I have not heard anybody requesting any of those items to pulled. We have approval of the October 4, 2016 minutes. We have acceptance of the financial

	Page 5		Page 7
1	which amends the fiscal year 2017 budget.	1	was 23,000 on that, so for at least the
2	Do we have a motion relating to the	2	invoices we have. So that's one.
3	consent agenda?	3	And then the much larger one is, we have
4	MR. MILLS: So moved.	4	the projects for the parks, so we're using
5	MR. ARGUS: Both the Scrivener's	5	some of the funds that were accumulated from
6	changes	6	previous years, which wouldn't be on your
7	CHAIRMAN RAGUSA: Mr. Argus has two	7	current budget. It would be sitting on the
8	Scrivener errors where the word transcribed	8	balance sheet. So those funds were brought in
9	reads "Bernie," B-e-r-n-i-e. It should	9	to accommodate that.
10	actually read "Ernie," E-r-n-i-e. It's on	10	MR. BARRETT: And that's the third part
11	Page 31, Line 21, and Page 31, Line 23.	11	the third part of the four parts of the
12	MR. ARGUS: They're on the same page.	12	consent, the balance issue?
13	I'm sorry. I typed it wrong.	13	CHAIRMAN RAGUSA: Yes.
14	CHAIRMAN RAGUSA: You said it right. I	14	MR. BARRETT: Okay. Thank you.
15	was wrong. They're both on Page 31, Lines 21	15	MR. MENDENHALL: And the details, I can
16	and 23.	16	ship them off to you, the numbers, at least.
17	MR. ARGUS: Yes.	17	MR. BARRETT: Sure.
18	CHAIRMAN RAGUSA: Thank you.	18	CHAIRMAN RAGUSA: The engineer is not
19	MR. BARRETT: Could you give me the	19	here at the moment. Do we expect Tonja?
20	five-second version of the fiscal year budget	20	MR. MENDENHALL: Actually I talked to
21	changes, what that	21	Tonja earlier. She didn't anticipate being
22	(Ms. McCormick enters the room.)	22	here; however, she said she's available if you
23	CHAIRMAN RAGUSA: After we vote for it.	23	need to call her or have any questions for her
24	MR. BARRETT: Oh, I'm sorry.	24	or anything like that. She's on standby.
25	CHAIRMAN RAGUSA: All right. We have a	25	MR. MAYS: She's still working on the
	Page 6		Page 8
1		1	
1	motion to approve the content agenda.	1	project, the erosion repair, with Erin, I
2	Do we have a second?	2	believe, trying to get an agreement between
3 4	MR. ROSS: I'll second.	3 4	the two neighbors for access, so she's working
5	CHAIRMAN RAGUSA: All in favor of	5	on that, and one other erosion area back off
6	approving the consent agenda please raise your	6	Spring Rose. I think that was really all she had this month anyway.
7	hand. (All board members signify in the	7	
8	affirmative.)	8	CHAIRMAN RAGUSA: Okay. I was hoping that we'd hear from her as to whether, we
9	CHAIRMAN RAGUSA: That motion passes	9	needed in this Agenda Item Number Four is
10	five to nothing.	10	the erosion second opinion.
11	(Motion passes.)	11	MR. MENDENHALL: Do you want me to call
12	CHAIRMAN RAGUSA: Andy, do you want to	12	her real quick, or do you want to talk about
13	explain it?	13	it and then call her?
14	MR. MENDENHALL: Sure. At eye level,	14	MR. CHESNEY: We just got that stuff in.
15	basically what it is, is there are five items	15	CHAIRMAN RAGUSA: You want to table
16	that had to be slightly adjusted. There are	16	that?
17	three or four revenue items which more came in	17	MR. CHESNEY: Yes, I would prefer to.
18	than anticipated, as well there's plant	18	CHAIRMAN RAGUSA: Okay. Let's hold off
19	replacement, \$23,000, which was	19	on contacting Tonja then. Just to let the
20	MS. WHYTE: I think I have	20	other supervisors know, Andy did send out some
21	MR. MENDENHALL: What's that?	21	emails with contact information and background
22	MS. WHYTE: I think I have to adjust	22	information on geotechnical folks.
		I	_
23	that with Alan.	23	I also sent Andy an additional geotech
23 24	MR. MENDENHALL: Oh, okay. Well,	23	I also sent Andy an additional geotech company that is a statewide, nationwide
23			

Page 9 Page 11 1 1 have some good leads if we're going to go for MR. MENDENHALL: Okay. 2 2 a second opinion, or if we need geotechnical CHAIRMAN RAGUSA: And they do lake 3 services, which I understood Tonja to tell us 3 erosion and canal erosion, and that's what 4 at the last meeting StanTech does not provide, 4 they do really. 5 5 unless I heard -- that took me by surprise. MR. MENDENHALL: They do that as well, 6 MR. MENDENHALL: Can I interject? 6 yeah. I mean, a geotechnical firm will do the 7 7 CHAIRMAN RAGUSA: Absolutely. whole suite of services, whereas Tonja's firm, 8 8 MR. MENDENHALL: So what kind of Tonja they'll do -- hire stuff, people for erosion, 9 9 was alluding to, and she might not have been but they don't get into the underground type 10 very clear about this, is erosion she was not 10 of stuff, the geotechnical. 11 11 So I have some communities -- just as an actually considering geotechnical. 12 12 example, I have some communities that wind up She was considering work underground, 13 13 for lack of better words, geotechnical, having sinkholes open up in ponds, so the 14 14 because we were talking specifically about the regular civil engineers don't typically get 15 base at one of the parks. They -- erosion 15 involved in that. 16 16 They call out a geotechnical firm that repair, which she does, she -- that's within 17 the scope of what they do for engineering 17 will go poke and prod around the hole and find 18 services, but, you know, obviously, from a 18 out if it is truly a sinkhole or anything like 19 19 second opinion perspective, when she came to that. That's the type of stuff that Tonja 20 20 the board and talked about potentially won't do. But bank erosion, she does get into 21 \$5,000,000 worth of erosion repairs, certainly 21 that. 22 other firms can look at those erosion issues 22 CHAIRMAN RAGUSA: Mr. Ross. 23 23 MR. ROSS: Are there geotechnical issues and give you their thoughts on it also. 24 But she definitely does erosion work, 24 that impact bank erosion? 25 25 just to -- she evaluates erosion work. She MR. MENDENHALL: As far as I know -- and Page 10 Page 12 1 doesn't do the erosion work, but just to make 1 Tonja would be the person to ask this -- but 2 2 that clear. as far as I know, at this point, there's not. 3 CHAIRMAN RAGUSA: I don't think that 3 In fact, you have some existing erosion 4 4 clarified anything for me. issues, but I think Tonja's main thrust was, 5 5 MR. MENDENHALL: Sorry. you know, the potential for erosion problems, 6 CHAIRMAN RAGUSA: Maybe I'm a little 6 which you can cut off at the pass by doing 7 7 slow. What services do we potentially have some preventative measures, whether it be 8 8 the need to retain an expert on that would be plantings or shoring up certain areas so they 9 under the geotechnical umbrella? 9 don't get larger, that sort of thing. 10 10 MR. MENDENHALL: Well, as I understood I think, if I remember from two meetings 11 11 it, your geotechnical needs, at least in this back, part of her thrust was, look, you know, 12 12 particular scenario, involved an issue that you potentially could have \$5,000,000 in 13 13 you were having with one of the park grounds erosion repairs, but, you know, if you do some 14 14 where there was concern with the underlying preventative things, that might keep you from 15 soil and, you know, going down a few feet 15 going out far -- you know, as far as costs, 16 underneath where this soft base was going to 16 so --17 17 be laid. MR. ROSS: So if we get into analyzing 18 18 our erosion issues and whatever steps we need As far as your erosion repairs were more 19 specifically about, you know, you have a bunch 19 to undertake to handle those issues, we should 20 20 of ponds, and she was concerned that you're never hear from our engineer, "Oh, that's a 21 21 going to have some erosion repairs that you geotechnical issue; that's out of my scope." 22 might want to be proactive about. 22 MR. MENDENHALL: Well, I mean, it kind 23 CHAIRMAN RAGUSA: Okay. Because after 23 of depends on where the geotechnical issue is. 24 that meeting, I went out and talked to some 24 If you have a geotechnical issue that's at the 25 geotechnical folks. 25 bank of a pond, you know, something that is

	Page 13		Page 15
1	below the surface, so to speak, that causes an	1	there's actually seven or eight different
2	issue that causes a washout, that could	2	methods for doing curing our exact problem.
3	happen.	3	MR. MENDENHALL: Yes. I have seen
4	As far as what you have existing, I	4	different approaches
5	haven't heard Tonja allude to anything that is	5	CHAIRMAN RAGUSA: Right.
6	geotechnical-related, unless I'm missing	6	MR. MENDENHALL: with your problem
7	something, and we can verify it perhaps.	7	your type of problem.
8	That's very easy. But from what I understand,	8	CHAIRMAN RAGUSA: I've heard sitting
9	at least right now, there is no geotechnical	9	on this board, I've only heard really three
10	specific issues with the erosion.	10	approaches.
11	CHAIRMAN RAGUSA: Anything else on that	11	MR. MENDENHALL: Yeah. Primarily
12	issue?	12	MR. CHESNEY: Two. Well, a little bit
13	(No response.)	13	more
14	CHAIRMAN RAGUSA: All right. Then for	14	MR. MENDENHALL: Tonja, she primarily
15	Line Item Number Four, I'm going to go ahead	15	uses Biomass out here
16	and table that until next month.	16	CHAIRMAN RAGUSA: Right.
17	MR. BARRETT: And that's the	17	MR. MENDENHALL: and they do have a
18	consideration of the second opinion?	18	limited amount of approaches, and, in fact,
19	·	19	* *
	CHAIRMAN RAGUSA: Correct. So it will	20	they've tried a couple, and, you know, kind of
20	be on the December agenda. Yes, sir.		narrowed it down, what seems to work best.
21	MR. ARGUS: Will you be sending out	21	But you're right, there are other approaches.
22	information on that other firm?	22	CHAIRMAN RAGUSA: Okay. Anything else
23	MR. MENDENHALL: Yes, I certainly can.	23	on that issue?
24	And just to piggy-back off of that, did you	24	(No response.)
25	want me to verify that my understanding is	25	CHAIRMAN RAGUSA: Okay. All right.
	Page 14		Page 16
1	accurate, what I just explained with Tonja, no	1	Landscaping architect. Sonny, I think this
2		1	
	geotechnical issues with the erosion, that	2	one's yours, isn't it.
3	sort of thing?	3	one's yours, isn't it. MS. WHYTE: No. I think it's yours.
3 4	_		• •
	sort of thing?	3	MS. WHYTE: No. I think it's yours.
4	sort of thing? CHAIRMAN RAGUSA: I think it would be	3 4	MS. WHYTE: No. I think it's yours. CHAIRMAN RAGUSA: It's mine?
4 5	sort of thing? CHAIRMAN RAGUSA: I think it would be productive for you to have that discussion	3 4 5	MS. WHYTE: No. I think it's yours. CHAIRMAN RAGUSA: It's mine? MR. MENDENHALL: I think it's a
4 5 6	sort of thing? CHAIRMAN RAGUSA: I think it would be productive for you to have that discussion with her because next month, if we are going	3 4 5 6	MS. WHYTE: No. I think it's yours. CHAIRMAN RAGUSA: It's mine? MR. MENDENHALL: I think it's a combination. We had if I could I know
4 5 6 7	sort of thing? 4 5 6 7 8 9 10 11 12 13 14	sort of thing? CHAIRMAN RAGUSA: I think it would be productive for you to have that discussion with her because next month, if we are going to seek a second opinion, we should probably seek it from the right expert. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: Whether that's some type of civil engineer or whether that's a geotechnical engineer, I don't know. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: So I'd like to know, you know, what type of expert do we need. The	3 4 5 6 7 8 9 10 11 12 13 14	MS. WHYTE: No. I think it's yours. CHAIRMAN RAGUSA: It's mine? MR. MENDENHALL: I think it's a combination. We had if I could I know that the board had talked about the couple different areas where you're looking to maybe enhance things based on the fact that you had some existing issues and also you hadn't received anything forthcoming from your existing landscaper. I think Sonny has received some information from your existing landscaper as far as ideas, and also I have a list of four
4 5 6 7 8 9 10 11 12 13 14 15	sort of thing? CHAIRMAN RAGUSA: I think it would be productive for you to have that discussion with her because next month, if we are going to seek a second opinion, we should probably seek it from the right expert. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: Whether that's some type of civil engineer or whether that's a geotechnical engineer, I don't know. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: So I'd like to know, you know, what type of expert do we need. The thing that I'm most concerned about is, I want	3 4 5 6 7 8 9 10 11 12 13 14 15	MS. WHYTE: No. I think it's yours. CHAIRMAN RAGUSA: It's mine? MR. MENDENHALL: I think it's a combination. We had if I could I know that the board had talked about the couple different areas where you're looking to maybe enhance things based on the fact that you had some existing issues and also you hadn't received anything forthcoming from your existing landscaper. I think Sonny has received some information from your existing landscaper as far as ideas, and also I have a list of four companies that are landscape architect firms
4 5 6 7 8 9 10 11 12 13 14 15 16	sort of thing? CHAIRMAN RAGUSA: I think it would be productive for you to have that discussion with her because next month, if we are going to seek a second opinion, we should probably seek it from the right expert. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: Whether that's some type of civil engineer or whether that's a geotechnical engineer, I don't know. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: So I'd like to know, you know, what type of expert do we need. The	3 4 5 6 7 8 9 10 11 12 13 14 15 16	MS. WHYTE: No. I think it's yours. CHAIRMAN RAGUSA: It's mine? MR. MENDENHALL: I think it's a combination. We had if I could I know that the board had talked about the couple different areas where you're looking to maybe enhance things based on the fact that you had some existing issues and also you hadn't received anything forthcoming from your existing landscaper. I think Sonny has received some information from your existing landscaper as far as ideas, and also I have a list of four companies that are landscape architect firms that we have used that, certainly, if you
4 5 6 7 8 9 10 11 12 13 14 15 16 17	Sort of thing? CHAIRMAN RAGUSA: I think it would be productive for you to have that discussion with her because next month, if we are going to seek a second opinion, we should probably seek it from the right expert. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: Whether that's some type of civil engineer or whether that's a geotechnical engineer, I don't know. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: So I'd like to know, you know, what type of expert do we need. The thing that I'm most concerned about is, I want the right expert who has knowledge of lakeshore erosion and shore-bank erosion and	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	MS. WHYTE: No. I think it's yours. CHAIRMAN RAGUSA: It's mine? MR. MENDENHALL: I think it's a combination. We had if I could I know that the board had talked about the couple different areas where you're looking to maybe enhance things based on the fact that you had some existing issues and also you hadn't received anything forthcoming from your existing landscaper. I think Sonny has received some information from your existing landscaper as far as ideas, and also I have a list of four companies that are landscape architect firms that we have used that, certainly, if you decide that you wanted something that you want
4 5 6 7 8 9 10 11 12 13 14 15 16 17	Sort of thing? CHAIRMAN RAGUSA: I think it would be productive for you to have that discussion with her because next month, if we are going to seek a second opinion, we should probably seek it from the right expert. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: Whether that's some type of civil engineer or whether that's a geotechnical engineer, I don't know. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: So I'd like to know, you know, what type of expert do we need. The thing that I'm most concerned about is, I want the right expert who has knowledge of lakeshore erosion and shore-bank erosion and who has knowledge of the available	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	MS. WHYTE: No. I think it's yours. CHAIRMAN RAGUSA: It's mine? MR. MENDENHALL: I think it's a combination. We had if I could I know that the board had talked about the couple different areas where you're looking to maybe enhance things based on the fact that you had some existing issues and also you hadn't received anything forthcoming from your existing landscaper. I think Sonny has received some information from your existing landscaper as far as ideas, and also I have a list of four companies that are landscape architect firms that we have used that, certainly, if you decide that you wanted something that you want to go beyond your landscaper for, you can have
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	sort of thing? CHAIRMAN RAGUSA: I think it would be productive for you to have that discussion with her because next month, if we are going to seek a second opinion, we should probably seek it from the right expert. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: Whether that's some type of civil engineer or whether that's a geotechnical engineer, I don't know. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: So I'd like to know, you know, what type of expert do we need. The thing that I'm most concerned about is, I want the right expert who has knowledge of lakeshore erosion and shore-bank erosion and who has knowledge of the available methodologies for correcting and repairing and	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	MS. WHYTE: No. I think it's yours. CHAIRMAN RAGUSA: It's mine? MR. MENDENHALL: I think it's a combination. We had if I could I know that the board had talked about the couple different areas where you're looking to maybe enhance things based on the fact that you had some existing issues and also you hadn't received anything forthcoming from your existing landscaper. I think Sonny has received some information from your existing landscaper as far as ideas, and also I have a list of four companies that are landscape architect firms that we have used that, certainly, if you decide that you wanted something that you want to go beyond your landscaper for, you can have them out and kind of figure out exactly what
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	Sort of thing? CHAIRMAN RAGUSA: I think it would be productive for you to have that discussion with her because next month, if we are going to seek a second opinion, we should probably seek it from the right expert. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: Whether that's some type of civil engineer or whether that's a geotechnical engineer, I don't know. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: So I'd like to know, you know, what type of expert do we need. The thing that I'm most concerned about is, I want the right expert who has knowledge of lakeshore erosion and shore-bank erosion and who has knowledge of the available methodologies for correcting and repairing and remitting.	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	MS. WHYTE: No. I think it's yours. CHAIRMAN RAGUSA: It's mine? MR. MENDENHALL: I think it's a combination. I think Sonny has received some information from your existing landscaper as far as ideas, and also I have a list of four companies that are landscape architect firms that we have used that, certainly, if you decide that you wanted something that you want to go beyond your landscaper for, you can have them out and kind of figure out exactly what can work in those areas. CHAIRMAN RAGUSA: Mr. Ross. MR. ROSS: Am I correct that the
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Sort of thing? CHAIRMAN RAGUSA: I think it would be productive for you to have that discussion with her because next month, if we are going to seek a second opinion, we should probably seek it from the right expert. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: Whether that's some type of civil engineer or whether that's a geotechnical engineer, I don't know. MR. MENDENHALL: Sure. CHAIRMAN RAGUSA: So I'd like to know, you know, what type of expert do we need. The thing that I'm most concerned about is, I want the right expert who has knowledge of lakeshore erosion and shore-bank erosion and who has knowledge of the available methodologies for correcting and repairing and remitting. MR. CHESNEY: Yes.	3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	MS. WHYTE: No. I think it's yours. CHAIRMAN RAGUSA: It's mine? MR. MENDENHALL: I think it's a combination. We had if I could I know that the board had talked about the couple different areas where you're looking to maybe enhance things based on the fact that you had some existing issues and also you hadn't received anything forthcoming from your existing landscaper. I think Sonny has received some information from your existing landscaper as far as ideas, and also I have a list of four companies that are landscape architect firms that we have used that, certainly, if you decide that you wanted something that you want to go beyond your landscaper for, you can have them out and kind of figure out exactly what can work in those areas. CHAIRMAN RAGUSA: Mr. Ross.

