. You have to see it. So what I think will happen over the next few months is we will develop a plan and have the contractor come speak with you. We'll get the plan to you in advance so that way when the contractor comes, you can ask all your questions. But, Doug, Sonny, I don't know if you have any MS. WHYTE: No.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	MR. LEWIS: There was, from the last meeting, I thought there was a we were going to ask that you provide a quote and maybe I'm wrong on this meeting but for putting together a big map of all of our facilities and ponds. MS. STEWART: Oh, you know what. Yes. Yes, we did. As a matter of fact, I talked to our GIS people. Forgive me. We had a meeting on this. We debated among ourselves the use of it and the kind of information you wanted, and they had a different perspective. We have basically an overall ownership map, and we can create just a regular old maintenance map showing ponds that we maintain or wetland mitigation areas, so things like that. What I thought would be advantageous, but it's more expensive to do it, is a document that you can click on this pond and say, "In 2010, 2017 we did erosion repairs, and here's
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	got nothing. So I'm at the mercy of their schedules. So as soon as I do receive stuff, I'll bring it to the board. Okay? The second thing is the paving project. We had a test project that was done in Wesley Chapel at Meadow Pointe IV, their clubhouse parking lot. Doug and Sonny attended and reviewed the process and the product. We're happy to say that it's very impressive. If anybody has an opportunity to go by there, I suggest that you do. The videos and pictures don't do it justice. You have to see it. So what I think will happen over the next few months is we will develop a plan and have the contractor come speak with you. We'll get the plan to you in advance so that way when the contractor comes, you can ask all your questions. But, Doug, Sonny, I don't know if you have any MS. WHYTE: No. MR. MAYS: It was very impressive.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	MR. LEWIS: There was, from the last meeting, I thought there was a we were going to ask that you provide a quote and maybe I'm wrong on this meeting but for putting together a big map of all of our facilities and ponds. MS. STEWART: Oh, you know what. Yes. Yes, we did. As a matter of fact, I talked to our GIS people. Forgive me. We had a meeting on this. We debated among ourselves the use of it and the kind of information you wanted, and they had a different perspective. We have basically an overall ownership map, and we can create just a regular old maintenance map showing ponds that we maintain or wetland mitigation areas, so things like that. What I thought would be advantageous, but it's more expensive to do it, is a document that you can click on this pond and say, "In 2010, 2017 we did erosion repairs, and here's pictures of those repairs at these addresses."
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	got nothing. So I'm at the mercy of their schedules. So as soon as I do receive stuff, I'll bring it to the board. Okay? 		1	
1	specificity on this.	1	probably pull something together because we've
2	MR. ROSS: Yes. So I'm glad to hear	2	got a map already. We just need to kind of
3	you're working on it. And I am anxious to	3	sit down and update it. So I think for a few
4	move forward and have an understanding as to	4	hundred bucks, we get the map.
5	what's the cost. I personally look at it as	5	We're probably looking in the \$10,000
6	it being a multi-purpose issue.	6	range for creating the map itself. There will
7	We need to have in my opinion, we	7	I mean, the references are to be able to
8	need to have these maps available. For	8	click on it and pull up pictures and stuff. I
9	example, like this, when we have a large	9	told them I could provide them the summary
10	meeting when we're talking about something	10	information. That's not data that they need
11 12	that the residents can see, maybe we can put		to collect.
12	it up on the wall or something, and there is a	12	I can pull together with Doug and Sonny
14	clear understanding.	13 14	information on the parks, information on the
15	I think also we need to be very mindful	15	ponds, information on aquatic plants, things
16	to document our practices and such when you're	16	like that, storm sewer maintenance, whatever
17	talking about click on this pond and this is	17	it may be. So that \$10,000 is an
18	when the work was last done, understanding that we have wonderful staff and wonderful	18	GIS-anticipated fee, and now that we've gone a
19		19	little further, I can get it broken into a
20	third-party professionals serving us, but at some point we're going to lose some of you	20	proposal format.
20		21	It may be a few thousand dollars for me to do data collection. So in the teens.
22	guys. Somebody is going to say, "I don't want	22	MR. CHESNEY: Well, why don't you come
23	to serve the district anymore," or "I'm	23	back with an actual proposal?
23	retiring" or whatever, and to the extent we	24	MS. GRIFFITH: Actually, though, Greg,
25	establish that institutional history and	25	before we ask for a proposal, I think we need
20			before we ask for a proposal, I think we need
	Page 42		Page 44
1	document, I think is very, very important.	1	
			to be a little more clear on our requirements.
2	And then, third, is, just the use of.		to be a little more clear on our requirements. I don't think that we're entirely clear
2	And then, third, is, just the use of, during our meetings, when we start talking	2	I don't think that we're entirely clear
	during our meetings, when we start talking		I don't think that we're entirely clear on what we're asking for.
3	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond	2 3	I don't think that we're entirely clear on what we're asking for. MS. STEWART: Am I misunderstanding,
3 4	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond 46, and it's with regard to the adjacent	2 3 4	I don't think that we're entirely clear on what we're asking for. MS. STEWART: Am I misunderstanding, because I want to make sure I am understanding
3 4 5	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond 46, and it's with regard to the adjacent property owner," to the extent we could have	2 3 4 5	I don't think that we're entirely clear on what we're asking for. MS. STEWART: Am I misunderstanding, because I want to make sure I am understanding what you want?
3 4 5 6	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond 46, and it's with regard to the adjacent property owner," to the extent we could have maps here that we can understood and view it	2 3 4 5 6	I don't think that we're entirely clear on what we're asking for. MS. STEWART: Am I misunderstanding, because I want to make sure I am understanding
3 4 5 6 7	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond 46, and it's with regard to the adjacent property owner," to the extent we could have maps here that we can understood and view it and make sure we're all on the same page.	2 3 4 5 6 7	I don't think that we're entirely clear on what we're asking for. MS. STEWART: Am I misunderstanding, because I want to make sure I am understanding what you want? MS. GRIFFITH: Yeah, because when I think of and this is the vision that I have
3 4 5 6 7 8	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond 46, and it's with regard to the adjacent property owner," to the extent we could have maps here that we can understood and view it	2 3 4 5 6 7 8	I don't think that we're entirely clear on what we're asking for. MS. STEWART: Am I misunderstanding, because I want to make sure I am understanding what you want? MS. GRIFFITH: Yeah, because when I
3 4 5 6 7 8 9	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond 46, and it's with regard to the adjacent property owner," to the extent we could have maps here that we can understood and view it and make sure we're all on the same page. So, as I hear it, that greater detailed	2 3 4 5 6 7 8 9	I don't think that we're entirely clear on what we're asking for. MS. STEWART: Am I misunderstanding, because I want to make sure I am understanding what you want? MS. GRIFFITH: Yeah, because when I think of and this is the vision that I have I mean, it's more of an IT project than an
3 4 5 6 7 8 9 10	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond 46, and it's with regard to the adjacent property owner," to the extent we could have maps here that we can understood and view it and make sure we're all on the same page. So, as I hear it, that greater detailed map will be more consistent with all of those	2 3 4 5 6 7 8 9 10	I don't think that we're entirely clear on what we're asking for. MS. STEWART: Am I misunderstanding, because I want to make sure I am understanding what you want? MS. GRIFFITH: Yeah, because when I think of and this is the vision that I have I mean, it's more of an IT project than an architect or an engineer project. To me, this
3 4 5 6 7 8 9 10 11	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond 46, and it's with regard to the adjacent property owner," to the extent we could have maps here that we can understood and view it and make sure we're all on the same page. So, as I hear it, that greater detailed map will be more consistent with all of those objectives.	2 3 4 5 6 7 8 9 10 11	I don't think that we're entirely clear on what we're asking for. MS. STEWART: Am I misunderstanding, because I want to make sure I am understanding what you want? MS. GRIFFITH: Yeah, because when I think of and this is the vision that I have I mean, it's more of an IT project than an architect or an engineer project. To me, this is a software of some sort. It's an app of
3 4 5 6 7 8 9 10 11 12	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond 46, and it's with regard to the adjacent property owner," to the extent we could have maps here that we can understood and view it and make sure we're all on the same page. So, as I hear it, that greater detailed map will be more consistent with all of those objectives. MS. STEWART: What I understand from our	2 3 4 5 6 7 8 9 10 11 12	I don't think that we're entirely clear on what we're asking for. MS. STEWART: Am I misunderstanding, because I want to make sure I am understanding what you want? MS. GRIFFITH: Yeah, because when I think of and this is the vision that I have I mean, it's more of an IT project than an architect or an engineer project. To me, this is a software of some sort. It's an app of some sort. Right?
3 4 5 6 7 8 9 10 11 12 13	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond 46, and it's with regard to the adjacent property owner," to the extent we could have maps here that we can understood and view it and make sure we're all on the same page. So, as I hear it, that greater detailed map will be more consistent with all of those objectives. MS. STEWART: What I understand from our GIS people is that they can use like the GIS	2 3 4 5 6 7 8 9 10 11 12 13	I don't think that we're entirely clear on what we're asking for. MS. STEWART: Am I misunderstanding, because I want to make sure I am understanding what you want? MS. GRIFFITH: Yeah, because when I think of and this is the vision that I have I mean, it's more of an IT project than an architect or an engineer project. To me, this is a software of some sort. It's an app of some sort. Right? MS. STEWART: That's why their fee will
3 4 5 6 7 8 9 10 11 12 13 14	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond 46, and it's with regard to the adjacent property owner," to the extent we could have maps here that we can understood and view it and make sure we're all on the same page. So, as I hear it, that greater detailed map will be more consistent with all of those objectives. MS. STEWART: What I understand from our GIS people is that they can use like the GIS stuff from the county's property appraiser's	2 3 4 5 6 7 8 9 10 11 12 13 14	I don't think that we're entirely clear on what we're asking for. MS. STEWART: Am I misunderstanding, because I want to make sure I am understanding what you want? MS. GRIFFITH: Yeah, because when I think of and this is the vision that I have I mean, it's more of an IT project than an architect or an engineer project. To me, this is a software of some sort. It's an app of some sort. Right? MS. STEWART: That's why their fee will be the \$10,000 to create the digital file.
3 4 5 6 7 8 9 10 11 12 13 14 15	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond 46, and it's with regard to the adjacent property owner," to the extent we could have maps here that we can understood and view it and make sure we're all on the same page. So, as I hear it, that greater detailed map will be more consistent with all of those objectives. MS. STEWART: What I understand from our GIS people is that they can use like the GIS stuff from the county's property appraiser's website to create certain documents, but in	2 3 4 5 6 7 8 9 10 11 12 13 14 15	I don't think that we're entirely clear on what we're asking for. MS. STEWART: Am I misunderstanding, because I want to make sure I am understanding what you want? MS. GRIFFITH: Yeah, because when I think of and this is the vision that I have I mean, it's more of an IT project than an architect or an engineer project. To me, this is a software of some sort. It's an app of some sort. Right? MS. STEWART: That's why their fee will be the \$10,000 to create the digital file. My fee is data collection
3 4 5 6 7 8 9 10 11 12 13 14 15 16	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond 46, and it's with regard to the adjacent property owner," to the extent we could have maps here that we can understood and view it and make sure we're all on the same page. So, as I hear it, that greater detailed map will be more consistent with all of those objectives. MS. STEWART: What I understand from our GIS people is that they can use like the GIS stuff from the county's property appraiser's website to create certain documents, but in terms of, I would like for you to be able to	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	I don't think that we're entirely clear on what we're asking for. MS. STEWART: Am I misunderstanding, because I want to make sure I am understanding what you want? MS. GRIFFITH: Yeah, because when I think of and this is the vision that I have I mean, it's more of an IT project than an architect or an engineer project. To me, this is a software of some sort. It's an app of some sort. Right? MS. STEWART: That's why their fee will be the \$10,000 to create the digital file. My fee is data collection MS. GRIFFITH: To go in and
3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	during our meetings, when we start talking about, "Oh, we're having an issue over on Pond 46, and it's with regard to the adjacent property owner," to the extent we could have maps here that we can understood and view it and make sure we're all on the same page. So, as I hear it, that greater detailed map will be more consistent with all of those objectives. MS. STEWART: What I understand from our GIS people is that they can use like the GIS stuff from the county's property appraiser's website to create certain documents, but in terms of, I would like for you to be able to it's going to be more of a digital file	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	I don't think that we're entirely clear on what we're asking for. STEWART: well, actually giving them a list, preparing a spreadsheet with all the information and the photographs. MS. GRIFFITH: They then plug in MS. STEWART: They would then take all that information and put it into MS. GRIFFITH: Right. To me, if it's an