Page 17 Page 19 1 1 receiving some ideas, or is this something MR. ARGUS: So they actually have a 2 2 they offered on their own out of the blue? landscaping architect. 3 MR. MENDENHALL: I think they were 3 MS. WHYTE: They do. They do. And one 4 4 prompted probably. of the things they suggested, which he was 5 5 MS. WHYTE: We had a discussion after very excited about, West Park Village, around 6 the meeting. They were in our office, and the 6 the fountain, we have crape myrtles. He 7 7 next thing I know, they had their architect suggested, because the crapes are always 8 8 come out, and he did come up with some unique struggling, and I'm not sure that that -- Doug 9 9 ideas. And I posted them for you, just to and I both are not convinced on that, but 10 give you a general idea, some pricing, 10 suggested doing red maples. 11 11 obviously none of it is cast in stone. And usually you do not cut the top of 12 12 But he wanted to show the ability -- and the maples of a tree, but he said they did 13 13 he apologized, Davey should have been more this at Disney. He was a landscape architect 14 14 forthright in coming out and giving more for Disney. And they canopied the whole 15 suggestions, and, you know, they will make 15 thing, giving it a full-shaped structure so it 16 those changes in the future. 16 looks sort of like a flat-top tree enclosure. 17 MR. ARGUS: Where did you post this? 17 And he said they could train the trees 18 MS. WHYTE: In Dropbox this afternoon. 18 to do that, to give us that little effect of 19 19 My apologies, they only went up this the -- you know, he had had some really nice 20 20 afternoon. ideas. 21 One of them in particular, which I kind 21 CHAIRMAN RAGUSA: Sonny, I don't have 22 22 of thought was really neat and it's not a very anything you either in an email or in Dropbox 23 23 expensive one and it's a good opportunity, is from today. 24 Mays Park. I did suggest -- yes, I know. We 24 MR. CHESNEY: No. It's in there. 25 25 can rename it anything you'd like after -- but MS. WHYTE: And, yet, Brian has it. Page 18 Page 20 1 1 MR. CHESNEY: Go -- it's in there. We it was a dry river bed with a butterfly garden, 2 2 and it's pretty neat. I really do like it. had this discussion. 3 3 It's only taking a percentage of that CHAIRMAN RAGUSA: Yes. 4 4 area, and you can enhance over the next, you MR. CHESNEY: Did you click on a link? 5 5 know, couple of years if you want to, but it's MS. WHYTE: No, there was no link 6 6 just a suggestion he had, because that area is because my link automatically goes -- I can't 7 7 limited with irrigation. And it is very invite because you automatically are on the 8 8 pretty, and I liked the idea of the dry system. 9 9 MR. CHESNEY: Yeah, you don't have all river bed. 10 10 He did come up with the entranceways of the folders. 11 11 removing -- you'll see a portion of it -- will MS. WHYTE: Yeah, we had this issue last 12 12 have the brick walls still in the month. 13 13 entranceways. The back wall will stay MR. ARGUS: Yeah. Andy, sent out a 14 intact. He did say that he would remove, in 14 solution, but I haven't had a chance to 15 15 the front, the circular portion. That gives implement it yet. 16 16 MR. MENDENHALL: Yeah. So what happens him the ability to enhance and bring in layers 17 17 and bring in topiaries and waterfalls and is, if you just click or go through the email, 18 stuff like that. 18 it will take it to the generic lock box, give 19 19 So, I mean, he understood, but they you that specific item, but you have to sign 20 20 wanted to show -- he said he hopes it's not to in to get everything, all the folders. 21 21 late for us to work with them, but he So it'll show you, but you won't see 22 22 understood, but he wanted to make sure you got anything else if you're going right off the 23 23 to see some of their work and their abilities email. And, conversely, if you just go in 24 of what they could produce and with their 24 without logging in, the same thing, you won't 25 pricing. 25 get the new items.

	Page 21		Page 23
1	MS. WHYTE: Here you go. I'll give you	1	MS. WHYTE: We have a bench that some
2	my own, Mark.	2	people use and they sit on them.
3	CHAIRMAN RAGUSA: When I click on the	3	CHAIRMAN RAGUSA: Yeah, they
4	link, I can download all the materials.	4	occasionally do. I don't have the 4300.
5	MR. MENDENHALL: Yes, you can absolutely	5	Where do you get that?
6	download them. You're right about that.	6	MR. CHESNEY: Yeah, on the invoice.
7	MR. CHESNEY: I liked I thought all	7	That's what I'm if you look at his pricing,
8	the suggestions were also relatively	8	it's like some of it's like wow.
9	inexpensive, too.	9	MS. WHYTE: The pricing is on the
10	MS. WHYTE: Me, too. I was surprised.	10	bottom, Mark, if you keep going.
11	MR. CHESNEY: That was my main thing.	11	CHAIRMAN RAGUSA: I've gone through
12	MR. ARGUS: So where has this guy been	12	everything.
13	before until now?	13	MR. MILLS: The Sheldon main entrance,
14	MS. WHYTE: He's been here.	14	it's both sides?
15	MR. MAYS: He's been around. I guess	15	MS. WHYTE: Yes, it's both sides,
16	he's been busy on some of their other	16	including if you look, there's a minor, I
17	properties that we kind of fell on the side.	17	think, \$3300 invoice, and that is the center
18	He apologized, like she said, for not getting	18	island. That would enhance the center islands
19	here quicker.	19	with miniature and, again, he said this was
20	MS. WHYTE: Yeah. I've had two meetings	20	a rough work-up, because I didn't give him a
21	with him already.	21	lot of time because I wanted to have something
22	MR. ARGUS: Okay.	22	to present to the board, but, you know, he
23	MS. WHYTE: And, he said, as a	23	originally thought about when he said a
24	corporation, that is not how he does business,	24	cascading fountain coming off on both of the
25	and he said, "I have no excuse." So he says	25	pillars, the Westchase logo, and he has the
	Page 22		Page 24
1	he just feels like we can see what abilities	1	pillars on both sides, he originally thought
2	they have. And, of course, these are just	2	of a glass cascading self-rotating water
3	some suggestions, tweaking and stuff.	3	feature that goes you know, that
4	He also suggested on the side of the	4	
5			re-circulates the water.
_	river bed at that place on I won't mention	5	re-circulates the water. He also suggested in this proposal that
6	the park on Linebaugh, that, you know, wild	5 6	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are
7	the park on Linebaugh, that, you know, wild flowers, you can enhance that with.	5 6 7	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance
7	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three	5 6 7 8	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did
7 8 9	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going	5 6 7 8 9	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did suggest that in the future, if the board ever
7 8 9 10	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going to be, you know, spraying in. We can enhance	5 6 7 8 9	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did suggest that in the future, if the board ever wanted to explore the option, it would be
7 8 9 10 11	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going to be, you know, spraying in. We can enhance benches afterwards. You can add onto the	5 6 7 8 9 10	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did suggest that in the future, if the board ever wanted to explore the option, it would be lovely to have a fountain in that pond.
7 8 9 10 11	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going to be, you know, spraying in. We can enhance benches afterwards. You can add onto the other side and the balance of that in the	5 6 7 8 9 10 11	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did suggest that in the future, if the board ever wanted to explore the option, it would be lovely to have a fountain in that pond. MR. CHESNEY: It seems like that would
7 8 9 10 11 12 13	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going to be, you know, spraying in. We can enhance benches afterwards. You can add onto the other side and the balance of that in the future. That is just a vision they saw that	5 6 7 8 9 10 11 12 13	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did suggest that in the future, if the board ever wanted to explore the option, it would be lovely to have a fountain in that pond. MR. CHESNEY: It seems like that would be expensive.
7 8 9 10 11 12 13	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going to be, you know, spraying in. We can enhance benches afterwards. You can add onto the other side and the balance of that in the future. That is just a vision they saw that would look very nice.	5 6 7 8 9 10 11 12 13 14	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did suggest that in the future, if the board ever wanted to explore the option, it would be lovely to have a fountain in that pond. MR. CHESNEY: It seems like that would be expensive. MS. WHYTE: Just a small, little
7 8 9 10 11 12 13 14	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going to be, you know, spraying in. We can enhance benches afterwards. You can add onto the other side and the balance of that in the future. That is just a vision they saw that would look very nice. But Mark is concerned you know, he	5 6 7 8 9 10 11 12 13 14	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did suggest that in the future, if the board ever wanted to explore the option, it would be lovely to have a fountain in that pond. MR. CHESNEY: It seems like that would be expensive. MS. WHYTE: Just a small, little fountain just to spray, just to soften because
7 8 9 10 11 12 13 14 15	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going to be, you know, spraying in. We can enhance benches afterwards. You can add onto the other side and the balance of that in the future. That is just a vision they saw that would look very nice. But Mark is concerned you know, he wanted four visible areas in the community to	5 6 7 8 9 10 11 12 13 14 15 16	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did suggest that in the future, if the board ever wanted to explore the option, it would be lovely to have a fountain in that pond. MR. CHESNEY: It seems like that would be expensive. MS. WHYTE: Just a small, little fountain just to spray, just to soften because it's right behind and it's visible. It will
7 8 9 10 11 12 13 14 15 16	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going to be, you know, spraying in. We can enhance benches afterwards. You can add onto the other side and the balance of that in the future. That is just a vision they saw that would look very nice. But Mark is concerned you know, he wanted four visible areas in the community to make some changes to.	5 6 7 8 9 10 11 12 13 14 15 16 17	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did suggest that in the future, if the board ever wanted to explore the option, it would be lovely to have a fountain in that pond. MR. CHESNEY: It seems like that would be expensive. MS. WHYTE: Just a small, little fountain just to spray, just to soften because it's right behind and it's visible. It will be visible from all angles now because they're
7 8 9 10 11 12 13 14 15 16 17	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going to be, you know, spraying in. We can enhance benches afterwards. You can add onto the other side and the balance of that in the future. That is just a vision they saw that would look very nice. But Mark is concerned you know, he wanted four visible areas in the community to make some changes to. CHAIRMAN RAGUSA: To clarify, I talked	5 6 7 8 9 10 11 12 13 14 15 16 17	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did suggest that in the future, if the board ever wanted to explore the option, it would be lovely to have a fountain in that pond. MR. CHESNEY: It seems like that would be expensive. MS. WHYTE: Just a small, little fountain just to spray, just to soften because it's right behind and it's visible. It will be visible from all angles now because they're going to remove some of the trees so you can
7 8 9 10 11 12 13 14 15 16 17 18	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going to be, you know, spraying in. We can enhance benches afterwards. You can add onto the other side and the balance of that in the future. That is just a vision they saw that would look very nice. But Mark is concerned you know, he wanted four visible areas in the community to make some changes to. CHAIRMAN RAGUSA: To clarify, I talked with the four main marquees.	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did suggest that in the future, if the board ever wanted to explore the option, it would be lovely to have a fountain in that pond. MR. CHESNEY: It seems like that would be expensive. MS. WHYTE: Just a small, little fountain just to spray, just to soften because it's right behind and it's visible. It will be visible from all angles now because they're going to remove some of the trees so you can see behind it.
7 8 9 10 11 12 13 14 15 16 17 18 19 20	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going to be, you know, spraying in. We can enhance benches afterwards. You can add onto the other side and the balance of that in the future. That is just a vision they saw that would look very nice. But Mark is concerned you know, he wanted four visible areas in the community to make some changes to. CHAIRMAN RAGUSA: To clarify, I talked with the four main marquees. MS. WHYTE: Yes.	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did suggest that in the future, if the board ever wanted to explore the option, it would be lovely to have a fountain in that pond. MR. CHESNEY: It seems like that would be expensive. MS. WHYTE: Just a small, little fountain just to spray, just to soften because it's right behind and it's visible. It will be visible from all angles now because they're going to remove some of the trees so you can see behind it. MR. ARGUS: The stuff is doable between
7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going to be, you know, spraying in. We can enhance benches afterwards. You can add onto the other side and the balance of that in the future. That is just a vision they saw that would look very nice. But Mark is concerned you know, he wanted four visible areas in the community to make some changes to. CHAIRMAN RAGUSA: To clarify, I talked with the four main marquees. MS. WHYTE: Yes. CHAIRMAN RAGUSA: As I sit here, I	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did suggest that in the future, if the board ever wanted to explore the option, it would be lovely to have a fountain in that pond. MR. CHESNEY: It seems like that would be expensive. MS. WHYTE: Just a small, little fountain just to spray, just to soften because it's right behind and it's visible. It will be visible from all angles now because they're going to remove some of the trees so you can see behind it. MR. ARGUS: The stuff is doable between now and Thanksgiving and Christmas?
7 8 9 10 11 12 13 14 15 16 17 18 19 20	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going to be, you know, spraying in. We can enhance benches afterwards. You can add onto the other side and the balance of that in the future. That is just a vision they saw that would look very nice. But Mark is concerned you know, he wanted four visible areas in the community to make some changes to. CHAIRMAN RAGUSA: To clarify, I talked with the four main marquees. MS. WHYTE: Yes. CHAIRMAN RAGUSA: As I sit here, I wouldn't spend a penny on Mays Park. It's	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. And he did suggest that in the future, if the board ever wanted to explore the option, it would be lovely to have a fountain in that pond. MR. CHESNEY: It seems like that would be expensive. MS. WHYTE: Just a small, little fountain just to spray, just to soften because it's right behind and it's visible. It will be visible from all angles now because they're going to remove some of the trees so you can see behind it. MR. ARGUS: The stuff is doable between now and Thanksgiving and Christmas? MS. WHYTE: Oh, I don't think so. I
7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	the park on Linebaugh, that, you know, wild flowers, you can enhance that with. The proposal does include three irritation heads, three zones that are going to be, you know, spraying in. We can enhance benches afterwards. You can add onto the other side and the balance of that in the future. That is just a vision they saw that would look very nice. But Mark is concerned you know, he wanted four visible areas in the community to make some changes to. CHAIRMAN RAGUSA: To clarify, I talked with the four main marquees. MS. WHYTE: Yes. CHAIRMAN RAGUSA: As I sit here, I wouldn't spend a penny on Mays Park. It's useless. That's my opinion.	5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	re-circulates the water. He also suggested in this proposal that they would remove some of the trees that are and open up the pond behind and enhance that planted area behind the lake. WHYTE: Oh, I don't think so. I

Page 25 Page 27 1 1 so I thought it might be quick to start. redesign or an outside opinion to redesign 2 MR. MAYS: Some of it. 2 some of our areas. 3 MS. WHYTE: Some of it could be done. I 3 MR. MILLS: Well, I think that was 4 4 mean, keep in mind, we would be glad to have because we didn't think Davey had the 5 5 them come and present. If you were going to capability or the staffing or the expertise. б explore other landscape architects, we 6 MR. MAYS: Now, they're telling us --7 7 certainly would ask them to -- you're going to MS. WHYTE: That they can do it. And 8 8 ask them to present to you as well, and if you they will be hand pruned, because all of this 9 9 consider Davey, they would like to -- you will take -- keep in mind, the maintenance 10 10 from the entranceway, the way -- the topiaries know, they would present also. 11 11 and stuff, all of that will be hand pruned, MR. CHESNEY: There is a bus stop on 12 12 Sheldon up there? and it will have to have a different schedule 13 13 MS. WHYTE: Yes, a little -than the regular plant materials. 14 14 MR. CHESNEY: I just wanted to make sure MR. CHESNEY: But the design part, 15 I looked at the picture right. 15 essentially, that's included. Is that a good 16 CHAIRMAN RAGUSA: On the south side. 16 way to say it, I mean, the pricing? 17 MS. WHYTE: -- on the south side. And 17 MS. WHYTE: It's included right there. 18 yes, my question was -- because the south side 18 You've got it, and we can modify it, we can 19 19 is very different, it's a little bit larger tweak it, we can add, we can remove if we 20 20 than the CVS side, but they would mimic it as don't like any of the plant materials. 21 best as possible to match. 21 If we don't like the style of the 22 22 MR. CHESNEY: You've got a lot of trees fountain, he can certainly address different 23 23 over there you're going to have to cut down to types of fountains where we've got the water 24 put a fountain. 24 problem. There's a little bit of logistics 25 25 MS. WHYTE: No. You figure -- well, no, involved, but, yes, according to them. Page 26 Page 28 1 you weren't there. I think he said maybe 1 MR. ARGUS: I have not seen the images 2 about four or five trees to push back the 2 yet, but, generally, how does it compare -- I 3 woodland line there before the conservation 3 guess the gold standard was Citrus Park Mall 4 4 area starts. area. How does it compare to that? 5 5 MS. WHYTE: It's different than Citrus MR. MAYS: The problem with putting a 6 6 fountain in that small pond, though, is we've Park, but it gives you the layers, which is 7 7 had, at times, no water. what I indicted that the board wanted to see, 8 8 MS. WHYTE: The water level -- yeah, because everybody commented on Citrus Park. 9 but --9 And, again, it's a different type of an 10 10 MR. MAYS: So it's not one of the bigger environment. 11 ponds, so I don't know if that would work. 11 It's a shopping center. It's not, you 12 12 The electric is right there, so that's know, a main road, high traffic area. Am I 13 13 convenient, but -correct? 14 14 MS. WHYTE: I mean, it's just an MR. MAYS: Correct. I guess what we 15 option. He said, that would look really nice 15 were thinking, though, is to proceed, the 16 if we wanted to. 16 board would need to make a decision whether 17 17 MR. CHESNEY: So how would you suggest they would like to see that much money spent 18 18 we proceed? You say, a presentation. Should on the entranceway, because obviously those 19 he do more -- are you just getting feedback 19 large ligustrums that are expensive would have 20 from us? Is that --20 to go away, and that would make a major 2.1 MS. WHYTE: I'm just giving you this 21 change. 22 option of what you had said you wanted to see 22 CHAIRMAN RAGUSA: Can you replant it? 23 from our contractor, because there was an 23 MR. MAYS: Yeah, usually. They can. I 24 indication from the board that you wanted to 24 mean, a pretty good chance that three out of 25 25 four would survive and possibly all four of possibly go to an outside architect to

	Page 29		Page 31
1	them. We have done that in other areas a few	1	expert on bushes and plants and trees, but it
2	times when we've moved some ligustrum plants.	2	certainly looks a lot more it's got a lot
3	So, yes, we managed to transplant quite a few	3	more wow factor to it than what sits out there
4	plants.	4	today. Right?
5	CHAIRMAN RAGUSA: Because those are	5	And I'll defer to the board on how we
6	available trees.	6	proceed, but would certainly like, if we're
7	MR. MAYS: Yes, they are.	7	going to do something, to have it in place and
8	CHAIRMAN RAGUSA: They look good.	8	done before Costco opens its doors, because
9	MR. MAYS: They're just a little out of	9	that's when I think the new traffic patterns
10	shape now because of so many years and the way	10	are coming, and that's what
11	they grow up with that wall and the oak trees	11	MS. WHYTE: They changed it.
12	behind it, but they can be, you know, adjusted	12	MR. MILLS: They moved it.
13	and re-trimmed and	13	MS. WHYTE: The moved it to February.
14	MS. WHYTE: He did indicate that some of	14	They don't I spoke to the manager in Costco
15	the oak trees are	15	in Clearwater. They do not open a Costco in
16	MR. MAYS: Are starting to get	16	December at year end, and they do not open
17	diseased.	17	because of the new year in January, so they
18	MS. WHYTE: Yeah. So they would have to	18	postponed it till February.
19	take out two and to prune up some of the	19	CHAIRMAN RAGUSA: Wow.
20	others to make them look open up that	20	MS. WHYTE: And it says on the marquee.
21	you know, to clean it up.	21	They changed the marquee as well.
22	CHAIRMAN RAGUSA: Well, why isn't Davey	22	CHAIRMAN RAGUSA: When did they do
23	dealing with the tree issue?	23	that?
24	MR. MAYS: We have been. We've been	24	MS. WHYTE: About a week ago. I didn't
25	well, there is no treatment. These are those	25	know it. My husband noticed it.
			,
	Page 30		Page 32
1	laurel oaks that's got laurel oak disease	1	MR. MILLS: Now it says, "Opening Winter
2	that's going all over the state.	2	2017."
3	Really, the only treatment is to make	3	MR. ARGUS: Winter 2017?
4	sure you trim out the dead wood, you know, get	4	MR. MILLS: Yes. Well, that would be
5	the dead wood away from the tree so the	5	MS. WHYTE: Yeah, now it's February.
6	nutrients are going into the live portions of	6	MR. ARGUS: Okay.
7	the tree, instead of forcing them into the	7	CHAIRMAN RAGUSA: We need to make a
8	dead stuff.	8	decision two decisions really: A, do we
9	So we've had them come out that tree	9	want to go with Davey as our landscape
10	company come out and do some light pruning on	10	architect slash installer, or do we want to go
11	those trees to try to get them to survive a	11	ahead and look at other landscape architects
12	little bit longer, because those are, you	12	and have them give us proposals which would
13	know, 50-year-old trees. I mean, they	13	likely need to include design and install?
	probably were left here when this community	14	Mr. Ross.
14	probably were left field when this community		
14 15	was built as big as they are.	15	MR. ROSS: I say we stick with Davey.
	• • •	15 16	MR. ROSS: I say we stick with Davey. MR. CHESNEY: I concur.

CHAIRMAN RAGUSA: Are you satisfied with the design we have?

Page 33 Page 35 1 1 very quickly. I can go back to them and say, until you guys brought it up. 2 2 "Okay. Now they're going to stick with you And I told Paul all along. I said, you 3 guys. Give them the extra -- you know, do 3 know -- I told him, "You're doing too much --4 4 what you said you could do if you had more too many other things. Your job is to make 5 5 time." sure that we have proposals and new plant 6 CHAIRMAN RAGUSA: One reason why I -- I 6 material and different ideas for this property 7 7 would be in favor of -- I like Davey and I all the time. Your job is not to get in the 8 8 want to stick with Davey as well, but also hole with that guy to dig the irrigation out." 9 9 recognize the advantages that we would gain by So he started understanding. I said, "I 10 10 don't want to wait. When I ask you for going out to other consultants to get rough 11 11 something, I want it now." So he started ideas, because right now, all we have is one 12 12 person's thoughts on doing improvements, coming around. He mentioned it to Ed, who we 13 13 which, candidly, are off what I asked them to found out was their land -- I thought he was 14 14 their salesman. I didn't know he was their 15 I didn't talk about Mays Park. I talked 15 landscape architect, and come to find out, he 16 about the four entryways. So along the line 16 17 that message got mixed up and/or the return 17 He has the CAD program to do all those 18 got mixed up. I don't know what landscaping 18 drawings and set things up, so does have some 19 19 is out there. I don't know what's out there pretty good ideas. I don't like the maples 20 20 to know what's creative. The red maples in either in the center of town because those 21 West Park Village doesn't make any sense to 21 things -- those roots will be lifting those 22 22 bricks up in no time, and we don't want that. me. 23 23 I would like to know what other So he has good ideas, and, you know, 24 professionals think we can do, because in my 24 we've been around long enough that we know 25 25 eyes, Davey has been out here for -- what? -what plant material works on this property. Page 34 Page 36 1 1 three years now. Certain things just don't work on this 2 MS. WHYTE: They're on their third 2 property and certain things do. So, I mean, 3 3 I'm -year. 4 4 CHAIRMAN RAGUSA: Right. We should have CHAIRMAN RAGUSA: Let me see if I can 5 5 seen something like this every year. If move this. I think everybody is in agreement 6 6 they're proactive and they want to get money then that we want to proceed forward with 7 7 and they want to be profitable, they should Davey. Am I right? 8 8 have come to us and said, "Hey, look, I know (No response.) 9 9 you guys aren't thinking about it, but here's CHAIRMAN RAGUSA: Why don't we go back 10 10 an idea for improvement," because this guy and tweak what we are looking for them to do? 11 11 banged this out in how much time. A day? MR. MAYS: Okay. Well, that's what I 12 12 MS. WHYTE: They've informed us they was going to say. Let me get you all some 13 have 40 additional proposals. We've already 13 more renditions on some things and see what 14 signed for six? 14 you think about that. 15 15 MR. MAYS: Four or five, smaller stuff. CHAIRMAN RAGUSA: Now, I hear your 16 16 MS. WHYTE: Four or five, smaller stuff. comment about you never met a dollar you 17 But they, you know, now know where we're at, 17 didn't want to spend, but you like spending 18 and they are just -- they said they've looked 18 \$4,000 on Mays Park. 19 19 at other areas that they feel we could We need to decide, do we want to put the 20 20 enhance. money in the marquees, or do you want to put 21 21 MR. MAYS: They understood in the it in other places? 22 22 beginning when they were doing this, they were MR. CHESNEY: (Inaudible.) 23 23 giving us proposals on de-mossing and certain CHAIRMAN RAGUSA: I know what t-shirt 24 24 you're getting for Christmas. There is a things that needed to be done, and for some