	Page 45		Page 47
1	MS. STEWART: Oh, no. We have those	1	it's useful that when we made corrections to
2	services.	2	properties, you're suggesting we track those
3	MS. GRIFFITH: Well, no. Is it not	3	changes, like when we do repairs, like slope
4	something that we want to bid?	4	repairs?
5	MS. STEWART: Well, that's up to	5	MR. ROSS: Whatever would be important
6	yeah, that's up to you all.	6	or material to assisting the board and the
7	MS. GRIFFITH: So and, again, I guess	7	district both in the present and in the
8	I'm not sure I'm terribly clear on the scope.	8	future.
9	You know, I know we all have Google Maps and	9	MS. GRIFFITH: Yeah, I kind of like that
10	we can all get online and pinpoint, you know,	10	idea. I mean, if the property that we own is
11	to some extent an address; but, you know, if	11	sort of segmented by, you know, ponds are red,
12	we're going to call things "Pond 39" or	12	whatever, that as we do repairs or
13	whatever, we need our own terminology and our	13	enhancements, that we're tracking that.
14	own way of tracking. It just seems to me like	14	I think if nothing else, I mean, even
15	it's a	15	just for purposes of collecting data to say,
16	MR. CHESNEY: Well, I can go from my	16	"Hey, what's the work that we did this year?
17	experience, doing this for a long time, I	17	Here is all the work we did this year. Here
18	never know what parcel we're talking about.	18	are all the projects that we worked on."
19	So I usually contact Tonja or Sonny most of	19	And then, you know, to your point, with
20	the time, and Sonny then provides me a I	20	regard to the knowledge that, you know, it's
21	mean, we just did it the other day on some	21	at risk of being lost, if we ever lose key
22	parcel. And then she provides me a file of	22	members of team, so
23	the map property areas and stuff like that.	23	MS. STEWART: And we can actually start
24	And it's my understanding that you're	24	out and do this in phases, if you want. I can
25	just trying to compile that all up front.	25	collect all the data, put it in a notebook,
	Page 46		Page 48
1		1	
T	MR. ROSS: That is correct. I would	1	because that data can always be converted to
2	MR. ROSS: That is correct. I would like it to be compiled. So, to some degree,	1 2	because that data can always be converted to GIS, IT information. You know what I mean.
			-
2	like it to be compiled. So, to some degree,	2	GIS, IT information. You know what I mean.
2 3	like it to be compiled. So, to some degree, using the term "data collection" or "IT,"	2 3	GIS, IT information. You know what I mean. MS. GRIFFITH: Where would you get that
2 3 4	like it to be compiled. So, to some degree, using the term "data collection" or "IT," let's bring it together, put it in one spot so that it's easy to use for us, whether it's for understanding a proposal, to solve a problem,	2 3 4	GIS, IT information. We owe it to this community, to the future residents, the future members of the district, that has to happen. One could argue that the map function is just a way of making it easier to pull up and to utilize and reference. Okay. I accept that's up for debate. But how can we ever
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	like it to be compiled. So, to some degree, using the term "data collection" or "IT," let's bring it together, put it in one spot so that it's easy to use for us, whether it's for understanding a proposal, to solve a problem, but most import not most important, but equally as important for long-term use, long- term documentation so it's crystal clear, in one location, if some day Tonja retires, some day Doug retires, Sonny retires, we can see why did five years ago we work on this land bank that's adjacent to this particular pond. We got it all in writing. It's all in one location. We can see this is what we talked about, this is the purpose, this is what was achieved, et cetera. MR. CHESNEY: I mean, that does make some sense. Also I would suggest that you know, we've acquired some properties over the years. Like, you know, I don't think a lot of people realize we own the land behind the library.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	 GIS, IT information. You know what I mean. MS. GRIFFITH: Where would you get that data, Tonja, just curious? Like, today, if you were going to MS. STEWART: I have everything is in my office. It's in my office. MS. GRIFFITH: Okay. Okay. MS. STEWART: In her office. MS. GRIFFITH: And that's probably the critical to me, so MR. CHESNEY: Hold on. Brian. MR. ROSS: There's no question in my mind I say this to the fellow board members that this needs to be documented. It has to be done. We owe it to this community, to the future residents, the future members of the district, that has to happen. One could argue that the map function is just a way of making it easier to pull up and to utilize and reference. Okay. I accept that's up for debate. But how can we ever debate as a board that we don't want our
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	like it to be compiled. So, to some degree, using the term "data collection" or "IT," let's bring it together, put it in one spot so that it's easy to use for us, whether it's for understanding a proposal, to solve a problem, but most import not most important, but equally as important for long-term use, long- term documentation so it's crystal clear, in one location, if some day Tonja retires, some day Doug retires, Sonny retires, we can see why did five years ago we work on this land bank that's adjacent to this particular pond. But how can we ever debate as a board that we don't want our

	Page 49		Page 51
1	that. That has to be done, in my view.	1	guy, I get it.
2	MR. CHESNEY: Okay. Matt.	2	MR. LEWIS: Don't sell yourself short.
. 3	MR. LEWIS: Well, maybe to answer	3	MS. GRIFFITH: I can say I mean, I
4	your statement would it be beneficial for	4	agree with, you know, the staff, obviously
5	us as a board to send to Sonny I don't know	5	very professional, but they do take their
б	if "wish list" is the right word, but maybe	6	direction from the board.
7	some thoughts about what we want to document	7	And so with that, I would say to Tonja,
8	on this and collect and to give it and to	8	absolutely the data collection. That's not
9	you, too, Tonja.	9	something we can take send out to bid.
10	MS. WHYTE: That's a good start.	10	Right? I mean, that has to happen here, and
11	MS. STEWART: (Moves head up and down.)	11	it should start sooner than later, collecting
12	MR. LEWIS: I mean, would that be a way	12	the data that we have.
13	then you could sort of in your mind write	13	Then how we ultimately package it for
14	this down into a quote of, "Okay, if we go and	14	presentation through maps and that sort of
15	document this, this is how much it will be if	15	thing, you know, I think that's that would
16	we want to do this, this will be" that way,	16	absolutely be fantastic, but that piece could
17	we can do it in layers and us a board can	17	probably be something we could give more
18	understand that this is a better product.	18	thought to, the requirements of how we want it
19	MR. ROSS: I would actually respectfully	19	delivered.
20	disagree, not that I don't appreciate the	20	MR. CHESNEY: Okay. So I'm going to
21	thoughtfulness of you working your way through	21	Mr. Barrett, do you have some meaningful
22	it, but my general approach is, I don't want	22	input?
23	to be telling my staff or my professionals how	23	MR. BARRETT: Probably not.
24	to do their job.	24	MR. CHESNEY: You forgot about me as the
25	MR. LEWIS: Sure.	25	chairman. Right?
	Page 50		Page 52
1	MR. ROSS: So Doug knows best on what	1	MR. BARRETT: If you want to make it a
2	needs to be documented with regard to some	2	digital thing, this is just a suggestion that
3	park or some pond. Tonja knows best as to	3	already may be kind of already assumed in this
4	what needs to be documented with regard to her	4	I apologize if it is but you don't want
5	efforts, and we can go on down the line. And	5	to get into a situation that every change you
6	so I don't see it as a matter of a wish list.	6	want to make to a map, if you update pond
7	I see it as they need to document it for	7	work, has to go to an IT guy to code, you want
8	whoever is doing their job in the future,	8	an up-front content management system, so
9	whether it's them or somebody else.	9	staff can go in and change the data
10	MR. LEWIS: Yeah, and I don't disagree	10	information for that pond in a spreadsheet
11	with you. But I guess maybe just with our	11	they have access to and it uploads to that
12	input, is what I meant. Maybe not us	12	thing to make sure
13	directing them, Hey, you have an idea. Give	13	MS. STEWART: And our guys did say that.
14	it to her. She's got another idea. Come up	14	MR. BARRETT: Okay.
15	with it and	15	MR. CHESNEY: So just to make sure that
16	MR. ROSS: And that might be helpful in	16	we're clear here. So we're going to ask Tonja
17	connection with Tonja into the idea of a map.	17	here and how much did you say this would
18	I mean, I'm pretty tech unsavvy. And so I	18	for you to collect the data as just
19	might be saying for us who are	19	MS. STEWART: About \$2,000 or \$3,000.
20	MR. LEWIS: Me, too.	20	MR. CHESNEY: So you're going to I
21	MR. ROSS: are relatively dense	21	mean, it's just your normal hourly contract
	MR. CHESNEY: Not to cut you both off,	22	rate.
22			
	but he has a different skill set than you do.	23	MS. STEWART: Yes.
22 23 24	but he has a different skill set than you do. I mean, his input, might be useful.	23 24	MS. STEWART: Yes. MR. CHESNEY: You're going to collect
22 23			

	Page 53		Page 55
1	type of notebook form. Now, you will also	1	gotten too old and forgotten. It's
2	have some type of digital copies of all of	2	MR. CHESNEY: I am with you on that. I
3	that right?	3	forget everything now. So if there is
4	MS. STEWART: Right.	4	something else to track for Tonja, I
5	MR. CHESNEY: in a single folder?	5	suggest
6	MS. STEWART: Correct.	6	MR. ROSS: I remember what it was. At
7	MR. CHESNEY: Okay. So you're going to	7	our last meeting, we talked about this format
8	do that and you're going to get back to us.	8	being used separately, one for district
9	Can I ask that it was Mark. Right?	9	manager, one for our engineer, and one for
10	MR. VEGA: Yes.	10	counsel. We talked about having a separate
11	MR. CHESNEY: if you could add that	11	one.
12	project to your district manager report, and	12	MR. CHESNEY: We did.
13	also add repaving schedule to the district	13	MS. McCORMICK: I did one.
14	manager report.	14	MR. CHESNEY: Yeah, she did one. And
15	I guess we're not really going to ask	15	that definitely makes the most sense. I would
16	Tonja to do one of these. They should kind of	16	suggest this is just a suggestion over
17	be tracked by Andy.	17	time is that, really, I would suggest Tonja's
18	MS. STEWART: Andy has been reaching out	18	kind of be tracked by the district manager,
19	to us for our feedback, so	19	because not all the time she's usually more
20	MR. CHESNEY: But he didn't include them	20	of a resource within the process, whereas Andy
21	on the report, though, so	21	is overall responsible for these projects.
22	MS. STEWART: Yeah, I think between he	22	MR. ROSS: I would say it slightly
23	and I, I don't think we communicated	23	different. I think each should have their own
24	MR. CHESNEY: And then just hold on for	24	individual report, but I agree with you, Andy
25	one second. And then on the borrow pit thing,	25	oversees the engineer, but I think he also
	Page 54		Page 56
1	that should really be by you.	1	
		1 -	oversees a couple of days before a meeting,
2	MS. McCORMICK: Well, I was going to ask	2	oversees a couple of days before a meeting, if there is something he needs to talk to
2 3			
	MS. McCORMICK: Well, I was going to ask	2	if there is something he needs to talk to
3	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this	2 3	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I
3 4	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think	2 3 4	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used
3 4 5	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for	2 3 4 5	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more
3 4 5 6	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know.	2 3 4 5 6	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used
3 4 5 6 7	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that	2 3 4 5 6 7	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used Andy's thing, and then she sends it to Andy,
3 4 5 6 7 8	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that should be tracked by you on your report.	2 3 4 5 6 7 8	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used Andy's thing, and then she sends it to Andy, these things. I don't know that
3 4 5 6 7 8 9	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that should be tracked by you on your report. MS. McCORMICK: Yes. Yes.	2 3 4 5 6 7 8 9	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used Andy's thing, and then she sends it to Andy, these things. I don't know that MR. ROSS: That would be my suggestion,
3 4 5 6 7 8 9 10	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that should be tracked by you on your report. MS. McCORMICK: Yes. Yes. MR. CHESNEY: So if you will add that to	2 3 4 5 6 7 8 9 10	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used Andy's thing, and then she sends it to Andy, these things. I don't know that MR. ROSS: That would be my suggestion, but
3 4 5 6 7 8 9 10 11	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that should be tracked by you on your report. MS. McCORMICK: Yes. Yes. MR. CHESNEY: So if you will add that to yours.	2 3 4 5 6 7 8 9 10 11	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used Andy's thing, and then she sends it to Andy, these things. I don't know that MR. ROSS: That would be my suggestion, but MR. CHESNEY: I mean, it's really,
3 4 5 6 7 8 9 10 11 12	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that should be tracked by you on your report. MS. McCORMICK: Yes. Yes. MR. CHESNEY: So if you will add that to yours. MS. McCORMICK: Okay.	2 3 4 5 6 7 8 9 10 11 12	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used Andy's thing, and then she sends it to Andy, these things. I don't know that MR. ROSS: That would be my suggestion, but MR. CHESNEY: I mean, it's really, it's how you guys want to do it.
3 4 5 6 7 8 9 10 11 12 13	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that should be tracked by you on your report. MS. McCORMICK: Yes. Yes. MR. CHESNEY: So if you will add that to yours. MS. McCORMICK: Okay. MR. LEWIS: Okay. Now	2 3 4 5 6 7 8 9 10 11 12 13 14 15	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used Andy's thing, and then she sends it to Andy, these things. I don't know that MR. ROSS: That would be my suggestion, but MR. CHESNEY: I mean, it's really, it's how you guys want to do it. MR. ROSS: I like it being separated,
3 4 5 6 7 8 9 10 11 12 13 14 15 16	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that should be tracked by you on your report. MS. McCORMICK: Yes. Yes. MR. CHESNEY: So if you will add that to yours. MS. McCORMICK: Okay. MR. LEWIS: Okay. Now MR. ROSS: I think that's great. If we	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used Andy's thing, and then she sends it to Andy, these things. I don't know that MR. ROSS: That would be my suggestion, but MR. CHESNEY: I mean, it's really, it's how you guys want to do it. MR. ROSS: I like it being separated, that you can kind of zero in on what each
3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that should be tracked by you on your report. MS. McCORMICK: Yes. Yes. MR. CHESNEY: So if you will add that to yours. MS. McCORMICK: Okay. MR. LEWIS: Okay. Now MR. ROSS: I think that's great. If we can add to that, if Andy and Tonja continue to discuss the issues that Ms. Griffith was talking about, what's the best way to bring	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used Andy's thing, and then she sends it to Andy, these things. I don't know that MR. ROSS: That would be my suggestion, but MR. CHESNEY: I mean, it's really, it's how you guys want to do it. MR. ROSS: I like it being separated, that you can kind of zero in on what each person is doing, and there is no MR. CHESNEY: So do you understand that then?
3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that should be tracked by you on your report. MS. McCORMICK: Yes. Yes. MR. CHESNEY: So if you will add that to yours. MS. McCORMICK: Okay. MR. LEWIS: Okay. Now MR. ROSS: I think that's great. If we can add to that, if Andy and Tonja continue to discuss the issues that Ms. Griffith was talking about, what's the best way to bring that together in a usable form for our	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used Andy's thing, and then she sends it to Andy, these things. I don't know that MR. ROSS: That would be my suggestion, but MR. CHESNEY: I mean, it's really, it's how you guys want to do it. MR. ROSS: I like it being separated, that you can kind of zero in on what each person is doing, and there is no MR. CHESNEY: So do you understand that then? MS. STEWART: Yes.
3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that should be tracked by you on your report. MS. McCORMICK: Yes. Yes. MR. CHESNEY: So if you will add that to yours. MS. McCORMICK: Okay. MR. LEWIS: Okay. Now MR. ROSS: I think that's great. If we can add to that, if Andy and Tonja continue to discuss the issues that Ms. Griffith was talking about, what's the best way to bring that together in a usable form for our meetings and the supervisors and our	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used Andy's thing, and then she sends it to Andy, these things. I don't know that MR. ROSS: That would be my suggestion, but MR. CHESNEY: I mean, it's really, it's how you guys want to do it. MR. ROSS: I like it being separated, that you can kind of zero in on what each person is doing, and there is no MR. CHESNEY: So do you understand that then? MS. STEWART: Yes. MR. CHESNEY: Okay. So we want you to
3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that should be tracked by you on your report. MS. McCORMICK: Yes. Yes. MR. CHESNEY: So if you will add that to yours. MS. McCORMICK: Okay. MR. LEWIS: Okay. Now MR. ROSS: I think that's great. If we can add to that, if Andy and Tonja continue to discuss the issues that Ms. Griffith was talking about, what's the best way to bring that together in a usable form for our meetings and the supervisors and our professionals, et cetera?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used Andy's thing, and then she sends it to Andy, these things. I don't know that MR. ROSS: That would be my suggestion, but MR. CHESNEY: I mean, it's really, it's how you guys want to do it. MR. ROSS: I like it being separated, that you can kind of zero in on what each person is doing, and there is no MR. CHESNEY: So do you understand that then? MS. STEWART: Yes. MR. CHESNEY: Okay. So we want you to do one of these each month.
3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that should be tracked by you on your report. MS. McCORMICK: Yes. Yes. MR. CHESNEY: So if you will add that to yours. MS. McCORMICK: Okay. MR. LEWIS: Okay. Now MR. ROSS: I think that's great. If we can add to that, if Andy and Tonja continue to discuss the issues that Ms. Griffith was talking about, what's the best way to bring that together in a usable form for our meetings and the supervisors and our professionals, et cetera? I wouldn't be surprised, as Tonja	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used Andy's thing, and then she sends it to Andy, these things. I don't know that MR. ROSS: That would be my suggestion, but MR. CHESNEY: I mean, it's really, it's how you guys want to do it. MR. ROSS: I like it being separated, that you can kind of zero in on what each person is doing, and there is no MR. CHESNEY: So do you understand that then? MS. STEWART: Yes. MR. CHESNEY: Okay. So we want you to do one of these each month. MS. STEWART: It.
3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that should be tracked by you on your report. MS. McCORMICK: Yes. Yes. MR. CHESNEY: So if you will add that to yours. MS. McCORMICK: Okay. MR. LEWIS: Okay. Now MR. ROSS: I think that's great. If we can add to that, if Andy and Tonja continue to discuss the issues that Ms. Griffith was talking about, what's the best way to bring that together in a usable form for our meetings and the supervisors and our professionals, et cetera? I wouldn't be surprised, as Tonja indicated in her industry, there are people	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	if there is something he needs to talk to Erin, he gives her a call and says, "Hey, I saw it on your report." MR. CHESNEY: I'm making this more complicated. My suggestion is you just used Andy's thing, and then she sends it to Andy, these things. I don't know that MR. ROSS: That would be my suggestion, but MR. CHESNEY: I mean, it's really, it's how you guys want to do it. MR. ROSS: I like it being separated, that you can kind of zero in on what each person is doing, and there is no MR. CHESNEY: So do you understand that then? MS. STEWART: Yes. MR. CHESNEY: Okay. So we want you to do one of these each month. MS. STEWART: It. MR. CHESNEY: So you can scratch maps
3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	MS. McCORMICK: Well, I was going to ask actually if there's anything I can do at this point to help because I think MS. STEWART: All can I do is plead for them to get back with me, you know. MR. CHESNEY: I guess, overall, that should be tracked by you on your report. MS. McCORMICK: Yes. Yes. MR. So we want you to do one of these each month. MS. STEWART: It. MR. CHESNEY: So you can scratch maps and repaving off of yours.