difference between the way I spend my money

25

reason, they just started dropping the ball

25

1	Page 37		Page 39
	and the way I spend the residents' money, yet	1	MS. WHYTE: It's been in the works
2	you clearly have a different view on that as	2	that was one of the fundings that was supposed
3	well.	3	to be funded in '14, then it went to '15.
4	MR. ARGUS: I would not mind seeing	4	CHAIRMAN RAGUSA: Everything changed
5	plans for Mays Park. I don't necessarily know	5	with what they passed a couple of weeks ago.
6	that I would commit to spend the funds. It	6	I have their project list. I don't know
7	depends on what they propose.	7	Chris, do you know whether that is on that
8	CHAIRMAN RAGUSA: Mr. Mills.	8	list?
9	MR. MILLS: Because of the visibility	9	MR. BARRETT: I just wrote it down to
10	out on Linebaugh, we ought to take look at	10	follow up on it.
11	it.	11	CHAIRMAN RAGUSA: I don't know that
12	CHAIRMAN RAGUSA: You can see it for	12	MS. WHYTE: If we get a stadium
13	about a second as you go by it at 65 miles an	13	MR. BARRETT: It's definitely not on the
14	hour. All right. Mr. Ross.	14	ten-year list that was presented the other
15	MR. ROSS: I'm open to enhancing the	15	night. It's not on there.
16	appearance of our community. I'm not pre-	16	CHAIRMAN RAGUSA: Mr. Ross.
17	determined one way or the other on anything,	17	MR. ROSS: I think we all have good and
18	other than I wish we'd attack that blank wall	18	bad ideas, good and bad. Can we just agree
19	that runs along Linebaugh, but	19	amongst ourselves we'll each shoot an
20	MR. BARRETT: The one down just past	20	individual email to staff and they can kind
21	Countryway?	21	of sort through it and juggle it and do the
22	MR. ROSS: Yes.	22	stuff they normally do?
23	MS. WHYTE: It's in there.	23	CHAIRMAN RAGUSA: Well, I think that
24	MR. ROSS: I saw that. But so I'm not	24	gives a mixed message to landscape architect.
25	pre-determined I hadn't thought about Mays	25	I think, as a board, we should focus them;
			<u> </u>
	Page 38		Page 40
1	Park before, but maybe that would be a nifty	1	otherwise, they are spending energy and
2	idea, so I'm open for hearing any proposals.	2	professional services all over the place,
3	MR. MAYS: My concern about that one is,	3	they're wandering. You wouldn't want that.
4	it doesn't have irrigation. He says he can	4	You're a professional.
5	put Florida friendly in and water it in for 30	5	I guess what I'm hearing is, we want all
6	days, and that's usually what it takes.	6	the ideas. Am I right?
7	My concern is, when that new road gets	7	MR. ROSS: (Moving head up and down.)
8	opened up, if they ever four-lane that road	8	MR. ARGUS: Yeah.
9	down there, how far is it going to go? Where	9	MR. MILLS: Yeah.
	is it going to go? It must be protty for and	10	
10	is it going to go? It must be pretty far, and		CHAIRMAN RAGUSA: And you've mentioned
10 11	with all that plant material	11	the long wall. They've got you saw the one
10 11 12	with all that plant material MS. WHYTE: They're going within ten	11 12	the long wall. They've got you saw the one in there.
10 11 12 13	with all that plant material MS. WHYTE: They're going within ten feet to that wall, which is what I told him, he	11 12 13	the long wall. They've got you saw the one in there. MR. ROSS: I saw that. Yeah, I saw it.
10 11 12 13 14	with all that plant material MS. WHYTE: They're going within ten feet to that wall, which is what I told him, he said that should be okay, because that was one	11 12 13 14	the long wall. They've got you saw the one in there. MR. ROSS: I saw that. Yeah, I saw it. CHAIRMAN RAGUSA: Okay. I guess follow
10 11 12 13 14	with all that plant material MS. WHYTE: They're going within ten feet to that wall, which is what I told him, he said that should be okay, because that was one of my concerns. When he showed it to me, I	11 12 13 14 15	the long wall. They've got you saw the one in there. MR. ROSS: I saw that. Yeah, I saw it. CHAIRMAN RAGUSA: Okay. I guess follow up and maybe give us some alternatives. Have
10 11 12 13 14 15	with all that plant material MS. WHYTE: They're going within ten feet to that wall, which is what I told him, he said that should be okay, because that was one of my concerns. When he showed it to me, I went, "Hmm."	11 12 13 14 15 16	the long wall. They've got you saw the one in there. MR. ROSS: I saw that. Yeah, I saw it. CHAIRMAN RAGUSA: Okay. I guess follow up and maybe give us some alternatives. Have them coordinate with Doug on some of the
10 11 12 13 14 15 16 17	with all that plant material MS. WHYTE: They're going within ten feet to that wall, which is what I told him, he said that should be okay, because that was one of my concerns. When he showed it to me, I went, "Hmm." MR. CHESNEY: When they do the road,	11 12 13 14 15 16 17	the long wall. They've got you saw the one in there. MR. ROSS: I saw that. Yeah, I saw it. CHAIRMAN RAGUSA: Okay. I guess follow up and maybe give us some alternatives. Have them coordinate with Doug on some of the materials that we know would work.
10 11 12 13 14 15 16 17	with all that plant material MS. WHYTE: They're going within ten feet to that wall, which is what I told him, he said that should be okay, because that was one of my concerns. When he showed it to me, I went, "Hmm." MR. CHESNEY: When they do the road, we're going to have irrigation then.	11 12 13 14 15 16 17	the long wall. They've got you saw the one in there. MR. ROSS: I saw that. Yeah, I saw it. CHAIRMAN RAGUSA: Okay. I guess follow up and maybe give us some alternatives. Have them coordinate with Doug on some of the materials that we know would work. MS. WHYTE: From what I saw on the main
10 11 12 13 14 15 16 17 18	with all that plant material MS. WHYTE: They're going within ten feet to that wall, which is what I told him, he said that should be okay, because that was one of my concerns. When he showed it to me, I went, "Hmm." MR. CHESNEY: When they do the road, we're going to have irrigation then. MS. WHYTE: Yes, which is what I	11 12 13 14 15 16 17 18	the long wall. They've got you saw the one in there. MR. ROSS: I saw that. Yeah, I saw it. CHAIRMAN RAGUSA: Okay. I guess follow up and maybe give us some alternatives. Have them coordinate with Doug on some of the materials that we know would work. MS. WHYTE: From what I saw on the main wall, most of that will work, except for the
10 11 12 13 14 15 16 17 18 19 20	with all that plant material MS. WHYTE: They're going within ten feet to that wall, which is what I told him, he said that should be okay, because that was one of my concerns. When he showed it to me, I went, "Hmm." MR. CHESNEY: When they do the road, we're going to have irrigation then. MS. WHYTE: Yes, which is what I indicated to them.	11 12 13 14 15 16 17 18 19 20	the long wall. They've got you saw the one in there. MR. ROSS: I saw that. Yeah, I saw it. CHAIRMAN RAGUSA: Okay. I guess follow up and maybe give us some alternatives. Have them coordinate with Doug on some of the materials that we know would work. MS. WHYTE: From what I saw on the main wall, most of that will work, except for the club well, not that it wouldn't work, but
10 11 12 13 14 15 16 17 18 19 20 21	with all that plant material MS. WHYTE: They're going within ten feet to that wall, which is what I told him, he said that should be okay, because that was one of my concerns. When he showed it to me, I went, "Hmm." MR. CHESNEY: When they do the road, we're going to have irrigation then. MS. WHYTE: Yes, which is what I indicated to them. MR. CHESNEY: So we can change it then.	11 12 13 14 15 16 17 18 19 20 21	the long wall. They've got you saw the one in there. MR. ROSS: I saw that. Yeah, I saw it. CHAIRMAN RAGUSA: Okay. I guess follow up and maybe give us some alternatives. Have them coordinate with Doug on some of the materials that we know would work. MS. WHYTE: From what I saw on the main wall, most of that will work, except for the club well, not that it wouldn't work, but that it would require more details, the
10 11 12 13 14 15 16 17 18 19 20 21 22	with all that plant material MS. WHYTE: They're going within ten feet to that wall, which is what I told him, he said that should be okay, because that was one of my concerns. When he showed it to me, I went, "Hmm." MR. CHESNEY: When they do the road, we're going to have irrigation then. MS. WHYTE: Yes, which is what I indicated to them. MR. CHESNEY: So we can change it then. CHAIRMAN RAGUSA: I don't recall the	11 12 13 14 15 16 17 18 19 20 21 22	the long wall. They've got you saw the one in there. MR. ROSS: I saw that. Yeah, I saw it. CHAIRMAN RAGUSA: Okay. I guess follow up and maybe give us some alternatives. Have them coordinate with Doug on some of the materials that we know would work. MS. WHYTE: From what I saw on the main wall, most of that will work, except for the club well, not that it wouldn't work, but that it would require more details, the topiary trees, because they're they would
10 11 12 13 14 15 16 17 18 19 20 21 22 23	with all that plant material MS. WHYTE: They're going within ten feet to that wall, which is what I told him, he said that should be okay, because that was one of my concerns. When he showed it to me, I went, "Hmm." MR. CHESNEY: When they do the road, we're going to have irrigation then. MS. WHYTE: Yes, which is what I indicated to them. MR. CHESNEY: So we can change it then. CHAIRMAN RAGUSA: I don't recall the widening of Linebaugh to the west of	11 12 13 14 15 16 17 18 19 20 21 22 23	the long wall. They've got you saw the one in there. MR. ROSS: I saw that. Yeah, I saw it. CHAIRMAN RAGUSA: Okay. I guess follow up and maybe give us some alternatives. Have them coordinate with Doug on some of the materials that we know would work. MS. WHYTE: From what I saw on the main wall, most of that will work, except for the club well, not that it wouldn't work, but that it would require more details, the topiary trees, because they're they would have to be hand pruned on a regular basis.
10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	with all that plant material MS. WHYTE: They're going within ten feet to that wall, which is what I told him, he said that should be okay, because that was one of my concerns. When he showed it to me, I went, "Hmm." MR. CHESNEY: When they do the road, we're going to have irrigation then. MS. WHYTE: Yes, which is what I indicated to them. MR. CHESNEY: So we can change it then. CHAIRMAN RAGUSA: I don't recall the widening of Linebaugh to the west of Countryway being on the list of approved	11 12 13 14 15 16 17 18 19 20 21 22 23 24	the long wall. They've got you saw the one in there. MR. ROSS: I saw that. Yeah, I saw it. CHAIRMAN RAGUSA: Okay. I guess follow up and maybe give us some alternatives. Have them coordinate with Doug on some of the materials that we know would work. MS. WHYTE: From what I saw on the main wall, most of that will work, except for the club well, not that it wouldn't work, but that it would require more details, the topiary trees, because they're they would have to be hand pruned on a regular basis. What I'll do is, I'll go back to them,
10 11 12 13 14 15 16 17 18 19 20 21 22 23	with all that plant material MS. WHYTE: They're going within ten feet to that wall, which is what I told him, he said that should be okay, because that was one of my concerns. When he showed it to me, I went, "Hmm." MR. CHESNEY: When they do the road, we're going to have irrigation then. MS. WHYTE: Yes, which is what I indicated to them. MR. CHESNEY: So we can change it then. CHAIRMAN RAGUSA: I don't recall the widening of Linebaugh to the west of	11 12 13 14 15 16 17 18 19 20 21 22 23	the long wall. They've got you saw the one in there. MR. ROSS: I saw that. Yeah, I saw it. CHAIRMAN RAGUSA: Okay. I guess follow up and maybe give us some alternatives. Have them coordinate with Doug on some of the materials that we know would work. MS. WHYTE: From what I saw on the main wall, most of that will work, except for the club well, not that it wouldn't work, but that it would require more details, the topiary trees, because they're they would have to be hand pruned on a regular basis.

	Page 41		Page 43
1	week and then ask them if they can maybe have	1	ground, regular installation and everything
2	something ready for you at your next meeting.	2	like that. So it would either be Irrigation
3	Would you like them to present to you,	3	or R and M ground.
4	or would you just like us to do exactly what	4	But you're correct, there would
5	we have here, just, you know, email it?	5	certainly be additional maintenance that would
6	MS. McCORMICK: I would just recommend	6	be required. So, yes, they would have to give
7	asking them to have it a week before the	7	us a proposal for that portion of that, so
8	meeting so we could get it	8	I'll discuss that with them and let them know.
9	MS. WHYTE: Yes. Absolutely.	9	CHAIRMAN RAGUSA: Okay. Manager's
10	MR. ARGUS: Particularly for the entry	10	report.
11	marquees, if they could show what it would	11	MR. MENDENHALL: Well, we covered most
12	look like initially, and then maybe three or	12	of my things. The only thing I still have on
13	four years down the road, some more mature	13	the agenda is discussion of the dissemination
14	MS. WHYTE: Okay. I will.	14	agent.
15	MR. ARGUS: because I don't have a	15	If you had a chance to look in the
16	good idea of how plants grow.	16	package, Prager is getting out of the
17	CHAIRMAN RAGUSA: Well, you can always	17	dissemination agent business.
18	do that in Photoshop.	18	MR. CHESNEY: Yeah. I just looked it
19	MS. WHYTE: I don't know. I'll ask.	19	
20	All right. So we'll	20	up. MR. MENDENHALL: We have termination
21	CHAIRMAN RAGUSA: Anything further on	21	letters for all of our districts. It's a
22	that issue? All right.	22	service that we do offer at Severn Trent or we
23	MS. WHYTE: Is there any project that	23	can offer from Severn Trent. And we would
24		24	
25	you would like to go a smaller one that you	25	basically keep the price the same so that it matches your budget.
23	would like to go ahead with in the meantime?	25	matches your budget.
	Page 42		Page 44
1	CHAIRMAN RAGUSA: (Moving head from side	1	Obviously there's other firms that do it
2	to side.)	2	as well, so I would kind of defer to you as
3	MS. WHYTE: Okay. Perfect. Thank you.	3	far as how would you like to handle it.
4	CHAIRMAN RAGUSA: (Inaudible.)	4	MR. ARGUS: And what is the role of
5	MS. McCORMICK: Yes. Well, the	5	dissemination agent?
6	landscape architect services, there's no	6	MR. MENDENHALL: Basically you have
7	charge for that, I understand, and I would	7	certain required reporting to the SEC each
8	think that that	8	year, and so the dissemination agent performs
9	MS. WHYTE: They didn't give us	9	those calculations and sends it off, does a
10	anything, so	10	summary level report.
11	MS. McCORMICK: the installation cost	11	MS. McCORMICK: It's part of, I mean,
12	may be something that can be done by change	12	the continuing disclosure agreement
13	order under the existing landscaping contract,	13	MR. MENDENHALL: Uh-huh, related to the
14	then I assume you're going to have a change	14	bonds.
15	also in the maintenance clause for the	15	MS. McCORMICK: obligations related
16	project	16	to the bonds. So once the bonds are paid off,
17	MR. MENDENHALL: It does include	17	this obligation is going to go away.
18	maintenance. It's install, so it would be	18	MR. ARGUS: Okay. That was my
19	MS. WHYTE: We could do all of this	19	MR. CHESNEY: In reality, we only
20	under R and M ground.	20	have
21	CHAIRMAN RAGUSA: That's another	21	MR. ARGUS: Three or four more years.
22	component we would need an estimate on, the	22	MR. CHESNEY: three or four more
23	increased maintenance cost.	23	years. Thank you.
		24	MR. MENDENHALL: A short time period
24			
24 25	MS. WHYTE: Well, that would be the only thing. Everything else is under R and M	25	left, yes.