	Page 57		Page 59
1	MR. CHESNEY: So you need to keep	1	MS. WHYTE: Uh-huh.
2	repaving on that because that includes Severn	2	MR. MAYS: Garbage trucks, moving
· 3	Trent.	3	trucks, Coca-Cola trucks, everybody hitting
4	MS. STEWART: And we will communicate,	4	them
5	too.	5	MR. CHESNEY: So you just need a motion
6	MR. ROSS: I was saying, keep maps on	6	to remove them?
7	there, and Andy will know he needs to talk to	7	MR. MAYS: I wouldn't take them out.
8	Tonja about	8	MR. CHESNEY: You would not take them
9	MR. CHESNEY: Okay. Keep maps on there.	9	out?
10	Sorry. Matt.	10	MR. MAYS: I wouldn't.
11	MR. LEWIS: Just so I'm clear, back to	11	MS. WHYTE: The residents the voting
12	the map deal with Tonja, she's going to look	12	member of the sub association sent me an
13	into getting a data collection together. But	13	email, and he said, "Okay, I would like to
14	where do we stand with the map as our	14	know what the board what decision the board
15	overall view, are we not going to look for a	15	can come up with. Can we do rocks? Can we do
16	quote to	16	what can we do?"
17	MR. CHESNEY: You're welcome to input it	17	Do you remember the PVC, that we sent
18	and provide a quote.	18	pictures and all of that, Tonja evaluated it?
19	MS. STEWART: I understand. And Sonny	19	So I don't think we've ever come to a clear
20	and Doug and I talked about this. We have a	20	and concise or the board's never come to a
21	map that needs to be updated. It doesn't take	21	clear and concise decision as to what and how
22	much work effort for us to meet and sit down	22	they want to handle it would. This gentleman
23	and go over it and update it, so that you have	23	keeps asking me what can we do, so
24	a map that can be done at a very cheap cost.	24	MR. CHESNEY: So do we have a
25	MR. CHESNEY: She's going to provide all	25	recommendation?
	Page 58		Page 60
1	this data back in the formats that we just	1	MR. MAYS: Well, that's what they want.
2	discussed, and then we're going to decide how	2	They just want consistency. The PVC is always
3	we want to proceed.	3	a cheap, easy fix, but some people
4	MR. LEWIS: Okay. I didn't I got	4	aesthetically they're not that pleasing.
5	confused.	5	So the boulders, that's what a lot of
6	MR. CHESNEY: Well, it's because I'm not	6	people like, the boulders, because they're
7	very clear. All right. So we're good?	7	aesthetically pleasing, so
8	MS. STEWART: One other thing.	8	MS. GRIFFITH: Doug, can I ask, what
9	MR. CHESNEY: Yes.	9	would it take to just put a hedge, a high
10	MS. STEWART: Sonny was just reminding.	10	hedge?
11	We talked about the location of those above-	11	MR. MAYS: Well, you're in the back of
12	ground heights and rocks being within the	12	people's yards now. So you've got fence
13	CDD's right of way.	13	lines, and then now you're putting it in a
14	MR. CHESNEY: You're talking about the	14	utility easement. So I wouldn't recommend a
15	drainage over here?	15	hedge for
-	· · · · · · · · · · · · · · · · · · ·	16	MC CDIFFITH, Calvey think a hould are in
16	MS. WHYTE: The alleyways in West	10	MS. GRIFFITH: So you think a boulder is
	MS. WHYTE: The alleyways in West Park	17	better than a hedge?
16	Park MS. STEWART: Yeah, the alleyways. And	17 18	better than a hedge? MR. MAYS: In certain spots. You're
16 17 18 19	Park MS. STEWART: Yeah, the alleyways. And I thought that we had talked about the fact	17 18 19	better than a hedge? MR. MAYS: In certain spots. You're keeping this truck, tractor trailer off these
16 17 18	Park MS. STEWART: Yeah, the alleyways. And	17 18	better than a hedge? MR. MAYS: In certain spots. You're
16 17 18 19	Park MS. STEWART: Yeah, the alleyways. And I thought that we had talked about the fact	17 18 19	better than a hedge? MR. MAYS: In certain spots. You're keeping this truck, tractor trailer off these
16 17 18 19 20	Park MS. STEWART: Yeah, the alleyways. And I thought that we had talked about the fact that they're in clear zone. So it would be my	17 18 19 20	better than a hedge? MR. MAYS: In certain spots. You're keeping this truck, tractor trailer off these people's yard. You wouldn't want to really
16 17 18 19 20 21 22 23	Park MS. STEWART: Yeah, the alleyways. And I thought that we had talked about the fact that they're in clear zone. So it would be my recommendation that they be removed.	17 18 19 20 21	better than a hedge? MR. MAYS: In certain spots. You're keeping this truck, tractor trailer off these people's yard. You wouldn't want to really wouldn't want to something else to maintain
16 17 18 19 20 21 22	Park MS. STEWART: Yeah, the alleyways. And I thought that we had talked about the fact that they're in clear zone. So it would be my recommendation that they be removed. Do you guys recall us talking about	17 18 19 20 21 22	better than a hedge? MR. MAYS: In certain spots. You're keeping this truck, tractor trailer off these people's yard. You wouldn't want to really wouldn't want to something else to maintain with those hedges.

	Page 61		Page 63
1	is it your engineering recommendation that	1	MS. STEWART: It varies.
2	nothing should be in that area?	2	MR. MAYS: So about three to four feet
. 3	MS. STEWART: Yeah. Unfortunately, I	3	on each side.
4	I and that's what I'm hearing Doug say,	4	MR. CHESNEY: Three to four feet,
5	obviously there is a problem with people	5	according to Doug.
6	driving in these areas. So as a result of me	6	MR. MILLS: Okay.
7	saying it's a clear zone and you don't want to	7	MR. MAYS: On each side of the alleyway.
8	take the risk of someone damaging their car in	8	MR. MILLS: So because another option
9	that clear zone, it's	9	I didn't know how many alleyways we're
10	MR. CHESNEY: Well	10	talking about what about if we paved it and
11	MS. GRIFFITH: I'll tell you my	11	got rid of the grass?
12	thoughts.	12	MS. WHYTE: The irrigation.
13	MR. CHESNEY: Sure.	13	MR. CHESNEY: Yeah, there's irrigation
14	MS. GRIFFITH: First of all, if you get	14	there, so we have to cap all the irrigation.
15	a truck that goes onto the grass and, say,	15	And we have an easement, but it's not our
16	there's nothing there, and the truck goes	16	property.
17	over, darn, the grass looks really ugly,	17	MR. MAYS: Utility wires. Yeah.
18	there's a tire mark, or we're looking at ugly	18	MS. WHYTE: Can't do that.
19	PVC pipe, or we're looking at an ugly boulder.	19	MR. MILLS: Okay. Just a thought.
20	Either way, we are looking at something	20	MR. CHESNEY: Just for the record, I
21	ugly. I mean, it's not, you know so I	21	mean, we've had these issues before, and we've
22	think we just sort of pick our poison.	22	had these boulders, and, yes, but
23	Honestly, my thought is, just leave the	23	MR. MAYS: About the only solution would
24	thing, talk to the I know we've already	24	be to let the residents know that live on
25	talked to the trash people or whatever. But	25	these alleyways know that who is responsible
	Page 62		Page 64

	Page 65		Page 67
1	MR. MAYS: It would be extra work,	1	said, four inches.
2	correct.	2	So is your staff recommendation
. 3	MS. GRIFFITH: How often are we talking?	3	replacing parts with lava rock?
4	Is this once a year, seven times a year?	4	MR. MAYS: Yeah. Anywhere we have a rut
5	MR. MAYS: Well, certain corners we	5	like that that's caused by vehicle damage,
6	-		
	have one corner on Parley Drive, it happens	6	that would be my recommendation. Talk to
7	all the time. That guy is to the point where	7	Sonny, she's opposite. She doesn't like that
8	he put rocks around the corner.	8	stuff, so
9	So he put just instead of having sod	9	MS. WHYTE: That's because of what
10	there, he's got rocks, not boulders, but	10	happens with the rocks, when you drive over
11	little	11	it, the dirt pushes through the rocks, and now
12	MS. GRIFFITH: Right. Pebbles.	12	you have mud and rocks.
13	MR. MAYS: Pebbles, correct. Yes, small	13	MS. GRIFFITH: That's why I think we're
14	rocks so that when they drive around that	14	in a situation where we should pick our
15	corner, he doesn't have to deal with the	15	poison.
16	repair anymore. So sometimes that's the best	16	MS. WHYTE: And it's only halfway
17	thing, but sometimes some certain residents	17	through the alleyway. Keep in mind, you've
18	don't want something like that in their yard.	18	got a full alleyway with how many feet, you
19	MS. GRIFFITH: Well, what do you think,	19	know, 20 home, and you've got a section of six
20	Doug?	20	to eight feet that has rocks, and the rest has
21	MR. MAYS: I think I'd put rocks	21	grass.
22	everywhere where they drive off the road. Of	22	MR. CHESNEY: Yeah. Are you also
23	course, some areas I've done boulders, and	23	suggesting that you would contact which
24	I've got red lava rock in areas where a lot of	24	homeowners want it. Correct?
25	U-turns are made or we've got a head or we've	25	MR. MAYS: Yes.

RICHARD LEE REPORTING

17 (Pages 65 to 68)

	Page 69		Page 71
1	MS. McCORMICK: Tonja, do you have any	1	Linebaugh.
2	concern about them putting rocks in there as	2	MS. WHYTE: Right next to the apartment
. 3	long as they're not high?	3	complex.
4	MS. STEWART: No. The rocks are okay.	4	MR. CHESNEY: I'll just help you out
5	The rocks are okay.	5	here. Is there any interest in responding?
6	MS. GRIFFITH: But to Mr. Ross' point,	6	MS. GRIFFITH: No.
7	consistent with the image of the community and	7	MR. CHESNEY: None is noted.
8	the guidelines.	8	MS. McCORMICK: I was going to say
9	MR. MAYS: Which we have a lot of red	9	MR. CHESNEY: Okay. There you go.
10	rock all over this community. A lot of	10	MS. McCORMICK: okay. He'll just
11	homeowners use the lava rock everywhere,	11	respond that the board is not interested.
12	SO	12	MR. CHESNEY: That will just make it
13	MR. CHESNEY: Okay. All right. So	13	easier.
14	we're good there.	14	MS. STEWART: Do you think the developer
15	MR. MILLS: Is it our expectation that	15	would have left eight acres of developable
16	all the PVC will be removed?	16	land in that
17	MR. CHESNEY: Yes.	17	MS. McCORMICK: No.
18	MR. MILLS: Okay.	18	MR. CHESNEY: I don't know. Okay. It's
19	MR. CHESNEY: All right. I forgot where	19	actually your
20	I am. So you're done now?	20	MS. McCORMICK: Yes. And I don't have
21	MS. STEWART: I'm done.	21	anything else for this evening, so
22	MR. CHESNEY: Okay. And you asked	22	MR. CHESNEY: Yes, Mr. Ross.
23	her	23	MR. ROSS: Did notice go out to Davey
24	MS. McCORMICK: Yes. And I had one	24	and OLM regarding maintenance standards? Did
25	that Andy actually passed to me today since	25	your office mail a letter to them?
	Page 70		Page 72
1	he's not here tonight, and I thought it would	1	MS. McCORMICK: No.
2	be helpful if Tonja was here, too. It should	2	MR. ROSS: No? What am I thinking of
3	just take a second.	3	that we talked about last meeting?
4	He was contacted by a health care real	4	Didn't we talk about sending a letter to
5	estate company who said that they are	5	them saying that we felt that the maintenance
6	interested in some property that's owned by	6	standards were not being adhered to? Am I
7	the CDD. It's the property that's on the	7	MR. MAYS: It was on your report to
8	southwest corner of Linebaugh Avenue and	8	that overall report you wrote, but I didn't
9	Sheldon Road.	9	see where you requested her to send anything
10	And he said that they're looking for	10	to them.
11	about eight or nine acres for an assisted	11	I had personal conversation with Davey
12	living facility. He said that they have over	12	and OLM during our drive-through about the
13	15 different assisted living, memory care, and	13	standards.
14	independent living communities throughout the	14 15	MR. ROSS: What was their reaction to
15	country.		that message?
16 17	I thought that most of that property was	16 17	MR. MAYS: Agree. Agree. I mean, they
	conservation area, and I think that Andy also		know they're doing bad you know, sometimes
18 19	passed that along to them, and then they came back and said they had looked at maps and	18 19	they have I mean, they're shorthanded sometimes. They give you every excuse, but
20	permitting information from the county, and	20	MR. ROSS: I'm sorry if I misremembered.
20	they were still interested. So I guess before	20	MR. CHESNEY: Would you like to
<u> </u>		22	MR. ROSS: I don't want to create busy
22	we do any independent investigation		
22 23	we do any independent investigation MS_STEWART: The southwest corner of		
23	MS. STEWART: The southwest corner of	23	work just to create busy work. For some

	Page 73		Page 75
1	minutes. Is that important, or do you want	1	So I'm interested in the board's opinion
2	to	2	on whether or not you actually want to have
. 3	MR. ROSS: No. I was more interested in	3	them and when you might want your first one.
4	what their response was rather than the magic	4	MS. GRIFFITH: So I've given some
5	letter went out.	5	thought, and just looking at, you know, just
б	MR. CHESNEY: Okay. Awesome. Manager's	6	even some of my own objectives that I would
7	report.	7	like to see in the community and there are
8	MR. VEGA: Does anyone have any	8	two that I sort of bucket them one is the
9	questions on the report that Andy sent out?	9	appearance of the community, the connectivity
10	MR. CHESNEY: Anyone?	10	in the community, just enhancements in
11	MS. GRIFFITH: Do we know if the Irma	11	updating the community.
12	bonuses went out? They're to be distributed	12	Again, this is a 25-year-old community,
13	the first week of November. Do we know if	13	and everything's new at the same time, it's
14	they went out?	14	old at the same time. All right? So, you
15	MR. VEGA: No. I'll follow up on that.	15	know, what enhancements do we want to do?
16	MR. MAYS: We know they didn't.	16	So I think that warrants a bit of
17	MR. CHESNEY: That's true. Yeah, you	17	rolling up our sleeves, sitting down and
18	MS. WHYTE: No, they didn't go out.	18	everybody just throw everything at the table
19	Thank you for asking. They're on the schedule	19	and just see what you know, what do we want
20	for this pay.	20	to support.
21	MR. VEGA: Well, they're going out	21	The other piece is just
22	MS. WHYTE: They're going out on the	22	administratively, you know, sort of the
23	first pay of this month.	23	running of the CDD, and, you know, just the
24	MS. GRIFFITH: Does the staff know to	24	conversations that we're having about maps.
25	expect them?	25	Even, you know, whether or not we want to go
	Page 74		Page 76
1	MR. MAYS: Yes, ma'am.	1	down the path of bringing somebody in to
2	MS. WHYTE: They all get updates from	2	document our procedures and our policies and
3	the WOW.	3	job descriptions and things like that, how do
4	MS. GRIFFITH: Good.	4	we make sure that this CDD is being managed
5	MR. MAYS: Plus they read the WOW.	5	and run, you know, in a modern way, let's say.
6	MR. VEGA: So they just haven't gone out	6	So, you know, I didn't know and then,
7	because the first pay cycle of November hasn't	7	of course, there was I would probably throw
8	gone out.	8	OLM and Davey probably into that maintenance,
9	MR. MAYS: Either that, or Andy hasn't	9	the community maintenance package. I think
10	passed it on to Severn Trent yet.	10	there's that there's some conversation there
11	MR. VEGA: Well, no, that's what Sonny	11	as well.
12	was saying.	12	MR. CHESNEY: Just so everyone is clear,
13	MS. WHYTE: They know about it.	13	what happens in a workshop, it's like minutes.
14	MR. CHESNEY: Okay. All right.	14	It's really just kind of Andy and Doug and
15	MS. GRIFFITH: And then the workshop.	15	Sonny. There's no votes taken at a workshop.
16	MR. CHESNEY: Okay. Perfect.	16	There's no policy made. It's just strictly
17	MR. VEGA: That's the one question I	17	informational presentation kind of thing.
18	have is	18	The idea behind it is that, you know,
19	MR. CHESNEY: I'm going to cover this	19	you kind of build, you know, future agendas
20	because Andy and I talked about this.	20	and things. Now, I'll be frank. Andy and I
21	MR. VEGA: Okay.	21	just see a couple of things coming up it might
22	MR. CHESNEY: So the workshops, Andy and	22	be useful for that don't require votes.
23	I talked at great length on this. We	23	So we might ask for at least one
	I talked at great length on this. We definitely see where it could be very helpful	23 24	So we might ask for at least one workshop, but outside of that, you know, it's
23			-

	Page 77		Page 79
1		1	
2	if you want to go that format versus		budget you advertise a workshop for every
3	historically we've kind of collected	2	month.
4	information and decided on things in our		You don't have to attend it, or you
	regular meeting, which is more documented.	4	don't even have to have it. If it's an item
5	They're both advertised public meetings,	5	that you want to talk about the map, at the
6	but	6	end of the meeting, during supervisor
7	MS. GRIFFITH: Yeah, but my thought	7	requests, you're all in agreement that you
8	about the workshop was just that, to sort of	8	want to cover that at the next workshop, or if
9	encourage a more casual environment to give us	9	there's nothing for that meeting, then you
10	an opportunity to hash things out, ask	10	just move on, because your advertising budget
11	questions, not in a formal setting, not where	11	you're probably spending \$200 to advertise
12	we're all looking at our watches going, "Is it	12	the entire year at one shot, or you're
13	time to go home," because it's already late in	13	spending \$200 to advertise one meeting, so
14	the day, but rather where we can sort of as a	14	MR. CHESNEY: Correct. And it was not
15	board kind of get somewhat on the same page as	15	my I didn't mean to imply that there was no
16	far as our vision for the community so that	16	agenda for it. There is always a purpose for
17	when we do come to the table to vote, we've	17	each workshop. And I do appreciate that is
18	already sort of hashed out some of the	18	correct, that is a better use of our funds, I
19	because, you know, me and my ideas.	19	guess, to schedule a month and then we don't
20	I can have us here for three hours, you	20	have to have them. Is that what your
21	know, and that's what I'm trying to	21	suggestion is?
22	MR. CHESNEY: Yeah.	22	MR. VEGA: Right. You can schedule
23	MS. GRIFFITH: So, you know, I guess	23	if you're comfortable with whatever on a
24	that was my thought. I would say this, Greg:	24	Monday sorry the second Monday of every
25	Can we do one workshop and see how it goes? I	25	month or the fourth Monday of every month,
	Page 78		Page 80
1	Page 78	1	Page 80
1	mean	1	whatever it is, set the schedule up, and
2	mean MR. CHESNEY: There is a good	2	whatever it is, set the schedule up, and depending how the meeting goes, you might

VEGA: That's like one of my agendas was to walk out of here with a non-staff workshop date. MR. CHESNEY: Yeah, he's not under the impression that he was to schedule one. That, I can assure you. MS. GRIFFITH: So let's just get it

21 (Pages 81 to 84)

	Page 85		Page 87
1	be determined, I guess, seven days prior?	1	exciting, but I'm just saying, that was
2	MS. McCORMICK: Right. Right.	2	that was Andy and I's first suggestion on a
3	MR. CHESNEY: I would suggest one mid	3	workshop, would be to include parks as one of
4	December at the earliest.	4	the agenda items, and we would suggest doing
5	MS. WHYTE: I do not have the dates in	5	it after, you know, the middle of December or
6	December. I gave Andy a list of dates for	6	later.
7	November, but I don't have the dates, and	7	MS. GRIFFITH: Well, I think not
8	staff is already gone.	8	knowing what's going on with parks
9	MR. ROSS: My own personal preference	9	MR. CHESNEY: Nothing exciting. It's
10	would be to do it before our December board	10	just
11	meeting. As I said before, I feel like we've	11	MS. GRIFFITH: On the landscaping front,
12	got a window period here to work through some	12	I think that's pretty important, it is, if we
13	of our landscaping maintenance standards and	13	need to have that roll-up-sleeve conversation.
14	specs, and the calendar is going to get away	14	You know, whether or not we do it at our
15	from us.	15	regular board meeting, fine, so if we sort of
16	So I would want to be in a position, if	16	scrap our traditional form and turn it into a
17	we really had an unbelievable workshop, that	17	workshop format?
18	we can take action at our December board	18	Is that what we're suggesting, or are we
19	meeting. That's my feeling.	19	suggesting that we're going to have our
20	MR. VEGA: The only thing I share with	20	traditional meeting, and then follow it up
21	you is, we do have to publish the agenda seven	21	with a workshop style conversation, because, I
22	days prior, and I would need about ten	22	mean
23	business days to get a legal advertisement in.	23	MR. CHESNEY: I mean, I don't know what
24	So even if we were today is the 6th.	24	the difference would be. Like I said, let's
25	The earliest workshop that we could	25	not make too much of this. I mean, the
	Page 86		Page 88
1		1	
	feasibly have would be the 20th you could		difference is, is that, you know, usually
2	feasibly have would be the 20th you could have would be around the 20th. I mean, that's	1 2 3	difference is, is that, you know, usually workshops, like he said, are un staffed, so
	feasibly have would be the 20th you could have would be around the 20th. I mean, that's Thanksgiving week, just to	2	difference is, is that, you know, usually workshops, like he said, are un staffed, so there's minimal staff.
2 3	feasibly have would be the 20th you could have would be around the 20th. I mean, that's Thanksgiving week, just to MR. MILLS: Today is the 7th.	2 3	difference is, is that, you know, usually workshops, like he said, are un staffed, so
2 3 4	feasibly have would be the 20th you could have would be around the 20th. I mean, that's Thanksgiving week, just to MR. MILLS: Today is the 7th. MR. VEGA: Today is the 7th, yes.	2 3 4	difference is, is that, you know, usually workshops, like he said, are un staffed, so there's minimal staff. MS. GRIFFITH: Right. MR. CHESNEY: And then there's minimal
2 3 4 5	feasibly have would be the 20th you could have would be around the 20th. I mean, that's Thanksgiving week, just to MR. MILLS: Today is the 7th. MR. VEGA: Today is the 7th, yes. MR. LEWIS: I mean, maybe in the	2 3 4 5	difference is, is that, you know, usually workshops, like he said, are un staffed, so there's minimal staff. MS. GRIFFITH: Right. MR. CHESNEY: And then there's minimal so there's not a set of minutes that are
2 3 4 5 6	feasibly have would be the 20th you could have would be around the 20th. I mean, that's Thanksgiving week, just to MR. MILLS: Today is the 7th. MR. VEGA: Today is the 7th, yes. MR. LEWIS: I mean, maybe in the interest of saving a little bit of money here	2 3 4 5 6	difference is, is that, you know, usually workshops, like he said, are un staffed, so there's minimal staff. MS. GRIFFITH: Right. MR. CHESNEY: And then there's minimal so there's not a set of minutes that are produced well, there are a set of minutes
2 3 4 5 6 7	feasibly have would be the 20th you could have would be around the 20th. I mean, that's Thanksgiving week, just to MR. MILLS: Today is the 7th. MR. VEGA: Today is the 7th, yes. MR. MS. GRIFFITH: At Tampa Palms, do they do their workshops during the week or on the