	Page 45		Page 47
1	MS. McCORMICK: A lot of times what I'm	1	and head that way this month.
2	seeing districts do, because Prager is getting	2	MR. ARGUS: Only a few years. I don't
3	out of this business completely because the	3	have a problem with Severn Trent doing that
4	district managers have a lot of this	4	for a couple years.
5	information already, they're entering into	5	CHAIRMAN RAGUSA: Anybody else have any
6	contracts with the dissemination agent with	6	input? Mr. Ross.
7	the district manager.	7	MR. ROSS: No issue. No issue with
8	Andy sent me a draft agreement, and I	8	sticking with Severn Trent.
9	was going to review it, but I would think if	9	CHAIRMAN RAGUSA: Why don't you go
10	the board is going to entertain something, it	10	ahead
11	would be appropriate to wait until next month.	11	MR. ARGUS: Particularly if they give us
12	That way, we can make sure it's placed on the	12	a lower price.
13	agenda, and everybody would have a opportunity	13	MR. MENDENHALL: That's about as low as
14	to review it.	14	it gets, to be honest with you.
15	MR. ARGUS: All right. So Severn Trent	15	CHAIRMAN RAGUSA: There's risks
16	has all this information that they share	16	associated with that work.
17	with	17	MR. ARGUS: Yeah. Okay.
18	MR. MENDENHALL: Yeah, to be honest with	18	MR. CHESNEY: I don't know about severe
19	you, Prager, every year, would contact Severn	19	risk, if they report it wrong.
20	Trent and say, "We need these numbers." We	20	CHAIRMAN RAGUSA: Yes. Whenever you
21	would give it to them. They would package it	21	send a number to the federal government,
22	together and ship it off to the appropriate	22	you've got to be careful what you're sending
23	parties.	23	them.
24	MR. ARGUS: So what sort of discount are	24	All right. So you guys will work to get
25	you giving us since you already have all this	25	that contract squared away and ready to go for
	Page 46		Page 48
1	information?	1	
2	IIIIOIIIIduoii?		
	MP MENDENHALL: Wall we haven't		next month?
3	MR. MENDENHALL: Well, we haven't	2	MR. MENDENHALL: No problem.
3 4	charged anything for all the work we've been	2 3	MR. MENDENHALL: No problem. CHAIRMAN RAGUSA: All right.
4	charged anything for all the work we've been doing for Prager for	2 3 4	MR. MENDENHALL: No problem. CHAIRMAN RAGUSA: All right. MR. MENDENHALL: I have nothing
4 5	charged anything for all the work we've been doing for Prager for MR. ARGUS: It's just pressing a button	2 3 4 5	MR. MENDENHALL: No problem. CHAIRMAN RAGUSA: All right. MR. MENDENHALL: I have nothing additional.
4 5 6	charged anything for all the work we've been doing for Prager for MR. ARGUS: It's just pressing a button and getting the computer to spit out a report.	2 3 4 5 6	MR. MENDENHALL: No problem. CHAIRMAN RAGUSA: All right. MR. MENDENHALL: I have nothing additional. CHAIRMAN RAGUSA: Okay.
4 5 6 7	charged anything for all the work we've been doing for Prager for MR. ARGUS: It's just pressing a button and getting the computer to spit out a report. MR. MENDENHALL: I actually don't know	2 3 4 5 6 7	MR. MENDENHALL: No problem. CHAIRMAN RAGUSA: All right. MR. MENDENHALL: I have nothing additional. CHAIRMAN RAGUSA: Okay. MR. MILLS: What about I saw
4 5 6 7 8	charged anything for all the work we've been doing for Prager for MR. ARGUS: It's just pressing a button and getting the computer to spit out a report. MR. I'm not sure, to be honest with you. MR. CHESNEY: How much is the contract for? MR. MENDENHALL: I think it's 2,000, if I remember correctly. It's whatever Prager was. Let's see here. It is \$2,000. CHAIRMAN RAGUSA: Do they have the ability to terminate the contract? MS. McCORMICK: They do. MR. MENDENHALL: Yes. CHAIRMAN RAGUSA: Is there any desire to go out and try to find a different disseminating agent, or are we comfortable	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	MR. MENDENHALL: No problem. CHAIRMAN RAGUSA: All right. MR. MENDENHALL: I have nothing additional. CHAIRMAN RAGUSA: Okay. MR. MILLS: What about I saw something about the lightning detection. Is that MR. MENDENHALL: Oh, yeah. I shot off an email. We contacted the insurance company, your carrier, and basically asked them, is there any additional liability that's taken on if you have that lightning detector, for example, you have it, and it doesn't go off? They did not feel that there was any additional exposure by having it, so you're in the clear from that regard, at least from your carrier. MR. MILLS: Okay.
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	charged anything for all the work we've been doing for Prager for MR. ARGUS: It's just pressing a button and getting the computer to spit out a report. MR. MENDENHALL: I actually don't know if it's pressing a button because I don't do the calculations myself. I'm not sure, to be honest with you. MR. CHESNEY: How much is the contract for? MR. MENDENHALL: I think it's 2,000, if I remember correctly. It's whatever Prager was. Let's see here. It is \$2,000. CHAIRMAN RAGUSA: Do they have the ability to terminate the contract? MS. McCORMICK: They do. MR. MENDENHALL: Yes. CHAIRMAN RAGUSA: Is there any desire to go out and try to find a different disseminating agent, or are we comfortable with Severn Trent doing it? We can worry	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	MR. MENDENHALL: No problem. CHAIRMAN RAGUSA: All right. MR. MENDENHALL: I have nothing additional. CHAIRMAN RAGUSA: Okay. MR. MILLS: What about I saw something about the lightning detection. Is that MR. MENDENHALL: Oh, yeah. I shot off an email. We contacted the insurance company, your carrier, and basically asked them, is there any additional liability that's taken on if you have that lightning detector, for example, you have it, and it doesn't go off? They did not feel that there was any additional exposure by having it, so you're in the clear from that regard, at least from your carrier. MR. MILLS: Okay. CHAIRMAN RAGUSA: At this stage, you
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	charged anything for all the work we've been doing for Prager for MR. ARGUS: It's just pressing a button and getting the computer to spit out a report. MR. MENDENHALL: I actually don't know if it's pressing a button because I don't do the calculations myself. I'm not sure, to be honest with you. MR. CHESNEY: How much is the contract for? MR. MENDENHALL: I think it's 2,000, if I remember correctly. It's whatever Prager was. Let's see here. It is \$2,000. CHAIRMAN RAGUSA: Do they have the ability to terminate the contract? MS. McCORMICK: They do. MR. MENDENHALL: Yes. CHAIRMAN RAGUSA: Is there any desire to go out and try to find a different disseminating agent, or are we comfortable with Severn Trent doing it? We can worry about the contract language at next month's	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	MR. MENDENHALL: No problem. CHAIRMAN RAGUSA: All right. MR. MENDENHALL: I have nothing additional. CHAIRMAN RAGUSA: Okay. MR. MILLS: What about I saw something about the lightning detection. Is that MR. MENDENHALL: Oh, yeah. I shot off an email. We contacted the insurance company, your carrier, and basically asked them, is there any additional liability that's taken on if you have that lightning detector, for example, you have it, and it doesn't go off? They did not feel that there was any additional exposure by having it, so you're in the clear from that regard, at least from your carrier. MR. MILLS: Okay. CHAIRMAN RAGUSA: At this stage, you know, knowing that we're on the record here,
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	charged anything for all the work we've been doing for Prager for MR. ARGUS: It's just pressing a button and getting the computer to spit out a report. MR. MENDENHALL: I actually don't know if it's pressing a button because I don't do the calculations myself. I'm not sure, to be honest with you. MR. CHESNEY: How much is the contract for? MR. MENDENHALL: I think it's 2,000, if I remember correctly. It's whatever Prager was. Let's see here. It is \$2,000. CHAIRMAN RAGUSA: Do they have the ability to terminate the contract? MS. McCORMICK: They do. MR. MENDENHALL: Yes. CHAIRMAN RAGUSA: Is there any desire to go out and try to find a different disseminating agent, or are we comfortable with Severn Trent doing it? We can worry	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	MR. MENDENHALL: No problem. CHAIRMAN RAGUSA: All right. MR. MENDENHALL: I have nothing additional. CHAIRMAN RAGUSA: Okay. MR. MILLS: What about I saw something about the lightning detection. Is that MR. MENDENHALL: Oh, yeah. I shot off an email. We contacted the insurance company, your carrier, and basically asked them, is there any additional liability that's taken on if you have that lightning detector, for example, you have it, and it doesn't go off? They did not feel that there was any additional exposure by having it, so you're in the clear from that regard, at least from your carrier. MR. MILLS: Okay. CHAIRMAN RAGUSA: At this stage, you know, knowing that we're on the record here, if you guys, as supervisors, ever have

	Page 49		Page 51
1	to talk about lawsuits, litigation or risks on	1	MS. WHYTE: Tomorrow
2	the public record. But if you guys have	2	MR. MAYS: for the footers.
3	questions, just reach out to Erin directly one	3	MS. WHYTE: for footers and for the
4	on one, and she can explain any issues like	4	canopy. They've asked us they gave us an
5	that.	5	email list for the fencing and for the brick
6	I think Andy can as well, but I think	6	paver walkway.
7	you have a privilege if you talk to Erin	7	And we just finalized the brick pavers.
8	directly.	8	They are starting on Thursday and Friday. The
9	MR. MILLS: Okay.	9	bricks will be delivered tomorrow. The
10	CHAIRMAN RAGUSA: And that's just my	10	fencing they started today on the exterior
11	suggestion, and Erin can obviously follow up	11	sites, on the outside, put the postings in,
12	with that and give her thoughts on it.	12	and they're expecting to do the pour and play
13	MS. McCORMICK: Yes, I agree.	13	Monday.
14	CHAIRMAN RAGUSA: Now I'm trying to	14	MR. MAYS: Correct.
15	think what I thought there was another	15	MS. WHYTE: So which would take what?
16	issue. I'll come to it in a second.	16	two days possibly.
17	I guess counsel's report then. Erin.	17	MR. MAYS: That one there is small, so,
18	MS. McCORMICK: I have a couple of items	18	yeah, two or three days possibly.
19	to talk to the board about. One is just to	19	MS. WHYTE: So two days. So we're
20	follow up on the West Park Village Park	20	talking midweek for completion, and we'll
21	project, and the issue that came up with	21	have hopefully as we get closer, hopefully
22	respect to the soil.	22	we won't have any glitches in there for West
23	So I had the opportunity to work with	23	Park Village.
24	Supervisor Ross, as well as the contractor,	24	MS. McCORMICK: And one thing I forgot
25	RAP. And they ended up doing the compacting	25	to mention is this is a good thing that
	Page 50

2 3 4 5	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that.	2 3 4 5	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district.
2 3 4 5 6	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner	2 3 4 5 6	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome
2 3 4 5 6 7	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come	2 3 4 5 6 7	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district.
2 3 4 5 6 7 8	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that	2 3 4 5 6	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes.
2 3 4 5 6 7 8 9	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had	2 3 4 5 6 7 8	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit.
2 3 4 5 6 7 8 9	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had recommended under their report that they did	2 3 4 5 6 7 8 9	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No.
2 3 4 5 6 7 8 9 10	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had recommended under their report that they did for the district, and it did.	2 3 4 5 6 7 8 9 10	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No. MR. CHESNEY: That's just awesome coming
2 3 4 5 6 7 8 9 10 11 12	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had recommended under their report that they did for the district, and it did. So based on that, we told RAP to	2 3 4 5 6 7 8 9 10 11	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No. MR. CHESNEY: That's just awesome coming up with a different (inaudible).
2 3 4 5 6 7 8 9 10 11 12 13	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had recommended under their report that they did for the district, and it did. So based on that, we told RAP to proceed. And then, Sonny, I guess you can	2 3 4 5 6 7 8 9 10 11 12	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No. MR. CHESNEY: That's just awesome coming up with a different (inaudible). CHAIRMAN RAGUSA: Anything else, Erin?
2 3 4 5 6 7 8 9 10 11 12 13	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had recommended under their report that they did for the district, and it did. So based on that, we told RAP to proceed. And then, Sonny, I guess you can give an update on where things stands now. I	2 3 4 5 6 7 8 9 10 11 12 13	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No. MR. CHESNEY: That's just awesome coming up with a different (inaudible). CHAIRMAN RAGUSA: Anything else, Erin? MS. McCORMICK: The other thing is
2 3 4 5 6 7 8 9 10 11 12 13 14 15	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had recommended under their report that they did for the district, and it did. So based on that, we told RAP to proceed. And then, Sonny, I guess you can give an update on where things stands now. I think they were going to be getting going last	2 3 4 5 6 7 8 9 10 11 12 13 14 15	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No. MR. CHESNEY: That's just awesome coming up with a different (inaudible). CHAIRMAN RAGUSA: Anything else, Erin? MS. McCORMICK: The other thing is and, Mark, you're probably going to want to
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had recommended under their report that they did for the district, and it did. So based on that, we told RAP to proceed. And then, Sonny, I guess you can give an update on where things stands now. I think they were going to be getting going last week, and they said initially November 4th	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No. MR. CHESNEY: That's just awesome coming up with a different (inaudible). CHAIRMAN RAGUSA: Anything else, Erin? MS. McCORMICK: The other thing is and, Mark, you're probably going to want to maybe add to this but there was a meeting
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had recommended under their report that they did for the district, and it did. So based on that, we told RAP to proceed. And then, Sonny, I guess you can give an update on where things stands now. I think they were going to be getting going last week, and they said initially November 4th completion update, but then they thought it	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No. MR. CHESNEY: That's just awesome coming up with a different (inaudible). CHAIRMAN RAGUSA: Anything else, Erin? MS. McCORMICK: The other thing is and, Mark, you're probably going to want to maybe add to this but there was a meeting that the WCA did last week that Sandra Murman
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had recommended under their report that they did for the district, and it did. So based on that, we told RAP to proceed. And then, Sonny, I guess you can give an update on where things stands now. I think they were going to be getting going last week, and they said initially November 4th completion update, but then they thought it was probably more likely it would be completed	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No. MR. CHESNEY: That's just awesome coming up with a different (inaudible). CHAIRMAN RAGUSA: Anything else, Erin? MS. McCORMICK: The other thing is and, Mark, you're probably going to want to maybe add to this but there was a meeting that the WCA did last week that Sandra Murman came and spoke to about the recent board of
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had recommended under their report that they did for the district, and it did. So based on that, we told RAP to proceed. And then, Sonny, I guess you can give an update on where things stands now. I think they were going to be getting going last week, and they said initially November 4th completion update, but then they thought it was probably more likely it would be completed by November 10.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No. MR. CHESNEY: That's just awesome coming up with a different (inaudible). CHAIRMAN RAGUSA: Anything else, Erin? MS. McCORMICK: The other thing is and, Mark, you're probably going to want to maybe add to this but there was a meeting that the WCA did last week that Sandra Murman came and spoke to about the recent board of county commissioners' action to include a
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had recommended under their report that they did for the district, and it did. So based on that, we told RAP to proceed. And then, Sonny, I guess you can give an update on where things stands now. I think they were going to be getting going last week, and they said initially November 4th completion update, but then they thought it was probably more likely it would be completed by November 10. MS. WHYTE: They started installing the	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No. MR. CHESNEY: That's just awesome coming up with a different (inaudible). CHAIRMAN RAGUSA: Anything else, Erin? MS. McCORMICK: The other thing is and, Mark, you're probably going to want to maybe add to this but there was a meeting that the WCA did last week that Sandra Murman came and spoke to about the recent board of county commissioners' action to include a number of new projects in the capital
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had recommended under their report that they did for the district, and it did. So based on that, we told RAP to proceed. And then, Sonny, I guess you can give an update on where things stands now. I think they were going to be getting going last week, and they said initially November 4th completion update, but then they thought it was probably more likely it would be completed by November 10. MS. WHYTE: They started installing the equipment last week. We started digging the	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No. MR. CHESNEY: That's just awesome coming up with a different (inaudible). CHAIRMAN RAGUSA: Anything else, Erin? MS. McCORMICK: The other thing is and, Mark, you're probably going to want to maybe add to this but there was a meeting that the WCA did last week that Sandra Murman came and spoke to about the recent board of county commissioners' action to include a number of new projects in the capital improvement plan, and I think she wanted to
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had recommended under their report that they did for the district, and it did. So based on that, we told RAP to proceed. And then, Sonny, I guess you can give an update on where things stands now. I think they were going to be getting going last week, and they said initially November 4th completion update, but then they thought it was probably more likely it would be completed by November 10. MS. WHYTE: They started installing the equipment last week. We started digging the holes for the trenches. They poured concrete	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No. MR. CHESNEY: That's just awesome coming up with a different (inaudible). CHAIRMAN RAGUSA: Anything else, Erin? MS. McCORMICK: The other thing is and, Mark, you're probably going to want to maybe add to this but there was a meeting that the WCA did last week that Sandra Murman came and spoke to about the recent board of county commissioners' action to include a number of new projects in the capital improvement plan, and I think she wanted to make that announcement to the community.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. I worked with Tonja, who had Faulkner Engineering, the geotechnical engineer, come back, and they did sampling to make sure that the soil compaction met what they had recommended under their report that they did for the district, and it did. So based on that, we told RAP to proceed. And then, Sonny, I guess you can give an update on where things stands now. I think they were going to be getting going last week, and they said initially November 4th completion update, but then they thought it was probably more likely it would be completed by November 10. MS. WHYTE: They started installing the equipment last week. We started digging the holes for the trenches. They poured concrete today or tomorrow?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No. MR. CHESNEY: That's just awesome coming up with a different (inaudible). CHAIRMAN RAGUSA: Anything else, Erin? MS. McCORMICK: The other thing is and, Mark, you're probably going to want to maybe add to this but there was a meeting that the WCA did last week that Sandra Murman came and spoke to about the recent board of county commissioners' action to include a number of new projects in the capital improvement plan, and I think she wanted to make that announcement to the community. Greg and I had a meeting scheduled for
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	of the soil without installing crushed concrete, and as a result, they agreed to do that without adding any additional change order cost to the contractor or asking the district for additional funds for that. MS. WHYTE: They started installing the equipment last week. We started digging the holes for the trenches. They poured concrete today or tomorrow?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	came out of it, and it was really at Brian's urging they agreed to extend the warranty period from the two years that was in the contract to a four-year time period, so I think that's comforting to the district. MR. CHESNEY: All around awesome resolution. MR. ARGUS: Yes. MR. ROSS: Erin gets all the credit. MS. McCORMICK: No. MR. CHESNEY: That's just awesome coming up with a different (inaudible). CHAIRMAN RAGUSA: Anything else, Erin? MS. McCORMICK: The other thing is and, Mark, you're probably going to want to maybe add to this but there was a meeting that the WCA did last week that Sandra Murman came and spoke to about the recent board of county commissioners' action to include a number of new projects in the capital improvement plan, and I think she wanted to make that announcement to the community. Greg and I had a meeting scheduled for