	Page 89		Page 91
1		1	
1	MS. GRIFFITH: So if we're saying that	1	MR. CHESNEY: Yeah. I'm going to be in
2	the 20th is the earliest that we can do it and	2	Greece personally, but it doesn't matter.
3	we want to do it before our first meeting,	3	MR. LEWIS: November 21st?
4	which is December 5th, I would say, you know,	4	MR. CHESNEY: Yeah.
5	if we could do it the week of the 27th, and,	5	MR. LEWIS: I'm out of town that weekend
6	you know, my preference would be to have a	6	or that week too.
7	separate workshop, workshop format sometime	7	MS. GRIFFITH: Yeah, I'm out of town
8	the week of the 27th.	8	that week too.
9	MR. CHESNEY: Well, who would you have	9	MR. ROSS: Jim, the three of them are
10	come to that, and what's the potential agenda?	10	saying they're all out of town. It would be
11	Because, I mean, we're close enough to that	11	just you and me. Hey, let's do it that day.
12	for that week	12	MR. CHESNEY: That's the other thing.
13	MS. GRIFFITH: Right. So the entire	13	With the workshop, I mean, you only need two
14	board, and the agenda would be parks and	14	people.
15	landscaping.	15	MR. VEGA: The minimum, you could have
16	MR. CHESNEY: Okay. Who would you have	16	one person.
17	attend if it's just like a free-form	17	MR. CHESNEY: Yeah. Okay.
18	MS. GRIFFITH: A landscaping architect.	18	MR. VEGA: Not much gets done, but
19	I'd be happy to reach out and get one to	19	MR. MILLS: Okay.
20	attend. And I would imagine we would want to	20	MR. ROSS: I was joking if it's just me
21	have Tonja.	21	and Jim. I love Jim, but I'm just
22	MR. CHESNEY: Yeah, because it says	22	MS. GRIFFITH: I'm sorry. Jim, so you
23	here, the board will develop general scope at	23	said you're out the entire week of the 27th?
24	upcoming workshops and go through formal legal	24	MR. MILLS: Yes.
25	process (inaudible) and consultants. So the	25	MS. GRIFFITH: When are you back? Just
	Page 90		Page 92
1	Page 90 purpose of that would be to solicit to	1	Page 92 curious.
1 2		1 2	
	purpose of that would be to solicit to		curious.
2	purpose of that would be to solicit to create a	2	curious. MR. MILLS: I am back (unintelligible).
2 3	purpose of that would be to solicit to create a MS. GRIFFITH: RFP.	2 3	curious. MR. MILLS: I am back (unintelligible). MR. CHESNEY: Like I said, my suggestion
2 3 4	purpose of that would be to solicit to create a MS. GRIFFITH: RFP. MR. CHESNEY: what you want in a	2 3 4	curious. MR. MILLS: I am back (unintelligible). MR. CHESNEY: Like I said, my suggestion is having it later in December.
2 3 4 5	purpose of that would be to solicit to create a MS. GRIFFITH: RFP. MR. CHESNEY: what you want in a landscape consultant.	2 3 4 5	curious. MR. MILLS: I am back (unintelligible). MR. CHESNEY: Like I said, my suggestion is having it later in December. MR. VEGA: Could you say that again,
2 3 4 5 6	purpose of that would be to solicit to create a MS. GRIFFITH: RFP. MR. CHESNEY: what you want in a landscape consultant. MS. GRIFFITH: RFP. Okay.	2 3 4 5 6	curious. MR. This is going to be a multi-month process. MR. CHESNEY: I understand. I mean, I'm just saying that if you didn't have it in

	Page 93		Page 95
1	MR. CHESNEY: But it's up to you guys.	1	MR. VEGA: Correct.
2	MR. ROSS: I didn't mean to be preachy.	2	MR. ROSS: Every month or every quarter?
. 3	Sorry.	3	MR. CHESNEY: Well, we can always change
4	MR. CHESNEY: No problem.	4	them. We don't have to actually do them.
5	MS. GRIFFITH: Are we comfortable with	5	MS. GRIFFITH: Let's do every month and
6	having it the week of the 27th with Jim not	6	then cancel, if needed.
7	being present?	7	MR. CHESNEY: So let's do every month
8	MR. ROSS: What about December 4th?	8	okay? subject to Sonny and Andy's okay when
9	MS. GRIFFITH: It's fine with me, but	9	workshops are, so
10	Jim's not back.	10	MS. McCORMICK: Is it going to be here?
11	MR. ROSS: Oh, you don't get back until	11	MR. CHESNEY: You know, this literally
12	the 5th?	12	I was actually going to ask you to what
13	MR. MILLS: I'm here the 4th, yes.	13	is the motion?
14	MR. ROSS: What about the 4th, and we	14	MS. McCORMICK: You make a motion to
15	could start it whatever time everybody wants,	15	schedule the workshops for every month on the
16	3:00, 2:00, 6:00, 7:00?	16	fourth Monday of the month, subject to Sonny
17	MS. GRIFFITH: I can do it the 4th.	17	confirming that that date is going to work,
18	MR. CHESNEY: Is there a time	18	and Andy confirming that that works, and
19	suggestion?	19	identify that it would be at this location.
20	MR. MILLS: 4:00 is good.	20	MR. VEGA: With the only exception being
21	MR. CHESNEY: 4:00 on the 4th. Okay.	21	the December 4th meeting being the first one
22	I'm going to make another suggestion, because	22	involved.
23	I like Mark's suggestion on saving money on	23	MS. McCORMICK: Right. And if something
24	advertising.	24	needs to be modified, then we bring it back to
25	Would you suggest then that we go ahead	25	the board.
	Page 94		Page 96
1	and make up some dates for the next 11 months	1	MR. CHESNEY: So moved.
2	for potential workshops?	2	MR. ROSS: I'll second that.
3	MR. VEGA: Yes. I would suggest, just	3	MR. CHESNEY: Second. Okay. All right.
4	for the cost savings, because it's going to	4	All in favor signify by saying aye. Jim?
5	cost you twenty it's going to cost you \$200	5	MR. MILLS: Aye.
6	to set up the workshops whether it's one month	6	MR. CHESNEY: Awesome.
7	or 12 months.	7	(All board members signify in the
8	MR. CHESNEY: Okay. We can always	8	affirmative, and the motion passes.)
9	change them later for \$200. So can we can	9	MR. CHESNEY: Okay. All right. So that
10	we select can I what is wrong with my	10	is the field manager's report I mean, I'm
11	mouth?	11	sorry Doug's field manager report.
12	MR. VEGA: You meet on the first	12	I'm just curious. Why do you have two
13	Tuesday. Correct?	13	reports, this one and then the one
14	MR. CHESNEY: Yeah. Do you have a	14	MS. WHYTE: Andy asked us to he sent
15	suggestion for the next how the workshops	15	me one and said, "Maybe you could coordinate
16	would come?	16	this into your bullet points to take out what
17	MR. VEGA: You can either this one,	17	I put and put yours in," which is what I did,
18	the first Monday, but if you wanted to do it	18	but then I sent my written field office
19	the fourth Tuesday or the fourth you want	19	report, which is very different.
20	to do it give yourself a little bit of time	20	Sometimes it's just sort of short little
-	before the meeting	21	blurbs. These are open projects, but Andy can
21	before the meeting.		
22	MR. CHESNEY: How about we direct that	22	do whatever he likes. He sent me that, and
22 23	MR. CHESNEY: How about we direct that with Sonny and Andy's approval? Is that okay,	22 23	do whatever he likes. He sent me that, and that's what I used.
22	MR. CHESNEY: How about we direct that	22	do whatever he likes. He sent me that, and

1	Page 97		Page 99
	report?	1	wants one.
2	MR. MAYS: Yeah, a couple of things.	2	MR. CHESNEY: I think this is fabulous,
. 3	I'm not sure you know, last month, Mr. Ross	3	but, I mean, we're going to have a workshop on
4	requested me to put a report together, and I'm	4	it that no I know I said staff it's not
5	not sure you know, it's kind of cut for a	5	staff attended. It's Doug attended.
6	quick time, so I'm not sure everyone got it in	6	MR. MAYS: Doug gets a vacation every
7	time in Dropbox.	7	once in a while, too.
8	But basically it's all the information	8	MR. COLLAZO: Might be in Greece, too.
9	, that he had requested about mulching, hedge	9	MR. MAYS: Might be in that time. I
10	work, tree trimming, different things like	10	don't know.
11	that, new planting, the possibility of what we	11	MR. CHESNEY: Is it? Going to ask Sonny
12	need around the community.	12	to attend it.
13	I know there is a lot of talk about	13	MR. MAYS: So you can see where Mr. Ross
14	these workshops there's a lot of talk about	14	asked me about mulching. You know, as I
15	these workshops, and it's my belief that a	15	explained it, we do it two times a year, when
16	landscape architect you know, I talked to	16	we do it. Ms. Griffith has expressed concerns
17	Andy about this landscape architect. You	17	about removal of mulch.
18	know, you can spend \$80,000 for a	18	In the last two installations of the
19	million-dollar idea.	19	mulch, you can see in the report we removed a
20	So does the community want to spend a	20	hundred yards on each time. Obviously we have
21	million dollars on landscaping? You can spend	21	2,000 yards of mulch in this community every
22	\$40,000 to get a half a million dollars of	22	time it's put in. So there's some areas where
23	landscaping. Does the community want to spend	23	you don't have to remove it, and other areas
24	that?	24	where you do.
25	So I have been talking with local	25	Removal I mean, installation of mulch
20	So Thave been taiking with local		
	Page 98		Page 100
1	nurseries and getting information from	1	is \$38 a square yard, where removal of mulch
2	nurseries. They have designers. Designers	2	is still \$15 a square yard. So you're paying
3	are a heck of a lot cheaper. Between me,	3	\$1500 just to get rid of a hundred yards' worth
4	Davey, OLM, we can come up with different	4	of mulch.
5	ideas to enhance our entranceways.	5	So this is one thing that I put that
6	So in my report, you'll see where we've	6	I got on the report. You can see where I've
7	got over 60 community entranceways in this	7	shown you where the scheduling of the trimming
0	community. So I picked out numerous plant	8	is for the hedges. It's done six times
8			
9	material that we could use in this community.	9	every month it's done, except during the slow
	material that we could use in this community. Some of it, we've experienced on this property	9 10	-
9	-		every month it's done, except during the slow

9 10 11	Some of it, we've experienced on this property already, so we have the experience in what	10 11	every month it's done, except during the slow season, which is fall, when the landscape crew gets cut back from 13 to eight people.
9 10 11 12	Some of it, we've experienced on this property already, so we have the experience in what does work and what doesn't work.	10 11 12	every month it's done, except during the slow season, which is fall, when the landscape crew gets cut back from 13 to eight people. So the hedge work goes to every other
9 10 11 12 13	Some of it, we've experienced on this property already, so we have the experience in what does work and what doesn't work. For instance, copper plants on one side	10 11 12 13	every month it's done, except during the slow season, which is fall, when the landscape crew gets cut back from 13 to eight people. So the hedge work goes to every other month in that period. Demossing is something
9 10 11 12 13 14	Some of it, we've experienced on this property already, so we have the experience in what does work and what doesn't work. For instance, copper plants on one side of the property works good, on the other side	10 11 12 13 14	every month it's done, except during the slow season, which is fall, when the landscape crew gets cut back from 13 to eight people. So the hedge work goes to every other month in that period. Demossing is something that we have done in areas. It says on the
9 10 11 12 13 14 15	Some of it, we've experienced on this property already, so we have the experience in what does work and what doesn't work. For instance, copper plants on one side of the property works good, on the other side of the property the deer are eating it. So we understand this information.	10 11 12 13 14 15	every month it's done, except during the slow season, which is fall, when the landscape crew gets cut back from 13 to eight people. So the hedge work goes to every other month in that period. Demossing is something that we have done in areas. It says on the report we've already done some in some areas,
9 10 11 12 13 14 15 16	Some of it, we've experienced on this property already, so we have the experience in what does work and what doesn't work. For instance, copper plants on one side of the property works good, on the other side of the property the deer are eating it. So we understand this information. So you can see in this report that I put	10 11 12 13 14 15 16	every month it's done, except during the slow season, which is fall, when the landscape crew gets cut back from 13 to eight people. So the hedge work goes to every other month in that period. Demossing is something that we have done in areas. It says on the report we've already done some in some areas, which the areas that you can see where it's
9 10 11 12 13 14 15 16 17	Some of it, we've experienced on this property already, so we have the experience in what does work and what doesn't work. For instance, copper plants on one side of the property works good, on the other side of the property the deer are eating it. So we understand this information. So you can see in this report that I put all this stuff together, and estimated costs	10 11 12 13 14 15 16 17	every month it's done, except during the slow season, which is fall, when the landscape crew gets cut back from 13 to eight people. So the hedge work goes to every other month in that period. Demossing is something that we have done in areas. It says on the report we've already done some in some areas, which the areas that you can see where it's been done, it does make the property look cleaner.
9 10 11 12 13 14 15 16 17 18	Some of it, we've experienced on this property already, so we have the experience in what does work and what doesn't work. For instance, copper plants on one side of the property works good, on the other side of the property the deer are eating it. So we understand this information. So you can see in this report that I put all this stuff together, and estimated costs for each entranceway is around 1,500 to 2,000	10 11 12 13 14 15 16 17 18	every month it's done, except during the slow season, which is fall, when the landscape crew gets cut back from 13 to eight people. So the hedge work goes to every other month in that period. Demossing is something that we have done in areas. It says on the report we've already done some in some areas, which the areas that you can see where it's been done, it does make the property look cleaner. So what I have I mean, we can do it
9 10 11 12 13 14 15 16 17 18 19	Some of it, we've experienced on this property already, so we have the experience in what does work and what doesn't work. For instance, copper plants on one side of the property works good, on the other side of the property the deer are eating it. So we understand this information. So you can see in this report that I put all this stuff together, and estimated costs for each entranceway is around 1,500 to 2,000 per entranceway, and if you've got 60 of them,	10 11 12 13 14 15 16 17 18 19	every month it's done, except during the slow season, which is fall, when the landscape crew gets cut back from 13 to eight people. So the hedge work goes to every other month in that period. Demossing is something that we have done in areas. It says on the report we've already done some in some areas, which the areas that you can see where it's been done, it does make the property look cleaner. So what I have I mean, we can do it through Davey. Davey does it, but let's
9 10 11 12 13 14 15 16 17 18 19 20	Some of it, we've experienced on this property already, so we have the experience in what does work and what doesn't work. For instance, copper plants on one side of the property works good, on the other side of the property the deer are eating it. So we understand this information. So you can see in this report that I put all this stuff together, and estimated costs for each entranceway is around 1,500 to 2,000 per entranceway, and if you've got 60 of them, you're spending close to 120,000 on	10 11 12 13 14 15 16 17 18 19 20	every month it's done, except during the slow season, which is fall, when the landscape crew gets cut back from 13 to eight people. So the hedge work goes to every other month in that period. Demossing is something that we have done in areas. It says on the report we've already done some in some areas, which the areas that you can see where it's been done, it does make the property look cleaner. So what I have I mean, we can do it through Davey. Davey does it, but let's see. The wetland maintenance, there is
9 10 11 12 13 14 15 16 17 18 19 20 21	Some of it, we've experienced on this property already, so we have the experience in what does work and what doesn't work. For instance, copper plants on one side of the property works good, on the other side of the property the deer are eating it. So we understand this information. So you can see in this report that I put all this stuff together, and estimated costs for each entranceway is around 1,500 to 2,000 per entranceway, and if you've got 60 of them, you're spending close to 120,000 on re-landscaping all the entranceways.	10 11 12 13 14 15 16 17 18 19 20 21 22	every month it's done, except during the slow season, which is fall, when the landscape crew gets cut back from 13 to eight people. So the hedge work goes to every other month in that period. Demossing is something that we have done in areas. It says on the report we've already done some in some areas, which the areas that you can see where it's been done, it does make the property look cleaner. So what I have I mean, we can do it through Davey. Davey does it, but let's
9 10 11 12 13 14 15 16 17 18 19 20 21 22	Some of it, we've experienced on this property already, so we have the experience in what does work and what doesn't work. For instance, copper plants on one side of the property works good, on the other side of the property the deer are eating it. So we understand this information. So you can see in this report that I put all this stuff together, and estimated costs for each entranceway is around 1,500 to 2,000 per entranceway, and if you've got 60 of them, you're spending close to 120,000 on re-landscaping all the entranceways. So as you can see in the report, if you	10 11 12 13 14 15 16 17 18 19 20 21	every month it's done, except during the slow season, which is fall, when the landscape crew gets cut back from 13 to eight people. So the hedge work goes to every other month in that period. Demossing is something that we have done in areas. It says on the report we've already done some in some areas, which the areas that you can see where it's been done, it does make the property look cleaner. So what I have I mean, we can do it through Davey. Davey does it, but let's see. The wetland maintenance, there is nothing real that we can do on wetland
9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	Some of it, we've experienced on this property already, so we have the experience in what does work and what doesn't work. For instance, copper plants on one side of the property works good, on the other side of the property the deer are eating it. So we understand this information. So you can see in this report that I put all this stuff together, and estimated costs for each entranceway is around 1,500 to 2,000 per entranceway, and if you've got 60 of them, you're spending close to 120,000 on re-landscaping all the entranceways.	10 11 12 13 14 15 16 17 18 19 20 21 22 23	every month it's done, except during the slow season, which is fall, when the landscape crew gets cut back from 13 to eight people. So the hedge work goes to every other month in that period. Demossing is something that we have done in areas. It says on the report we've already done some in some areas, which the areas that you can see where it's been done, it does make the property look cleaner. So what I have I mean, we can do it through Davey. Davey does it, but let's see. The wetland maintenance, there is nothing real that we can do on wetland maintenance other than continue to cut back.

25 (Pages 97 to 100)

What happened to me was, once I saw it is, I felt unprepared, and so what I'm going to ask of Severn Trent is that before our next workshop, if you could please have
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	So the cost of something like that, I've already hired a tree service to help us with major tree removal that we can't do. Some trees are a little more difficult, require a crane, require a professional climber, for instance, so but we've used them occasionally at \$2,000, and it doesn't have to be this guy. You can hire a tree crew that comes out for a full day worth of work with five guys at \$2,000 a day, so we would add to the budget \$50,000 a year for tree maintenance, demossing demossing of all the trees, even crape myrtles, help they would also be able to help us with the removal still continue to help us with the removal of these difficult trees that we have. Sometimes we'll have a 70-foot pine. And I don't know about you, but I'm not climbing that 70-foot tree, not anymore. Back	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	MR. ROSS: I did get the report. Thank you. Notwithstanding the time constraints, I knew you would come through. I have complete confidence in you. What I really like about it is that it gave me an opportunity to see in writing some of the things I've heard you articulate during our meetings, during our conservations, and I think it's a wonderful kickstart towards going towards the process that I hope that the board is embracing. So I mean that very genuinely. Thank you. Continue to think about it, continue to brainstorm, continue to talk to those people, et cetera. What happened to me was, once I saw it is, I felt unprepared, and so what I'm going to ask of Severn Trent is that before our next workshop, if you could please have electronically circulated the specs for our
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	So the cost of something like that, I've already hired a tree service to help us with major tree removal that we can't do. 	another	1	MR. MAYS: Yes.
2	MR. CHESNEY: OLM's contract.	2	MR. VEGA: So the specs are the
. 3	MR. ROSS: kind of base point	3	contract. I just want to
4	okay. OLM's contract as well.	4	MR. MAYS: Yes.
5	MR. CHESNEY: So make that available for	5	MR. ROSS: And you're making my point.
6	the workshop.	6	I'm just missing my frame of reference.
7	MR. ROSS: But if you circulate them in	7	MR. VEGA: No. No. No problem. No
8	advance electronically.	8	problem. I'm just wanted to make sure that
9	MS. GRIFFITH: Let's see OLM's latest	9	you knew I was providing you two contracts,
10	report card.	10	and that everything was going to be in there.
11	MR. VEGA: I'm sorry?	11	I didn't want to mess you up.
12	MS. GRIFFITH: OLM, when they give their	12	MS. GRIFFITH: I'm sorry. Mark, there's
13	report to Davey, the latest report.	13	not an RFP?
14	MS. WHYTE: The inspection is there.	14	MR. VEGA: The RFP that OLM puts out is
15	MR. CHESNEY: I haven't looked in	15	basically the contract. They also just put in
16	awhile, but usually it's	16	there I'm doing the same process tomorrow
17	(Multiple speakers speaking at once.)	17	at 11:00 a.m., if anybody want to see it, at
18	MS. WHYTE: You'll have one next week.	18	Tampa Palms.
19	Right?	19	There's four pages in front of the
20	MR. MAYS: Oh, the inspection end	20	contract, which just tells you when the
21	MS. WHYTE: You'll have it before the	21	pre-bid is, how to get the quotes to OLM.
22	end for the next meeting.	22	MS. McCORMICK: All the instructions
23	MS. GRIFFITH: Okay. All right.	23	to
24	MR. ROSS: But you guys are busy enough.	24	MR. VEGA: All the directions. But the
25	So I'm specifically asking Severn Trent to	25	contract is the contract has all the specs
20		20

1	parks, but in two of our parks, Glencliff Park	1	work at I mean, he's taking care of that
2	and Baybridge Park, Glencliff Park, in	2	one on his own. He's following the warranty,
. 3	particular, around this roundabout is a wear	3	in other words.
4	pattern obviously from kids and adults and	4	MR. CHESNEY: He's going to do it.
5	whoever climbing on this thing, and they've	5	Okay.
6	wore this thing out in a way that it's	6	MR. MAYS: The guy that did the
7	starting to come apart.	7	Baybridge it's two different companies.
8	I think the stuff has been in for maybe	8	MR. CHESNEY: I understand that part. I
9	a year, and I believe it's got a two-year	9	quess
10	warranty, which on a the company that did	10	MR. MAYS: So Baybridge is under
11	the installation is refusing to warranty it,	11	warranty. He's honoring the warranty is my
12	because now they want to tell us that that	12	point. Glencliff is under warranty. He's not
13	apparatus you cannot they cannot warranty	13	under the warranty. So the guy that's doing
14	something around an apparatus like that piece	14	Baybridge, while he's out here, I got him to
15	of equipment.	15	give us a bid also to do that repair, and he
16	And I said, "Well, it would have been	16	suggests doing the repair all the way around
17	nice, you know, if you would have suggested	17	but doing it thicker, so and that's the
18	this before we put this piece of equipment in."	18	problem.
19	But he's refusing to do the warranty work on	19	It's only about an eight of inch thick
20	it.	20	around that, but that's just way too thin.
21	MS. McCORMICK: Didn't the Pour and Play	21	They didn't do it right from the beginning,
22	you're talking about Pour and Play. Right?	22	and I didn't know if this was something like,
23	MR. MAYS: Yes.	23	you know, Erin wants to jump into and
24	MS. McCORMICK: Wasn't that part of the	24	MR. CHESNEY: Well, the problem is, it
25	overall contract with the contractor with	25	probably costs \$2,000.
	Page 110		Page 112
1	Page 110 Dynamo?	1	Page 112 MS. McCORMICK: Yeah, I thought that the
1 2		1 2	
	Dynamo?		MS. McCORMICK: Yeah, I thought that the
2	Dynamo? MR. MAYS: Dynamo, yes.	2	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was
2 3	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the	2 3	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it.
2 3 4	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question?	2 3 4	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe
2 3 4 5 6 7	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of	2 3 4 5 6 7	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up.
2 3 4 5 6 7 8	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost?	2 3 4 5 6 7 8	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we
2 3 4 5 6 7 8 9	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000	2 3 4 5 6 7 8 9	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service.
2 3 4 5 6 7 8 9 10	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually	2 3 4 5 6 7 8 9 10	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I
2 3 4 5 6 7 8 9 10 11	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually to do a complete cut-out and not just to do	2 3 4 5 6 7 8 9 10 11	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I MR. CHESNEY: Do you have a suggestion?
2 3 4 5 6 7 8 9 10 11 12	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually to do a complete cut-out and not just to do the repair, I went to a different vendor,	2 3 4 5 6 7 8 9 10 11 12	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I MR. CHESNEY: Do you have a suggestion? Have it
2 3 4 5 6 7 8 9 10 11 12 13	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually to do a complete cut-out and not just to do the repair, I went to a different vendor, because this guy doesn't want to warranty it,	2 3 4 5 6 7 8 9 10 11 12 13	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I MR. CHESNEY: Do you have a suggestion? Have it MR. VEGA: Yeah, what I was going to
2 3 4 5 6 7 8 9 10 11 12 13 14	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually to do a complete cut-out and not just to do the repair, I went to a different vendor, because this guy doesn't want to warranty it, I'll be darned if I'm going to give him any	2 3 4 5 6 7 8 9 10 11 12 13 14	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I MR. CHESNEY: Do you have a suggestion? Have it MR. VEGA: Yeah, what I was going to suggest is that I agree with your comment,
2 3 4 5 6 7 8 9 10 11 12 13 14 15	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually to do a complete cut-out and not just to do the repair, I went to a different vendor, because this guy doesn't want to warranty it, I'll be darned if I'm going to give him any money. Excuse me.	2 3 4 5 6 7 8 9 10 11 12 13 14 15	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I MR. CHESNEY: Do you have a suggestion? Have it MR. VEGA: Yeah, what I was going to suggest is that I agree with your comment, that doesn't make sense to throw \$2,000 into
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually to do a complete cut-out and not just to do the repair, I went to a different vendor, because this guy doesn't want to warranty it, I'll be darned if I'm going to give him any money. Excuse me. But I went to a different vendor at	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I MR. CHESNEY: Do you have a suggestion? Have it MR. VEGA: Yeah, what I was going to suggest is that I agree with your comment, that doesn't make sense to throw \$2,000 into legal review for a \$2,000 fix. Under normal
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually to do a complete cut-out and not just to do the repair, I went to a different vendor, because this guy doesn't want to warranty it, I'll be darned if I'm going to give him any money. Excuse me. But I went to a different vendor at Baybridge Park. We've got some issues over	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I MR. CHESNEY: Do you have a suggestion? Have it MR. VEGA: Yeah, what I was going to suggest is that I agree with your comment, that doesn't make sense to throw \$2,000 into legal review for a \$2,000 fix. Under normal circumstances, I say, no, that's not being
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually to do a complete cut-out and not just to do the repair, I went to a different vendor, because this guy doesn't want to warranty it, I'll be darned if I'm going to give him any money. Excuse me. But I went to a different vendor at Baybridge Park. We've got some issues over there. And that rubber surface there is	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I MR. CHESNEY: Do you have a suggestion? Have it MR. VEGA: Yeah, what I was going to suggest is that I agree with your comment, that doesn't make sense to throw \$2,000 into legal review for a \$2,000 fix. Under normal circumstances, I say, no, that's not being smart; but if it turns out we're right and
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually to do a complete cut-out and not just to do the repair, I went to a different vendor, because this guy doesn't want to warranty it, I'll be darned if I'm going to give him any money. Excuse me. But I went to a different vendor at Baybridge Park. We've got some issues over there. And that rubber surface there is older. He's already agreed to do the warranty	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I MR. CHESNEY: Do you have a suggestion? Have it MR. VEGA: Yeah, what I was going to suggest is that I agree with your comment, that doesn't make sense to throw \$2,000 into legal review for a \$2,000 fix. Under normal circumstances, I say, no, that's not being smart; but if it turns out we're right and Dynamo has to come out and do the fix, then
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually to do a complete cut-out and not just to do the repair, I went to a different vendor, because this guy doesn't want to warranty it, I'll be darned if I'm going to give him any money. Excuse me. But I went to a different vendor at Baybridge Park. We've got some issues over there. And that rubber surface there is older. He's already agreed to do the warranty work. He's coming in and redoing that whole	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I MR. CHESNEY: Do you have a suggestion? Have it MR. VEGA: Yeah, what I was going to suggest is that I agree with your comment, that doesn't make sense to throw \$2,000 into legal review for a \$2,000 fix. Under normal circumstances, I say, no, that's not being smart; but if it turns out we're right and Dynamo has to come out and do the fix, then won't that arguably re-extend a warranty for
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually to do a complete cut-out and not just to do the repair, I went to a different vendor, because this guy doesn't want to warranty it, I'll be darned if I'm going to give him any money. Excuse me. But I went to a different vendor at Baybridge Park. We've got some issues over there. And that rubber surface there is older. He's already agreed to do the warranty work. He's coming in and redoing that whole thing.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I MR. CHESNEY: Do you have a suggestion? Have it MR. VEGA: Yeah, what I was going to suggest is that I agree with your comment, that doesn't make sense to throw \$2,000 into legal review for a \$2,000 fix. Under normal circumstances, I say, no, that's not being smart; but if it turns out we're right and Dynamo has to come out and do the fix, then won't that arguably re-extend a warranty for another two years on the new work that's done?
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually to do a complete cut-out and not just to do the repair, I went to a different vendor, because this guy doesn't want to warranty it, I'll be darned if I'm going to give him any money. Excuse me. But I went to a different vendor at Baybridge Park. We've got some issues over there. And that rubber surface there is older. He's already agreed to do the warranty work. He's coming in and redoing that whole thing. MR. CHESNEY: When you say "do the	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I MR. CHESNEY: Do you have a suggestion? Have it MR. VEGA: Yeah, what I was going to suggest is that I agree with your comment, that doesn't make sense to throw \$2,000 into legal review for a \$2,000 fix. Under normal circumstances, I say, no, that's not being smart; but if it turns out we're right and Dynamo has to come out and do the fix, then won't that arguably re-extend a warranty for another two years on the new work that's done? And so it's not that we're amortizing
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	 Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually to do a complete cut-out and not just to do the repair, I went to a different vendor, because this guy doesn't want to warranty it, I'll be darned if I'm going to give him any money. Excuse me. But I went to a different vendor at Baybridge Park. We've got some issues over there. And that rubber surface there is older. He's already agreed to do the warranty work. He's coming in and redoing that whole thing. MR. CHESNEY: When you say "do the warranty work," like 	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I MR. CHESNEY: Do you have a suggestion? Have it MR. VEGA: Yeah, what I was going to suggest is that I agree with your comment, that doesn't make sense to throw \$2,000 into legal review for a \$2,000 fix. Under normal circumstances, I say, no, that's not being smart; but if it turns out we're right and Dynamo has to come out and do the fix, then won't that arguably re-extend a warranty for another two years on the new work that's done? And so it's not that we're amortizing your review costs I don't think it's going
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	Dynamo? MR. MAYS: Dynamo, yes. MS. McCORMICK: So Dynamo should be the one that's dealing with the subcontractor. MR. CHESNEY: Yeah. Let me can I ask you one more question? So what approximately what type of cost is this, replacement cost? MR. MAYS: The repair is about \$2,000 repair, 2200 for a repair, but that's actually to do a complete cut-out and not just to do the repair, I went to a different vendor, because this guy doesn't want to warranty it, I'll be darned if I'm going to give him any money. Excuse me. But I went to a different vendor at Baybridge Park. We've got some issues over there. And that rubber surface there is older. He's already agreed to do the warranty work. He's coming in and redoing that whole thing. MR. CHESNEY: When you say "do the	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	MS. McCORMICK: Yeah, I thought that the Pour and Play, when it was poured, it all was poured as one piece, so if you cut part of it out, I'm concerned it's going to affect the integrity of the remaining portion of it. MR. ROSS: That's exactly what I believe would happen. I was going to offer that up. And then we're ruining our warranty that we have for the remainder of the service. MR. MAYS: Well, I MR. CHESNEY: Do you have a suggestion? Have it MR. VEGA: Yeah, what I was going to suggest is that I agree with your comment, that doesn't make sense to throw \$2,000 into legal review for a \$2,000 fix. Under normal circumstances, I say, no, that's not being smart; but if it turns out we're right and Dynamo has to come out and do the fix, then won't that arguably re-extend a warranty for another two years on the new work that's done? And so it's not that we're amortizing