Page 53 Page 55 1 CDD's part, so I think it makes sense to see 1 project that we've been talking about for 2 2 quite awhile now. what happens in January. 3 And after talking with the assistant 3 CHAIRMAN RAGUSA: Mr. Ross. 4 4 county attorney and getting feedback from John MR. ROSS: Two questions. Is he going 5 5 Lyons, who is the public works director, John to share his proposed plan with you prior to 6 sent an email to me and Christine kind of 6 that January meeting? 7 7 talking about where things stand at this MS. McCORMICK: I will follow up with 8 8 point, and he is planning on taking to the him and ask to get it as soon as it's going to 9 9 board of county commissioners on January 5th, be available, and I am sure it will be 10 10 available, you know, I would think at least a work plan that's going to essentially say 11 this is the timing and these are the projects 11 some period of time prior to the January 5th 12 12 meeting. And they'll have an agenda item that that we propose that the board commit to 13 13 funding at this point in time. has that. 14 14 And as part of that, at the BOCC meeting But I think there is a lot of 15 that they recently had, the board specifically 15 stakeholders and a lot of people that are 16 16 having input into that process right now, and directed that a portion of these funds that 17 they have specifically be identified and 17 staff is trying to keep the process, you know, 18 allocated to resurfacing projects. 18 as credible and non-political as they can. 19 19 So John said, in light of what has been MR. ROSS: And the second question is, I 20 20 transpiring, he definitely thinks that at know the WCA's governmental affairs committee 21 least the roads within Westchase are going 21 has been involved on some of this stuff as 22 to be identified and be funded and placed on 22 well. 23 23 Are we coordinating our efforts with that priority plan in the next two years. 24 In light of that, I think it makes sense 24 them? Are they just running totally 25 25 for us to wait to have any follow-up meeting independent and separate? Are we at risk that Page 54 Page 56 1 1 with the county staff until after we see what unintentionally we may be stepping on their 2 2 the proposal on January 5th and what the board toes or they're stepping on our toes? 3 3 MS. McCORMICK: When this all started -of county commissioners does, because it may 4 4 mean that -- I mean, that may affect whether when we started working on this, I was working 5 5 or not the CDD wants to get involved in with the governmental affairs committee, and 6 6 anything related to financing. then I have not had any conversations with 7 7 MR. CHESNEY: And also they led us to them in probably a month and a half or so, so 8 8 believe that county staff would not recommend I wasn't even aware that they were having the 9 9 that the county incur any financing costs. meeting hosting Commissioner Murman until, you 10 10 MS. McCORMICK: That's correct. know, a few days prior to -- prior to that 11 11 MR. CHESNEY: So what -happening. But, I mean, I'll be happy to 12 12 coordinate with them if you'd like me to do MS. McCORMICK: I mean, we don't have a 13 13 that. final determination on that, but the 14 indications from the county attorney's office 14 MR. ROSS: I'm not advocating it other 15 15 is that they feel like that will be very than I don't want us stepping on each other's 16 16 toes and doing something counterproductive. difficult for the county to do, so that it 17 17 would be in an agreement where they would That's my concern. 18 agree to fund the financing costs that the CDD 18 MS. McCORMICK: Right. Right. 19 19 CHAIRMAN RAGUSA: Well, you would know would incur for this, because they feel like 20 20 that opens them up to criticism that Westchase what action the WCA may be contemplating 21 21 is getting preferential treatment, different better than the rest of us, but I left our 22 22 from what other communities are getting. last meeting with Hillsborough County that 23 23 included WCA representatives with I was under So I think that trying to negotiate 24 through that it would not be -- it would take 24 the impression that the WCA's leadership came 25 a lot of work and time and expense on the 25 to the conclusion they could not undertake

Page 57 Page 59 1 1 this project for various reasons and that they the roads for resurfacing prioritized one to 2 2 were looking to the CDD to take the lead. four or one to three --3 And really that's how we have handled 3 MS. McCORMICK: Uh-huh. 4 4 this. We have taken the lead. We have not --CHAIRMAN RAGUSA: -- and very few 5 5 we've consulted with and talked to the WCA Westchase roads were ones. 6 representatives. We haven't run ideas and 6 MS. McCORMICK: Right. 7 7 concepts by them. CHAIRMAN RAGUSA: The interesting 8 8 What we do is public, and, you know, I comment that Mr. Lyons made -- he has all the 9 9 don't think there is any issue of Erin sharing details. A question was asked that prompted 10 what took place at the meeting with 10 him to answer something to the effect that if 11 Mr. Chesney and the county representatives, 11 one street in a neighborhood is a one and 12 12 but I got the impression the WCA came to the everything else is a two or three, we would 13 13 realization for a number of reasons they could likely go ahead and do the one and the 14 14 not take the lead, and if the CDD passed, they adjacent street so we're not remobilizing. 15 could not proceed forward. 15 So it's possible that if you have 16 So, you know, I think Erin's 16 adjacent streets or close streets in the same 17 recommendation about waiting until January 5 17 community as a one or a high priority, they 18 is a good idea. And I'll tell you when I 18 may go ahead and elect to do all the roads in 19 19 walked out of that meeting on that Monday or that development. Makes some sense. 20 20 Tuesday night with Commission Murman and John And he explained mobilization costs and 2.1 Lyons, that was the conclusion that I came to: 21 things of that nature. So it's possible that 22 22 We should do nothing until we know exactly our twos and threes may get taken care of 23 23 what's on that list. with a one, if there are, in fact, ones. I 2.4 And it's also important to note that on 24 just don't remember from that list. 25 25 this big -- I don't know what they want to The other thing that I thought was Page 58 Page 60 1 1 call it -- however many hundreds and millions really kind of sticking their neck out there 2 2 of dollars, they do have certain items that was that Commissioner Murman said that there 3 3 was less than one tenth of one percent chance earmarked for sidewalks, a certain amount for 4 4 new construction, a certain amount for the Citrus Park Drive extension will not be 5 5 resurfacing. So they have dedicated bulk built by 2018 -- completed by 2018, which is 6 6 quantities to those particular needs. -- that's very optimistic. 7 7 And sidewalk is one of them. They're But even the concept, she is convinced 8 8 that the money from the construction side, the going to go around identifying -- if we can 9 9 new construction side, is there to build the kind of prompt them to fix some of our 10 10 Citrus Park Drive extension. So the message sidewalks, that would be great. Now is the 11 11 she conveyed, at least to this person, this time to do that. 12 12 supervisor sitting in the crowd heard that MR. BARRETT: All of the things have 13 that is a foregone conclusion Citrus Park 13 been identified in that plan already, Mark, 14 Drive is funded and it's shovel ready -- they 14 and there are no sidewalks in Westchase that I 15 used shovel ready -- I think they were going 15 saw on there. 16 back to Obama days -- shovel ready about 20 16 CHAIRMAN RAGUSA: All we can do is 17 times, and that's apparently the only shovel-17 continue to remind them that their sidewalk 18 ready project that they've got. 18 presents a hazard to our residents and others 19 So apparently that's high on the list 19 in the public. That's all we can do. 20 and that's apparently going to get done. And 20 MR. BARRETT: The sidewalk improvements 21 obviously the residents were very pleased, 21 that I saw were almost entirely -- well, I 22 especially those by the Shires that are 22 don't want to say that. I won't say it. 23 getting killed with the traffic on Racetrack. 23 CHAIRMAN RAGUSA: Okay. The other thing 24 It will be good for the community. 24 was -- and I'm trying to remember back to our 25 Hopefully that'll pan out, but -- yeah. 25 initial meeting with the county -- they had

Page 61 Page 63 1 1 Do you think we have -- there are a lot of else? Anything else, Erin? 2 2 stakeholders and a lot of people pushing for MS. McCORMICK: No. That's it. 3 3 CHAIRMAN RAGUSA: Field manager's their pet projects. 4 4 Do you think we can do anything else report. You all should have received a 5 5 between now and the time that Mr. Lyons and written report. Thank you for the updates on 6 his groups finalize their lists? 6 the timing. I think I copied you on at 7 7 MS. McCORMICK: I think that, you know, least one or two of the email traffic I've 8 8 they're trying to keep the project -- keep gotten from residents. Do you have anything 9 9 integrity in the project, but, of course, the to add? 10 10 MR. MAYS: After the completion of the view of the county commissioners matter a lot 11 11 to them, and I think that they, you know, are fountain in West Park Village, we started 12 12 -- I mean, John Lyons said in his email to me noticing that equipment needs to be covered --13 13 they're identifying areas to resurface in the not covered necessarily. It needs to be 14 14 next two years, which will likely include secured. It needs to be -- a fence of some 15 roads in Westchase. 15 sort needs to be put around it. So we started 16 16 addressing contractors with the possibility of So they're certainly saying that 17 Westchase is going to be in this priority 17 getting proposals for different types of 18 18 walls. 19 19 CHAIRMAN RAGUSA: Which is consistent One we're looking at is a block wall 20 20 with what he told the public. similar to this container out here for the 21 MS. McCORMICK: Right. I mean, what I 21 garbage can. That company, we use him for 22 22 would say is, if there are, you know, other things, too. So he's given us a 23 23 problematic issues that they may not be proposal for block with any kind of stucco 24 thinking about that may not be on their radar, 24 finish we want with stucco on it and part 25 25 like sidewalks, then I think that to the block to match the one column we have there Page 62 Page 64 1 1 extent that that gets communicated, I mean, to that is for the water spigot, so -- but his 2 2 the board of county commissioners members and proposal came in. 3 they understand that that's an issue, I think 3 It's the first one to come in. Like I 4 4 that that cannot for -- for sure. said, it's all blocks, so it came in at 5 5 CHAIRMAN RAGUSA: Okay. Anything else? somewhere around \$19,000 just for that. So 6 6 Any other questions on that issue? we've got our fence company -- the person that 7 7 MR. BARRETT: Can I just highlight one puts our fencing up around here, I've got him 8 8 thing for you guys? coming up with some ideas, too, for different 9 CHAIRMAN RAGUSA: Sure. 9 types of fencing. 10 10 MR. BARRETT: In looking at the road These days they have recycled lumber. 11 11 repaving list for the first ten years, They have different types of plastics, PVC 12 virtually all of the roads outside of gated 12 types that are decorative looking, too. 13 13 communities in Westchase were all on there Almost any kind of decorative you want put in, 14 with the sole exception of West Park Village. 14 they've got these days. 15 15 So the only thing that left me a little So we're trying to put some information 16 16 concerned is, if that is their full and together, and hopefully we'll have some 17 17 complete list for the next ten years, we are proposals for you for the next board meeting. 18 going to be having the same discussion five 18 CHAIRMAN RAGUSA: Have we looked at the 19 19 years down the road because everything but aluminum fencing with concrete columns? 20 20 MR. MAYS: Concrete columns with West Park Village will have been paved. 21 21 So just a heads up on that. I'm not aluminum fencing? 22 22 asking for a solution, but point that one CHAIRMAN RAGUSA: Yes. Aluminum fencing 23 23 exception of I did not see any West Park with columns and we're running aluminum fence 24 24 in between. Village roads on that list. 25 CHAIRMAN RAGUSA: Thank you. Anything 2.5 MR. MAYS: Similar to what we have in