28 (Pages 109 to 112)

	Page 113		Page 115
1		1	MR. ROSS: And to communicate as
2	work, potentially amortizing that over	2	
. 3	whatever is the replacement fix as well. And so if this is going to keep	3	appropriate. So sometimes, as you well know, it's helpful to have a phone call from a
4	happening over and over again where it fails	4	lawyer instead of a phone call from somebody
5	every 18 months and we're always trying to	5	else.
6	preserve the warranty, I think it would	6	
7	behoove us to have an understanding from legal	7	If she thinks in her judgment that to pick up the phone and call somebody, let's do
8	counsel as to what's our opportunities and	8	it.
9	rights, et cetera.	9	MR. CHESNEY: Okay. Awesome.
10	MR. CHESNEY: Okay. So you guys' input,	10	MR. MAYS: If they're going to fix it
11	so I mean		the way it's been fixed before, it's just
12	MS. GRIFFITH: I haven't read the	12	going to tear up again in six more months. It
13	warranty. I don't know what the warranty	13	needs to be fixed right and not just repaired.
14	says. I don't know why he's not honoring it.	14	MR. CHESNEY: Do you have anything
15	It seems to me that he seems to feel that he	15	further?
16	has grounds not to honor it.	16	MR. MAYS: No.
17	So I don't know under what grounds that	17	MR. CHESNEY: Okay. So Mr. Doster
18	he's saying that he doesn't need to honor the	18	MR. DOSTER: Yes.
19	warranty, that it was not proper use of the	19	MR. CHESNEY: now is your time on the
20	park or not proper use of the	20	agenda. I apologize. It ran a little longer.
21	MR. MAYS: He's just saying because of	21	MR. DOSTER: Thank you.
22	excess wear and tear because of that piece of	22	MR. CHESNEY: But Mr. Lewis has to
23	equipment.	23	leave, so get to the gist quickly.
24	Well, I said, "You didn't put that in	24	MR. DOSTER: My name is George Doster.
25	your warranty."	25	I'm a Boy Scout with Troop 46.

	MS. GRIFFITH: Right. So, I guess I		MR. CHESNEY: And you live in Westchase.
2	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the	2	MR. CHESNEY: And you live in Westchase. What's your address?
2 3	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds	2 3	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive,
2 3 4	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm	2 3 4	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive, right over there, and I've lived in Westchase
2 3 4 5	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm misremembering this, but I thought that we did	2 3 4 5	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive, right over there, and I've lived in Westchase my entire life practically.
2 3 4 5 6	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm misremembering this, but I thought that we did one contract	2 3 4 5 6	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive, right over there, and I've lived in Westchase my entire life practically. So I'm approaching Eagle Scout, and part
2 3 4 5 6 7	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm misremembering this, but I thought that we did one contract MR. CHESNEY: Contract per park.	2 3 4 5 6 7	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive, right over there, and I've lived in Westchase my entire life practically. So I'm approaching Eagle Scout, and part of your Eagle Scout requirement is to complete
2 3 4 5 6 7 8	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm misremembering this, but I thought that we did one contract MR. CHESNEY: Contract per park. MS. McCORMICK: for the entire park.	2 3 4 5 6 7 8	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive, right over there, and I've lived in Westchase my entire life practically. So I'm approaching Eagle Scout, and part of your Eagle Scout requirement is to complete a service project requirement with respect to
2 3 4 5 6 7 8 9	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm misremembering this, but I thought that we did one contract MR. CHESNEY: Contract per park. MS. McCORMICK: for the entire park. So they picked the equipment, and they picked	2 3 4 5 6 7 8 9	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive, right over there, and I've lived in Westchase my entire life practically. So I'm approaching Eagle Scout, and part of your Eagle Scout requirement is to complete a service project requirement with respect to the community, so I'm kind of been thinking
2 3 4 5 6 7 8 9 10	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm misremembering this, but I thought that we did one contract MR. CHESNEY: Contract per park. MS. McCORMICK: for the entire park. So they picked the equipment, and they picked the surface. It doesn't make sense that they	2 3 4 5 6 7 8 9 10	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive, right over there, and I've lived in Westchase my entire life practically. So I'm approaching Eagle Scout, and part of your Eagle Scout requirement is to complete a service project requirement with respect to the community, so I'm kind of been thinking of what needs to be benefit like what I could do to help benefit the community. And I looked down at my six-month-year-
2 3 4 5 6 7 8 9 10 11	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm misremembering this, but I thought that we did one contract MR. CHESNEY: Contract per park. MS. McCORMICK: for the entire park. So they picked the equipment, and they picked the surface. It doesn't make sense that they would say that the equipment was not suitable	2 3 4 5 6 7 8 9 10 11	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive, right over there, and I've lived in Westchase my entire life practically. So I'm approaching Eagle Scout, and part of your Eagle Scout requirement is to complete a service project requirement with respect to the community, so I'm kind of been thinking of what needs to be benefit like what I could do to help benefit the community.
2 3 4 5 6 7 8 9 10 11 12	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm misremembering this, but I thought that we did one contract MR. CHESNEY: Contract per park. MS. McCORMICK: for the entire park. So they picked the equipment, and they picked the surface. It doesn't make sense that they would say that the equipment was not suitable for the surface. MR. MAYS: Correct. MS. GRIFFITH: So do you think maybe	2 3 4 5 6 7 8 9 10 11 12 13 14	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive, right over there, and I've lived in Westchase my entire life practically. So I'm approaching Eagle Scout, and part of your Eagle Scout requirement is to complete a service project requirement with respect to the community, so I'm kind of been thinking of what needs to be benefit like what I could do to help benefit the community. And I looked down at my six-month-year- old puppy and realized she had no place to go have a dog park, you know, a place to get off
2 3 4 5 6 7 8 9 10 11 12 13	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm misremembering this, but I thought that we did one contract MR. CHESNEY: Contract per park. MS. McCORMICK: for the entire park. So they picked the equipment, and they picked the surface. It doesn't make sense that they would say that the equipment was not suitable for the surface. MR. MAYS: Correct.	2 3 4 5 6 7 8 9 10 11 12 13	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive, right over there, and I've lived in Westchase my entire life practically. So I'm approaching Eagle Scout, and part of your Eagle Scout requirement is to complete a service project requirement with respect to the community, so I'm kind of been thinking of what needs to be benefit like what I could do to help benefit the community. And I looked down at my six-month-year- old puppy and realized she had no place to go
2 3 4 5 6 7 8 9 10 11 12 13 14	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm misremembering this, but I thought that we did one contract MR. CHESNEY: Contract per park. MS. McCORMICK: for the entire park. So they picked the equipment, and they picked the surface. It doesn't make sense that they would say that the equipment was not suitable for the surface. MR. MAYS: Correct. MS. GRIFFITH: So do you think maybe	2 3 4 5 6 7 8 9 10 11 12 13 14	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive, right over there, and I've lived in Westchase my entire life practically. So I'm approaching Eagle Scout, and part of your Eagle Scout requirement is to complete a service project requirement with respect to the community, so I'm kind of been thinking of what needs to be benefit like what I could do to help benefit the community. And I looked down at my six-month-year- old puppy and realized she had no place to go have a dog park, you know, a place to get off
2 3 4 5 6 7 8 9 10 11 12 13 14 15	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm misremembering this, but I thought that we did one contract MR. CHESNEY: Contract per park. MS. McCORMICK: for the entire park. So they picked the equipment, and they picked the surface. It doesn't make sense that they would say that the equipment was not suitable for the surface. MR. MAYS: Correct. MS. GRIFFITH: So do you think maybe we're just talking to the wrong person?	2 3 4 5 6 7 8 9 10 11 12 13 14 15	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive, right over there, and I've lived in Westchase my entire life practically. So I'm approaching Eagle Scout, and part of your Eagle Scout requirement is to complete a service project requirement with respect to the community, so I'm kind of been thinking of what needs to be benefit like what I could do to help benefit the community. And I looked down at my six-month-year- old puppy and realized she had no place to go have a dog park, you know, a place to get off leash in our community. So I thought about
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm misremembering this, but I thought that we did one contract MR. CHESNEY: Contract per park. MS. McCORMICK: for the entire park. So they picked the equipment, and they picked the surface. It doesn't make sense that they would say that the equipment was not suitable for the surface. MR. MAYS: Correct. MS. GRIFFITH: So do you think maybe we're just talking to the wrong person? MS. McCORMICK: I think we should be	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive, right over there, and I've lived in Westchase my entire life practically. So I'm approaching Eagle Scout, and part of your Eagle Scout requirement is to complete a service project requirement with respect to the community, so I'm kind of been thinking of what needs to be benefit like what I could do to help benefit the community. And I looked down at my six-month-year- old puppy and realized she had no place to go have a dog park, you know, a place to get off leash in our community. So I thought about how we could make this happen. And I would
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm misremembering this, but I thought that we did one contract MR. CHESNEY: Contract per park. MS. McCORMICK: for the entire park. So they picked the equipment, and they picked the surface. It doesn't make sense that they would say that the equipment was not suitable for the surface. MR. MAYS: Correct. MS. GRIFFITH: So do you think maybe we're just talking to the wrong person? MS. McCORMICK: I think we should be talking to the contractor for the overall park. MR. LEWIS: I was just going to add, I	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	MR. CHESNEY: And you live in Westchase. What's your address? MR. DOSTER: I live on Parley Drive, right over there, and I've lived in Westchase my entire life practically. So I'm approaching Eagle Scout, and part of your Eagle Scout requirement is to complete a service project requirement with respect to the community, so I'm kind of been thinking of what needs to be benefit like what I could do to help benefit the community. And I looked down at my six-month-year- old puppy and realized she had no place to go have a dog park, you know, a place to get off leash in our community. So I thought about how we could make this happen. And I would like to propose that we build a dog park. I have two locations that would be ideal, and a whole thing of signatures to back
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	MS. GRIFFITH: Right. So, I guess I mean, in other words, if we take a look at the warranty and we feel that we have grounds MS. McCORMICK: Yeah, maybe I'm misremembering this, but I thought that we did one contract MR. CHESNEY: Contract per park. MS. McCORMICK: for the entire park. So they picked the equipment, and they picked the surface. It doesn't make sense that they would say that the equipment was not suitable for the surface. MR. MAYS: Correct. MS. GRIFFITH: So do you think maybe we're just talking to the wrong person? MS. McCORMICK: I think we should be talking to the contractor for the overall park.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	MR. CHESNEY: And you live in Westchase. What's your address? MR. 1	civil engineer that I discussed earlier. But		MR. DOSTER: So, yeah, if you can pass
2	it would make a lot of sense for this to	2	that real quick. I kind of drew it. I'll
3	happen.	3	pass it around once more. That was drawn on
4	MR. CHESNEY: Mr. Ross.	4	my computer real quick.
5	MR. ROSS: Love your presentation.	5	I would have a fencing contractor come
6	Thanks for come down and sharing with us.	6	out and get bids to put a fence,
7	It seems like you covered a lot of the	7	professionally installed fence, and I will
8	bases, and that's a good thing. Our community	8	also have a shade structure and benches
9	has actually studied this in the past, and it	9	underneath the shade structure for the dog
10	wasn't this organization. I believe it was	10	owners to sit at. We'll have trash cans and a
11	the homeowner association's governmental	11	double gate, so you can walk in through the
12	affairs committee, and they met with the	12	gate and let your dog off leash, and then open
13	county and all kinds of stuff.	13	the other gate, so the dog can go into the
14	I don't recall the history to that, so I	14	park.
15	think to some degree our consideration of your	15	And we also have dog bag stations. And
16	suggestion does involve us going back and	16	if you know, by the ping-pong tables, there's
17	understanding what's already been looked at,	17	already a dog bag station, which, if this were
18	studied, accepted, rejected, and all that kind	18	to be put in right here, we could move it, and
19	of stuff.	19	that would be real simple.
20	MR. DOSTER: Uh-huh.	20	MS. GRIFFITH: So a fence, benches,
21	MR. ROSS: But, again, good	21	trash cans, a double gate, a dog bag station.
22	presentation.	22	And there was something else.
23	MS. GRIFFITH: I want to say, first of	23	MR. DOSTER: Shade structure.
24	all, congratulations. I have a feeling you're	24	MS. GRIFFITH: Shade structure. What
25	going to get your Eagle Scout. Incredibly	25	about water?
	Page 122		Page 124
1	Page 122	1	Page 124
1	I'm sure your parents are incredibly proud.	1	MR. DOSTER: Yes. We also explored
2	I'm sure your parents are incredibly proud. You are doing a fantastic job.	2	MR. DOSTER: Yes. We also explored having water for the dogs, drinking stations

	Page 125		Page 127
1		1	
1 2	MR. CHESNEY: Do you have any idea of		CDD. You got a better idea than I do.
. 3	the approximate cost of the project? MR. DOSTER: I have no idea. But I know	3	MS. GRIFFITH: Keep in mind, though, that even this location, it's pedestrian
4	the fencing and the cost to put the fencing in	4	friendly for the people who live in the
5	and probably shade structure is what we're	5	Village.
6	most concerned about. Everything else, the	6	MR. DOSTER: Yes, Uh-huh.
7	Scouts could install, and that shouldn't be	7	MS. GRIFFITH: Westchase, of course,
8	too much or shouldn't be enough to outweigh	8	spans all the way around to Glencliff Park,
9	the fact of not doing it, so	9	and so those people would still have to drive.
10	MR. CHESNEY: Okay. Because, I mean, we	10	MR. DOSTER: Well, you see people
11	had looked at a dog park in this community in	11	walking over to Starbucks a lot of time with
12	the past, and it was I think we had a	12	their dogs. Like, typically, I know a lot of
13	budget of between twenty and twenty five	13	people wouldn't mind taking their dog for a
14	thousand dollars approximately, something like	14	walk to the park.
15	that, for, you know, the area we selected.	15	MS. GRIFFITH: You know what I'm saying
16	MS. GRIFFITH: And what was the area	16	is, no matter where you put it in Westchase,
17	where they were thinking about doing it in the	17	somebody is walking to the park, and somebody
18	past? Where were they going to put it?	18	is driving to the park.
19	MR. CHESNEY: Well, it was really kind	19	MR. DOSTER: Yeah. But it would make
20	of just me, so I don't know that we were ever	20	more sense to have the majority of people
21	thinking about doing it. It was in front of	21	or a lot of people at least be able to walk to
22	the substation, and that area also required a	22	the park, rather than having everyone have to
23	great deal of fill.	23	drive to the park, so
24	And I'll be frank. I mean, I just kind	24	MS. GRIFFITH: Yeah.
25	of stopped it because of there was a talk at	25	MR. CHESNEY: I'm curious. Why I
	Page 126		Page 128
1	that time of developing a community not a	1	hadn't really thought about putting it there.
2	community. I'm trying to think of the word	2	How come you suggest putting it on the
3	a regional dog park put forth by Hillsborough	3	side closer to the playground with the kids
4	County.	4	versus the other side, which is where I kind
5	At one point, we had offered the land	5	of see more animal activity?
6	near the library for it, and they ended up	6	MR. DOSTER: Well, the problem with
7	doing it near the transportation center.	7	putting it on the other side, as I discussed
8	MR. DOSTER: So one thing about the	8	earlier, that's a big, long field, and we can
9	substation property that you discussed. That	9	certainly put it there, but it's going to be
10	is, TECO has the rights to that, so that would	10	breaking up the long field by sticking a fence
11	be very challenging to be able to build a dog	11	in there for the dogs, so
12	park there.	12	MR. CHESNEY: Well, what if you put it
13	And they also have we're not sure if	13	at the end closest to the apartment's pools?
14	it's in use, but they have like a road that	14	MR. DOSTER: Yeah. It would honestly
15	runs through the middle, but we could	15	give us more room to work with, but I figured
16	potentially have a place there, but it would	16	the community might be more easily accepting
17	be a lot easier if we had it in a more	17	if it was taking up a smaller space.
18	centralized location.	18	I mean, that entire that entire block
19 20	And, as well, the library, if we were to	19 20	behind the bandshell and in front of the
20 21	put it off in a place like the library, that	20	bandshell, that's all prime location for a dog
21 22	would require people to put their dogs into their car and drive over, which is the reason	22	park. MR. MILLS: Greg.
23	why I'm trying to have this happen, so people	23	MR. MILLS: Greg. MR. CHESNEY: Yes. Mr. Mills.
23 24	wouldn't have to do that.	24	MR. CHESNET: Tes. Mr. Mills. MR. MILLS: Thank you. So we appreciate
25	MR. CHESNEY: You should run for the	25	you bringing this forward. I would echo

32 (Pages 125 to 128)

	Page 129		Page 131
1	Mr. Ross' comments.	1	MS. GRIFFITH: Thank you.
2	I believe Joe Oda and the government	2	MR. LEWIS: Sorry. Thank you very much.
. 3	affairs committee spent quite a bit of time on	3	I thought you did a great job.
4	a project like this not too long ago. If I	4	MR. DOSTER: Thank you.
5	understand correctly, the county looked at	5	MR. LEWIS: It takes a lot of guts to
6	like ten different locations, and ended up	6	get up in front of adults and do that, and you
7	landing on somewhere down by the bus center.	7	did very well.
8	I would want to know more about why it	8	MR. CHESNEY: Mr. Barrett, do you have a
9	didn't end up in Westchase at that time. And	9	question for Mr. Doster?
10	contrary to Mrs. Griffith's comments, I have	10	MR. BARRETT: I think Mr. Doster has the
11	actually gotten a call which I don't ever	11	smarter place. From a very selfish
12	get a call from anybody in opposition to	12	perspective, that green area is used by events
13	this, so not everybody is aligned on this	13	like the Great West Chase, the long green area
14	potential project.	14	to the south, and if you put a dog park there,
15	I would like to learn more somehow about	15	you would make it almost impossible for the
16	what's been done previously and why Westchase	16	Great West Chase to continue using that spot,
17	was not selected as a location the first time	17	and that spot preserves that long green place
18	around and it ended up down by the bus	18	for all sorts of creative uses for
19	center.	19	MR. CHESNEY: Concerts.
20	MR. DOSTER: So I actually spoke with	20	MR. BARRETT: concerts, festivals, et
21	Mr. Oda. I had a meeting with him, and we	21	cetera, because the bandshell opens it, and
22	discussed his past efforts. And the main	22	the dog park is up there tucked away and
23	problem he seemed to run into was finding land	23	leaves that green space in place, so I think
24	to do it. Obviously he couldn't find it in	24	he's thought it through personally.
25	Westchase, so he had to move it down on	25	MR. DOSTER: And while the other place

1	and I would ask and I can't make him do it,	1	resources. That's a call for you to make,
2	but, you know, I would be interested if	2	Scott.
. 3	Mr. Barrett ran an article or included it in	3	MR. DOSTER, SR.: Okay.
4	our CDD article, if he would be inclined, that	4	MR. ROSS: I will note for the record I
5		5	don't think I knew the word "plausible" when I
6	that might also give us some additional feedback from the residents.	6	was 15, so I commend you for using that word,
7	MS. GRIFFITH: Perhaps a poll on the	7	much less spell it or anything else.
8	Westchase	8	MR. CHESNEY: Well, I will I'm not
9	MR. CHESNEY: Well, specific to his	9	going to tell you whether or not I mean,
10	location, I think that would be what's	10	ultimately, we don't have enough information
11		11	to make a decision, but I will say that if it
12	important. And then after our workshop, I think we	12	seems plausible or we decide to do it, I will
13	can maybe communicate better with you on	13	personally pledge a thousand dollars towards
14	whether or not we think it's plausible. It	14	your towards it.
15	would be helpful if we had well, not	15	MR. DOSTER: Thank you very much.
16	really.	16	So what just from a recommendation
17	I was going to say about the budget, but	17	standpoint, what direction do you recommend
18	I don't think the budget is a really big deal.	18	that I
19		19	MR. ROSS: You need to share with us
20	MR. DOSTER: And one last thing. For my portion of this, it's over I have time	20	your time constraints. If you have a sheet
20	constraints that I need to get Eagle done by a	21	that sets that forth, let us know what that
22	certain amount of time.	22	is.
23	So I would like to know. not to be pushy	23	MR. DOSTER: Okay. Yeah. And obviously
24	or anything, but sort of sooner rather than	24	it's not it's about Westchase and not about
25	later, if I should do the preliminary work to	25	my personal Eagle commitments, but I would
23			my personal Lagie communents, but I would
	Page 134		Page 136
1	see like the fencing contractors and all that	1	like to be able to apply something like this
2	sort of stuff, just start setting that in	2	to my Eagle
3	place. So I don't know if I should start	3	MR. ROSS: No. I get it. I'm just
4	doing that now or what you guys would	4	saying share with us what your time
5	recommend.	5	constraints are, so we will have a sense
б	MR. CHESNEY: I would recommend you wait	6	whether we're going too slow or not being
7	until after the December 4th meeting	7	helpful.
8	MR. DOSTER: Okay.	8	MR. DOSTER: Okay.
9	MR. CHESNEY: that we have.	9	MR. CHESNEY: Just so it's be clear,
10	Do you have something?	10	it's only a dog park, and not another Eagle
11	MR. DOSTER, SR.: I have a question.	11	project.
12	Would it be helpful if the civil engineer	12	MR. DOSTER: No. I'm way past that
13	provides a preliminary document that, you know,	13	part, so
14	denoted where it would go and how it would be	14	MR. CHESNEY: Thank you very much.
15	laid out so that you could have quantities and	15	MR. DOSTER: Thank you.
16		16	MR. CHESNEY: You did a great job. All
17	MR. CHESNEY: Probably. I mean, I	17	right. Yes. Are you doing audience
18	guess, I mean	18	comments?
19	MR. DOSTER, SR.: Provide a napkin	19	Are you doing I'm actually on
20	budget just based on a conceptual design.	20	audience comments. Are you doing this as an
21	MR. CHESNEY: Yeah.	21	audience member? Yes.
22	MR. ROSS: Just to follow up, no	22	MS. WHYTE: I guess I could. I
23	question the more information we have, the	23	neglected to ask. I was contacted by the
24	better and easier and all that, but I would	24	apartment complex. They have a 20-foot tree
25	just hate for you to go through expenditure of	25	that is going up that they purchased last

34 (Pages 133 to 136)

	Page 137		Page 139
1	year. There was a piece missing, so they	1	MR. BARRETT: The workshop is not closed
2	couldn't use it last year. That's why they	2	to the public. Right?
3	had the small one.	3	MR. CHESNEY: Correct, it's not.
4	One of the questions was, would you like	4	MR. ROSS: But it's closed to media.
5	to see this 20-foot tree, which I rather	5	Right?
6	the circumference is rather large, on the	6	MR. CHESNEY: It's not closed to anyone.
7	grass where Duncan was, or would you like to	7	Okay. A motion to adjourn would be in
8	prefer to see it on the brick pavers, so we	8	order.
9	don't damage the grass? That was the question	9	MR. ROSS: So moved. Ask Jim
10	that was asked of me.	10	MR. CHESNEY: Jim, anything you have?
11	MR. ROSS: My vote is whatever you	11	MR. MILLS: No, but I appreciate you
12	recommend.	12	indulging me by phone.
13	MS. WHYTE: Do you have any preferences?	13	MR. CHESNEY: Hey, you know, over the
14	MS, GRIFFITH: Grass.	14	years I can say we tried this over the
15	MS. WHYTE: Grass. Okay. Let's do	15	years. This is the first time I think it has
16	that. Thank you.	16	actually worked properly.
17	MR. CHESNEY: Sounds great.	17	MS. McCORMICK: It worked.
18	MS. WHYTE: Thank you.	18	MR. CHESNEY: So I don't know what
19	MR. CHESNEY: Any other audience	19	you're doing, but whatever it is, is fine.
20	comments?	20	AUDIENCE SPEAKER: It's probably a
21	(No response.)	21	brand-new phone.
22	MR. CHESNEY: Fantastic. Wow, that's	22	THE COURT: Is that what it is? I mean,
23	great.	23	this was beautiful.
24	Any supervisor comments? Mr. Ross.	24	MR. ROSS: I'll move to adjourn.
25	MR. ROSS: Any update about the golf	25	MR. CHESNEY: Okay. Is there a second?
	Page 138		Page 140
1	course?	1	MS. GRIFFITH: Second.
2	MR. CHESNEY: Nope.	2	MR. CHESNEY: Second. All in favor,
3	Any other supervisor comments?	3	signify by saying aye.
4	MS. GRIFFITH: I wanted to ask I	4	(All board members signify in the
5	think we may have talked about this in the	5	affirmative, and the motion passes.)
6	past. But I drove by the signs, the black and	6	MR. CHESNEY: Thank you.
7	gold signs that are antique, you know, the	7	(The meeting adjourns at 6:10 p.m.)
8	ones that say like "Rec Center," "Turn Right,"	8	(
9	you know.	9	\sim 1 m
10	MR. MAYS: Oh. Yeah. Yeah.	10	$C \sim \rho / M$
11	MS. GRIFFITH: Can we get rid of those?	11	Samer. Juls
12	MR. MAYS: We've got a new one ordered.	12	James P. Mills, Chairman
13	MS, GRIFFITH: Yes. Thank you, All	13	
14	right.	14	
15	MR. CHESNEY: Great minds think alike.	15	
16	MR. MAYS: Just waiting on our vendor to	16	
17	get it prepared properly this time a little	17	
18	bit better ones, so	18	
19	MS. GRIFFITH: Okay. Yeah. Everything	19	
20	else is all I'm saving it for the workshop.	20	
21	MR. CHESNEY: Okay.	21	
22	MR. ROSS: It's going to be a doozy of a	22	
23	workshop.	23	
24	MR. CHESNEY: Any other supervisor	24	
25	comments?	25	

35 (Pages 137 to 140)