	Page 65		Page 67
1	the park?	1	MS. WHYTE: If anybody has any
2	CHAIRMAN RAGUSA: Yes.	2	suggestions or anything, please shoot me an
3	MR. MAYS: No, we haven't. Since our	3	email and let me know what your thoughts are.
4	fence company does that, we can get them to	4	MR. MAYS: We'll come up with a few
5	propose that, too. I don't know if you want	5	different ideas. Moses from Mozart Fence had
6	it to be seen my concerns with building a	6	some pretty good ideas today some ideas on
7	six-foot fence is that now from that angle	7	some different things.
8	from us, 25 feet, you won't even see that	8	MR. CHESNEY: How wide does it need to
9	fountain because of all that monstrosity of a	9	be?
10	block wall.	10	MR. MAYS: It's about 85 foot of fence
11	So that's probably a better idea to put	11	after you go because we need to attach it
12	some sort of opening slotted fence you could	12	the building and run it all the way around and
13	see through it still, and it wouldn't block	13	run it to the end.
14	the view.	14	MR. CHESNEY: So how far across does
15	CHAIRMAN RAGUSA: I would also look at	15	it
16	doing the crawling vines that go up in through	16	MS. WHYTE: It's just the whole width
17	the aluminum.	17	the circumference that was there already.
18	MR. CHESNEY: Why does it need to be	18	MR. MAYS: Almost 14, 15 feet wide.
19	that tall?	19	MR. CHESNEY: 14, 15 feet.
20	MR. MAYS: Six foot.	20	MR. MAYS: And one end is probably 35
21	MS. WHYTE: Because the kids will jump	21	feet long run, because we run it all the way
22	it.	22	to the end to cover up the chemical boxes they
23	MR. CHESNEY: Can you build a thing	23	put in there.
24	instead like	24	They're behind the bushes now, so you
25	MS. WHYTE: You have to be able to open	25	can't see them, but eventually somebody I
	Page 66		Page 68
1	the hood, and the hood opens up probably about	1	mean, they are locked. That's what they're
2	this high.	2	supposed to be done, locked and in the plastic
3	CHAIRMAN RAGUSA: You really need to see	3	canisters. So how secure is that? I don't
4	it. It's very tight. It's tight on the	4	know for sure, especially with acid and
5	sidewalk.	5	chlorine.
6	MS. WHYTE: It's very, very tight.	6	So it does needs to be addressed, and I
7	We're limited as to plant material	7	wouldn't wait too long, because, like I said,
8	CHAIRMAN RAGUSA: There's not a lot of	8	they're already starting to climb on it.
9	solutions.	9	CHAIRMAN RAGUSA: Let's shift to
10	MS. WHYTE: simply because you can't	10	Glencliff.
11	have you can't there's a lot of pipes.	11	MR. MAYS: Glencliff.
12	There's 24 valves?	12	CHAIRMAN RAGUSA: Your report says they
13	MR. MAYS: 25 valves.	13	started pouring on 10/26.
14	MS. WHYTE: A lot of piping underneath,	14	MR. MAYS: They've already started the
15	so we're restricted as to we originally	15	pour and play.
16	just contemplated on putting shrubbery around	16	CHAIRMAN RAGUSA: They did.
17	it, and it was done, but can't do that.	17	MR. MAYS: Yes. The black surface is
18	MR. MAYS: There's not enough space for	18	probably they were three quarters of the
		19	way done today when I was out there at 2:00.
19	shrubbery now.		
19 20	MS. WHYTE: No.	20	They're going to work this weekend on
19 20 21	MS. WHYTE: No. MR. MAYS: So we're working on putting	20 21	They're going to work this weekend on it. He's going to have the cover and
19 20 21 22	MS. WHYTE: No. MR. MAYS: So we're working on putting that together for the board, and we should	20 21 22	They're going to work this weekend on it. He's going to have the cover and everything on top of it by next Monday. He's
19 20 21 22 23	MS. WHYTE: No. MR. MAYS: So we're working on putting that together for the board, and we should have something by next month.	20 21 22 23	They're going to work this weekend on it. He's going to have the cover and everything on top of it by next Monday. He's going to have that thing completed by Monday.
19 20 21 22	MS. WHYTE: No. MR. MAYS: So we're working on putting that together for the board, and we should	20 21 22	They're going to work this weekend on it. He's going to have the cover and everything on top of it by next Monday. He's

Page 69 Page 71 1 1 in, because the canopy was supposed to go up know, I'm not even going to say a date 2 2 Monday, but because of the pour and play being anymore. I just shoot myself. 3 finished on Monday, you can't put a ladder on 3 MR. BARRETT: You probably saw the email 4 4 top of that. that I was copied on. I think people are 5 5 You're not even supposed to walk on it saying, "Can you give us a general idea?" So 6 for 48 hours because of the cool 6 I'm not asking for a specific date. 7 7 temperatures. During the summer, it heated up But are you saying December or January? 8 8 quicker. That's why he said about 12 to 24. MS. WHYTE: Let's say December. What do 9 9 you think? But now it's about two days he's wanting it to 10 10 CHAIRMAN RAGUSA: I told them November cure. 11 So once they do that, we've already got 11 10th. 12 12 the canopy scheduled for next Wednesday to go MR. MAYS: I'm saying November. 13 13 up. Concrete, most of the concrete -- the guy Actually I'm thinking the middle of November 14 14 has poured about half the concrete right now sometime -- the third week of November. 15 for the sidewalks, and the curbing is done. 15 MS. WHYTE: That would be my closer 16 16 The gazebo has already been re-roofed. guess, to give us a little bit of buffer. 17 The paint -- the first layer of paint has been 17 MR. CHESNEY: Thanksgiving. 18 put on the bathrooms. The basketball court, 18 MR. MAYS: 90 percent. But we've still 19 19 they put the first layer of the -- it's like got some touch-up. We're trying to find a 20 20 a leveler. It gets it level. It goes on top cupola for the top of that gazebo. We would 21 of the asphalt to seal any kind of 21 like to find a cupola with a helicopter on top 22 unlevelness so we don't have a bunch of water 22 of it. That would be pretty neat for 23 23 sitting on it. Mr. Sylvester. We just haven't found one. If 2.4 He said they're going to come in this 24 somebody's got any contacts and all that kind 25 25 week and go ahead and do their leveler and of stuff --Page 70 Page 72 1 CHAIRMAN RAGUSA: For a cupola, or for a 1 start painting it. So it'll start getting 2 2 painted. The goalposts are already up. helicopter on top of the cupola? 3 3 I told them, "Don't put your backboards MR. MAYS: A helicopter on top of the 4 4 up, obviously, till we're close to opening the cupola. 5 park." The area that's been cut out for the 5 CHAIRMAN RAGUSA: There's a company on 6 6 four square boxes that we're putting in, that 27 on the way to Tallahassee on the left-hand 7 7 area has already been -- irrigation has been side that builds cupolas. It's in Chiefland, 8 8 installed in it, so we're waiting -- we've I think. 9 already got -- Aventura Nursery is coming up 9 MR. MAYS: It's off of 19 there. 10 to put 20 palm trees along that thing, to do 10 CHAIRMAN RAGUSA: 19-27. I think it's 11 that 11 Chiefland --12 And once they're done with that, we've 12 MR. CHESNEY: I think it is Chiefland. 13 already got the sod company who did the sod 13 CHAIRMAN RAGUSA: -- Cross City or 14 for the soccer fields. He's got some sod that 14 Chiefland on the left-hand side. They've got 15 needs to be repaired in some areas because of 15 a whole facility where they manufacture them. 16 all the traffic and equipment, from the cement 16 MR. CHESNEY: No. 17 trucks mostly, and, you know, it's a lot of 17 CHAIRMAN RAGUSA: They have the big tent 18 the equipment. 18 place. 19 So there will be some new sod, 19 MR. CHESNEY: No. I know. What's the 20 St. Augustine, put in in those areas. That 20 other one? Perry. It's Perry. 2.1 will come in right after. Then we're just 21 CHAIRMAN RAGUSA: It's not as far as 22 waiting on the benches that we ordered. Sonny 22 Perry. 23 has ordered benches and garbage cans for the 23 MR. CHESNEY: It is Chiefland? 24 area and a bike rack. 24 MS. WHYTE: He can ride on his 25 So I'm hoping to see something -- you 25 motorcycle.

1	CHAIRMAN RAGUSA: It's up there on the	1	put it together and present to you at the
2	left-hand side. It's in it's in like a	2	next month with a better idea. But are you
3	large-warehouse-style building with a huge	3	okay with January 21st?
4	glass front in the middle of like one of the	4	MR. ROSS: Only if the parks are done.
5	two little towns you're going to pass through.	5	MR. CHESNEY: Now, parking, one time we
6	MR. MAYS: Okay.	6	had an events there, and we were in a bus
7	CHAIRMAN RAGUSA: You can't really miss	7	not a bus, but you know what I mean. We ran
8	it.	8	vans from Publix parking lot.
9	MR. ARGUS: Yeah, you can.	9	MS. WHYTE: We thought about keep in
10	(Multiple speakers speaking at once.)	10	mind, it's Saturday, grocery day. People will
11	MS. WHYTE: Maybe he'll find a cupola	11	be in Publix. It will be very limited as to
12	that goes with it.	12	you know, Publix parking lot is always
13	MR. MAYS: There it is right there.	13	full, but that was one of the things we looked
14	MR. CHESNEY: You said Chiefland. I	14	at.
15	said Chiefland and Perry. So probably is	15	Maybe at the school we can do we can
16	Chiefland.	16	find out if we can have some shuttles going
17	CHAIRMAN RAGUSA: It's not as far north	17	back and forth or just let people find their
18	at Perry.	18	way there.
19	MR. MILLS: Perry is way	19	CHAIRMAN RAGUSA: Are you looking for a
20	MS. WHYTE: We'll find it.	20	suggestion?
21	CHAIRMAN RAGUSA: Okay.	21	MS. WHYTE: Oh, no. I'm seriously open
22	MR. MAYS: What else is going on?	22	to suggestion. But, I mean, you can't
23	CHAIRMAN RAGUSA: The 25th anniversary?	23	anticipate everything. Chris, you put
24	MS. WHYTE: Okay. I had a meeting with	24	together an event. You know.
25	HOA staff, and they have agreed the HOA	25	MR. BARRETT: I don't think you have to
23	TIOA stair, and they have agreed the HOA	23	MIN. BAINETT. I don't think you have to

You're really just talking about handling parking from Radcliffe and Villages along Countryway. We pulled 1300 runners and all of their families in, and that green was totally full on Saturday, and they found parking.
2 3 4 5 6 7 8 9 10 11 12 13 14 15	So I met with staff, and we looked at a date of January 21st, unless somebody has something on the agenda that does not work. MR. ARGUS: That's a Saturday. MS. WHYTE: It is a Saturday. We thought from about 1:00 till 4:00 in the after. Bounce houses we have a list of vendors at the office whose insurance documentation we have. We would contact each one of those vendors and see if they're interested in donating their time, what we can do to fill up the field. The only concern that we all had was how	2 3 4 5 6 7 8 9 10 11 12 13 14 15	MS. WHYTE: I don't think so either. People are just going to park on the side streets and walk over, just like they did MR. BARRETT: And everyone, if they want to, can walk from the Fords and the Bridges and from even the Vineyards and from West Park village. You're really just talking about handling parking from Radcliffe and Villages along Countryway. We pulled 1300 runners and all of their families in, and that green was totally full on Saturday, and they found parking. CHAIRMAN RAGUSA: At which park are they
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	So I met with staff, and we looked at a date of January 21st, unless somebody has something on the agenda that does not work. MR. ARGUS: That's a Saturday. MS. WHYTE: It is a Saturday. We thought from about 1:00 till 4:00 in the after. Bounce houses we have a list of vendors at the office whose insurance documentation we have. We would contact each one of those vendors and see if they're interested in donating their time, what we can do to fill up the field. The only concern that we all had was how parking. And you had indicated food	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	MS. WHYTE: I don't think so either. People are just going to park on the side streets and walk over, just like they did MR. BARRETT: And everyone, if they want to, can walk from the Fords and the Bridges and from even the Vineyards and from West Park village. You're really just talking about handling parking from Radcliffe and Villages along Countryway. We pulled 1300 runners and all of their families in, and that green was totally full on Saturday, and they found parking. CHAIRMAN RAGUSA: At which park are they doing this at?
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	So I met with staff, and we looked at a date of January 21st, unless somebody has something on the agenda that does not work. MR. ARGUS: That's a Saturday. MS. WHYTE: It is a Saturday. We thought from about 1:00 till 4:00 in the after. Bounce houses we have a list of vendors at the office whose insurance documentation we have. We would contact each one of those vendors and see if they're interested in donating their time, what we can do to fill up the field. The only concern that we all had was how parking. And you had indicated food trucks. That was one of the recommendations.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	MS. WHYTE: I don't think so either. People are just going to park on the side streets and walk over, just like they did MR. BARRETT: And everyone, if they want to, can walk from the Fords and the Bridges and from even the Vineyards and from West Park village. You're really just talking about handling parking from Radcliffe and Villages along Countryway. We pulled 1300 runners and all of their families in, and that green was totally full on Saturday, and they found parking. CHAIRMAN RAGUSA: At which park are they doing this at? MS. WHYTE: Glencliff.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	So I met with staff, and we looked at a date of January 21st, unless somebody has something on the agenda that does not work. MR. ARGUS: That's a Saturday. MS. WHYTE: It is a Saturday. We thought from about 1:00 till 4:00 in the after. Bounce houses we have a list of vendors at the office whose insurance documentation we have. We would contact each one of those vendors and see if they're interested in donating their time, what we can do to fill up the field. The only concern that we all had was how parking. And you had indicated food trucks. That was one of the recommendations. It's very difficult because you don't know the	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	MS. WHYTE: I don't think so either. People are just going to park on the side streets and walk over, just like they did MR. BARRETT: And everyone, if they want to, can walk from the Fords and the Bridges and from even the Vineyards and from West Park village. You're really just talking about handling parking from Radcliffe and Villages along Countryway. We pulled 1300 runners and all of their families in, and that green was totally full on Saturday, and they found parking. CHAIRMAN RAGUSA: At which park are they doing this at? MS. WHYTE: Glencliff. MR. BARRETT: Oh. I thought you were doing it in West Park Village.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	So I met with staff, and we looked at a date of January 21st, unless somebody has something on the agenda that does not work. MR. ARGUS: That's a Saturday. MS. WHYTE: It is a Saturday. We thought from about 1:00 till 4:00 in the after. Bounce houses we have a list of vendors at the office whose insurance documentation we have. We would contact each one of those vendors and see if they're interested in donating their time, what we can do to fill up the field. The only concern that we all had was how parking. And you had indicated food trucks. That was one of the recommendations. It's very difficult because you don't know the numbers of people you're going to have.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	MS. WHYTE: I don't think so either. People are just going to park on the side streets and walk over, just like they did MR. BARRETT: And everyone, if they want to, can walk from the Fords and the Bridges and from even the Vineyards and from West Park village. You're really just talking about handling parking from Radcliffe and Villages along Countryway. We pulled 1300 runners and all of their families in, and that green was totally full on Saturday, and they found parking. CHAIRMAN RAGUSA: At which park are they doing this at? MS. WHYTE: Glencliff. MR. BARRETT: Oh. I thought you were
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	So I met with staff, and we looked at a date of January 21st, unless somebody has something on the agenda that does not work. MR. ARGUS: That's a Saturday. MS. WHYTE: It is a Saturday. We thought from about 1:00 till 4:00 in the after. Bounce houses we have a list of vendors at the office whose insurance documentation we have. We would contact each one of those vendors and see if they're interested in donating their time, what we can do to fill up the field. The only concern that we all had was how parking. And you had indicated food trucks. That was one of the recommendations. It's very difficult because you don't know the numbers of people you're going to have. Food trucks are very lengthy in line up	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	MS. WHYTE: I don't think so either. People are just going to park on the side streets and walk over, just like they did MR. BARRETT: And everyone, if they want to, can walk from the Fords and the Bridges and from even the Vineyards and from West Park village. You're really just talking about handling parking from Radcliffe and Villages along Countryway. We pulled 1300 runners and all of their families in, and that green was totally full on Saturday, and they found parking. CHAIRMAN RAGUSA: At which park are they doing this at? MS. WHYTE: Glencliff. MR. BARRETT: Oh. I thought you were doing it in West Park Village. MS. WHYTE: No. No. No. We're doing Glencliff.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	So I met with staff, and we looked at a date of January 21st, unless somebody has something on the agenda that does not work. MR. ARGUS: That's a Saturday. MS. WHYTE: It is a Saturday. We thought from about 1:00 till 4:00 in the after. Bounce houses we have a list of vendors at the office whose insurance documentation we have. We would contact each one of those vendors and see if they're interested in donating their time, what we can do to fill up the field. The only concern that we all had was how parking. And you had indicated food trucks. That was one of the recommendations. It's very difficult because you don't know the numbers of people you're going to have. Food trucks are very lengthy in line up and wait times. So we thought maybe we'd just	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	MS. WHYTE: I don't think so either. People are just going to park on the side streets and walk over, just like they did MR. BARRETT: And everyone, if they want to, can walk from the Fords and the Bridges and from even the Vineyards and from West Park village. You're really just talking about handling parking from Radcliffe and Villages along Countryway. We pulled 1300 runners and all of their families in, and that green was totally full on Saturday, and they found parking. CHAIRMAN RAGUSA: At which park are they doing this at? MS. WHYTE: Glencliff. MR. BARRETT: Oh. I thought you were doing it in West Park Village. MS. WHYTE: No. No. No. We're doing
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	So I met with staff, and we looked at a date of January 21st, unless somebody has something on the agenda that does not work. MR. ARGUS: That's a Saturday. MS. WHYTE: It is a Saturday. We thought from about 1:00 till 4:00 in the after. Bounce houses we have a list of vendors at the office whose insurance documentation we have. We would contact each one of those vendors and see if they're interested in donating their time, what we can do to fill up the field. The only concern that we all had was how parking. And you had indicated food trucks. That was one of the recommendations. It's very difficult because you don't know the numbers of people you're going to have. Food trucks are very lengthy in line up and wait times. So we thought maybe we'd just do grilled burgers and hot dogs, something	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	MS. WHYTE: I don't think so either. People are just going to park on the side streets and walk over, just like they did MR. BARRETT: And everyone, if they want to, can walk from the Fords and the Bridges and from even the Vineyards and from West Park village. You're really just talking about handling parking from Radcliffe and Villages along Countryway. We pulled 1300 runners and all of their families in, and that green was totally full on Saturday, and they found parking. CHAIRMAN RAGUSA: At which park are they doing this at? MS. WHYTE: Glencliff. MR. BARRETT: Oh. I thought you were doing it in West Park Village. MS. WHYTE: No. No. No. We're doing Glencliff. MR. BARRETT: That's a different story.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	So I met with staff, and we looked at a date of January 21st, unless somebody has something on the agenda that does not work. MR. ARGUS: That's a Saturday. MS. WHYTE: It is a Saturday. We thought from about 1:00 till 4:00 in the after. Bounce houses we have a list of vendors at the office whose insurance documentation we have. We would contact each one of those vendors and see if they're interested in donating their time, what we can do to fill up the field. The only concern that we all had was how parking. And you had indicated food trucks. That was one of the recommendations. It's very difficult because you don't know the numbers of people you're going to have. Food trucks are very lengthy in line up and wait times. So we thought maybe we'd just do grilled burgers and hot dogs, something like that, like an outdoor fair kind of	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	MS. WHYTE: I don't think so either. People are just going to park on the side streets and walk over, just like they did MR. BARRETT: And everyone, if they want to, can walk from the Fords and the Bridges and from even the Vineyards and from West Park village. You're really just talking about handling parking from Radcliffe and Villages along Countryway. We pulled 1300 runners and all of their families in, and that green was totally full on Saturday, and they found parking. CHAIRMAN RAGUSA: At which park are they doing this at? MS. WHYTE: Glencliff. MR. BARRETT: Oh. I thought you were doing it in West Park Village. MS. WHYTE: No. No. No. We're doing Glencliff. MR. BARRETT: That's a different story. I thought you were doing it at Village Green.

	Page 77		Page 79
1	every event we do is always on this side of	1	road closures.
2	the property.	2	MR. BARRETT: No, you don't.
3	MR. CHESNEY: Because there's parking.	3	MS. WHYTE: Bounce houses? We're at a
4	MR. BARRETT: Because you have parking.	4	limit with bounce houses we've already
5	MS. WHYTE: That's why. And that was	5	removed a portion of the park area.
6	one of the concerns that the ladies and I	6	MR. BARRETT: The only reason we closed
7	shared is that but we always do.	7	the roads for The Great Westchase is the
8	There's Movies in the Park the night	8	runners run on them, but we had that the last
9	before over here at West Park Village. The	9	WOW anniversary, we did
10	run is in West Park Village. All of the	10	MS. WHYTE: You closed the roads.
11	events are always in West Park Village, so	11	MR. BARRETT: Not for that
12	MR. CHESNEY: You have businesses here	12	MS. WHYTE: Yes, you did.
13	that sell to them. The parking	13	MR. BARRETT: For the run, and then we
14	MS. WHYTE: Those businesses, we're	14	opened them back up.
15	going to encourage and ask them to be part of	15	MR. CHESNEY: We used to have not flea
16	the event down there. We will talk to them.	16	markets. We used to have carnivals and stuff
17	Do you guys still want to do Mark,	17	like that. We never closed the roads for
18	you indicated maybe the businesses doing a	18	those.
19	raffle. Would you like us to do that? I can	19	MS. WHYTE: Okay. The original was to
20	certainly talk to for donations or	20	have the grand opening of Glencliff. That was
21	purchase, whichever you want to do.	21	why we were going to do it at Glencliff.
22	MR. BARRETT: I know you're not	22	CHAIRMAN RAGUSA: Why is there a
23	soliciting my advice. But if you want a lot	23	perception that there's that much more parking
24	of people there from Westchase, Glencliff is	24	in West Park Village?
25	the wrong place to do it because of parking.	25	MS. WHYTE: Side streets.
	are mong place to do it because or parting.		1167 WITTEL GIGE Streets
	Page 78		Page 80
1	You're going to have a serious problem with	1	MR. CHESNEY: You can park on all the
2	parking, even from the WCA, and that's	2	streets.
3	what? 200 families on the weekend.	3	CHAIRMAN RAGUSA: There's enormous side
4	We have a parking problem down there,	4	streets along right across the street from
5	and you're talking about attracting	5	Glencliff.
6	potentially a third of Westchase, which would	6	MS. WHYTE: Absolutely. That's what we
7	be ideal. It's not going to work.	7	determined, is that people can walk in from
8	MS. WHYTE: But we were trying to do it	8	Bristol Commons
9	in conjunction with opening as a brand new	9	CHAIRMAN RAGUSA: They're street
10	and, of course, our vendor, who is very keen,	10	communities.
11	an they're all going to fly down for the grand	11	MS. WHYTE: Absolutely. That's what we
12	opening of West Park of that venue, so I	12	determined, that people can walk from Woodbay,
13	mean, if you want, we'll look at	13	Bristol Commons.
14	transportation as an issue and see what we can	14	MR. ARGUS: You can get to it from two
15	come up with.	15	sides, whereas Glencliff is only one.
16	We have lots of golf carts. People can	16	CHAIRMAN RAGUSA: Well, you've got
17	commute with their golf carts.	17	Baybridge. You've got all the ones right
18	CHAIRMAN RAGUSA: Mr. Ross.	18	across from Countryway.
19	MR. ROSS: My sense is, we may have a	19	MR. ARGUS: Yes, but that's still
20	square peg in a round hole where we're better	20	limited parking compared to West Park
21	doing it in West Park Village. We have the	21	Village. There are more roads going into
22	parking, we have the access. I'm not	22	CHAIRMAN RAGUSA: Try to find a parking
23	diminishing all the things that you said, but	23	spot right now.
24	at some point, it sounds like	24	MR. ARGUS: I did, right out here.
25	MS. WHYTE: We're going to have to do	25	CHAIRMAN RAGUSA: Yeah. Maybe I

Page 81 Page 83 1 1 don't know. I just don't see there being that dedicate one of the two parking lots for the 2 2 much parking space over there. food trucks? 3 3 MS. WHYTE: It would have to be -- one MR. ARGUS: Is it worth considering using shuttles to get people from West Park 4 4 of the reasons that we thought against the 5 5 Village over to Glencliff and have some food trucks was because, if you have ever been 6 6 at one, food can be slow in coming, especially activities at both parks, do it as a -- and, 7 7 therefore, also throw in Baybridge, do you don't know the number of people you've 8 8 something at all three parks? got, and then you could be waiting for 9 9 MR. CHESNEY: What it was -a while. 10 10 And how do you -- you would have to do MS. WHYTE: Excuse me. There is only 11 11 it with tickets, which is what we're planning one of me and one of them. I can't be at 12 12 three parks. on doing anyway for all of the events is we do 13 13 MR. CHESNEY: No. There was something tickets and so many members -- you know, per 14 14 like that. I don't remember what it was, but family. You have to prove your residency. 15 there was something a long time ago. 15 You get so many -- an envelope will be predetermined -- you have 20 tickets, 30 16 16 CHAIRMAN RAGUSA: That's not cheap. 17 MS. WHYTE: I know. And that's, you 17 tickets, whatever. And each bounce house has 18 know --18 one or two and equally for food. 19 19 CHAIRMAN RAGUSA: That's expensive. MR. CHESNEY: You can do -- it's easy to 20 20 MS. WHYTE: That is, and even to hire do hot dogs and Cokes. 21 school buses and stuff, and I'm sure there is 21 MS. WHYTE: That's just it. It's much 22 22 easier to do that, and I would see if we could insurance documentation and things like that, 23 23 so -- and that's the other reason I -- we get a vendor to do that. 24 discussed not possibly using food trucks, 24 MR. CHESNEY: Yeah. 25 25 because then, now we're limiting -- taking MS. WHYTE: I think it would be an Page 82 Page 84 1 1 away additional parking spots. easier way to do it. A food truck is great 2 And then there we can have bounce 2 for smaller quantity. If you have, as 3 houses, we can have the dodge ball guys, we 3 Mr. Barrett indicated, a third of the 4 4 can have the big blow-up soccer games, where community coming out, you can have 5,000 5 5 you go inside that bubble thing, you know, and people, which sounds like a lot, and then, you 6 all of that. You can have those events. 6 know, if everybody lines up on food, the first 7 7 You can have the obstacle course. One complaint would be, "I had to wait for hours of our residents runs -- he does an obstacle 8 8 to get my food." They can only produce so 9 course for kids. You know, things like that. 9 much. 10 10 So there is a lot more than space at Glencliff That's why we thought it would be easier 11 11 to do it with a -- you know, something as where you could have more people. You could 12 12 have the jugglers, you could have the simple as a burger and a fry -- or a burger 13 13 balloons, you can have the face painting and and a hot dog and sodas. 14 14 not worry about it. And that playground at CHAIRMAN RAGUSA: Hot dogs. 15 West Park Village is two- to five-years-old, 15 MR. CHESNEY: Hot dogs. 16 which is going to, you know --16 MS. WHYTE: Just hot dogs? 17 17 CHAIRMAN RAGUSA: I think it needs to be MR. CHESNEY: Hot dogs and a bag of 18 18 over there. We should alert the sheriff's chips and Cokes. 19 directed patrol that we'll need them as well. 19 MS. WHYTE: Yeah. So that would be the 20 20 MS. WHYTE: Yes. But I just wanted to easiest to do, because you can mass produce, 21 2.1 make sure that was okay, because that's what you can get the people in, you can get their 22 we had planned, and I thought that was the 22 food, you know, and it's something that you 23 discussion, that you guys wanted it at 23 can do a lot of. Glencliff, so --24 24 MR. CHESNEY: Can you do veggie dogs? 25 CHAIRMAN RAGUSA: Why couldn't we 25 MR. ARGUS: Chicken dogs.

	Page 85		Page 87
1	MR. CHESNEY: Well, I'm just saying, you	1	present to you on January on December 6th,
2	can do both.	2	which I believe is our next board meeting.
3	MS. WHYTE: Being the 25th Anniversary,	3	I will ask Debbie or Charlotte to give
4	we can do bratwursts, you know, or something	4	you an update on that. I will be out of town.
5	like that.	5	I have to fly home. My dad is having surgery,
6	MR. BARRETT: We need a W burned into	6	so I will not be but I will be working on
7	each of the hot dogs	7	it as we go.
8	MS. WHYTE: We can do whatever.	8	MR. BARRETT: Just an FYI, we had 40-by-
9	MR. CHESNEY: You can get	9	20 tent that we never used while
10	MS. WHYTE: Are we okay at Glencliff and	10	MS. WHYTE: Okay.
11	are we okay with January 21st?	11	MR. BARRETT: I'm sure you'd be
12	MR. CHESNEY: I think January 21st is a	12	welcome to use that.
13	great day.	13	MS. WHYTE: Thank you.
14	MS. WHYTE: That's before the football	14	MR. BARRETT: And we have dozens of the
15	game. It doesn't conflict with any of the	15	smaller eight-by-eight tents if you need them
16	runs that are coming up for Gasparilla. Those	16	for your vendors or whatnot.
17	are the dates that we kind of came up with.	17	MS. WHYTE: Thank you very much.
18	MR. CHESNEY: It's the long weekend,	18	Appreciate that.
19	too, isn't it, for schools?	19	MR. BARRETT: You just would have to put
20	MS. WHYTE: I don't know. I don't have	20	the 40 by 20 tent fold it back up and put
21	a kid in school, so I wouldn't know.	21	it back in the carton again.
22	CHAIRMAN RAGUSA: No.	22	MS. WHYTE: In the box.
23	MR. CHESNEY: It's not?	23	MR. BARRETT: Yeah.
24	MR. MILLS: MLK is the 16th.	24	CHAIRMAN RAGUSA: That's what Doug is
25	MR. CHESNEY: Oh, it is the week prior.	25	for.
	Page 86		Page 88
_	_		_
1	MR. MILLS: It's the first day after	1	MS. WHYTE: That's why we have staff.
2	CHAIRMAN RAGUSA: Let's go with it. I'm	2	CHAIRMAN RAGUSA: All right. Anything
3 4	not hearing anybody say otherwise.	3	-l2 A +l-:
	MC MUVTEL Okov. Is there any other	1	else? Anything else on the field report?
	MS. WHYTE: Okay. Is there any other	4	MR. MAYS: You guys did see the signs

I definitely will be there. MS. WHYTE: Yes. CHAIRMAN RAGUSA: Audience comments. MR. BARRETT: I just Chris Barrett from the WOW. I just wanted to thank all of you guys for letting us use the Village Green, and a special thanks to all of the CDD staff for your help making the race a success. We rousted some quite early in the morning, and they were Johnny on the spot. They were there at 5:30 and addressing just one little hiccup, so they went above and beyond. LaVonne and Sonny I know not to beat Doug up, but I think you were out of town that weekend, but

	Page 89		Page 91
1	MR. BARRETT: You know, just really, you	1	Links Peabody gate. And it sounds like,
2	guys, it really is a great, great event, if	2	which, unfortunately, I apologize, we have to
3	you've ever been well, Erin was actually.	3	replace the motors. They're the original
4	MS. McCORMICK: I was there.	4	motors on those gates.
5	MR. BARRETT: And we had a race timing	5	They all need to be done eventually,
6	snafu at the end. Other than that, it really	6	but, unfortunately, Peabody has to be done.
7	was a great thing, and it could not happen	7	They are doing this, they're bouncing. And
8	without the support of the CDD, so thank you	8	they can't guarantee the repair. So in order
9	very much.	9	to do one, if they change one of the motors
10	MR. MAYS: Vacation January 24th.	10	out, they don't believe that this motor will
11	CHAIRMAN RAGUSA: Supervisor requests.	11	work with this one, so we have to change both
12	Mr. Ross.	12	of them.
13	MR. ROSS: I would like it if we	13	MR. MAYS: It's not just the motors.
14	considered having some sort of de-mossing	14	It's the units that has to be
15	program for the trees in the medians off	15	MS. WHYTE: The whole unit has to be
16	Linebaugh and Countryway.	16	changed. So at this point, Doug's got a
17	MR. CHESNEY: OR keep them up for	17	proposal for all three, and we're going
18	Halloween.	18	CHAIRMAN RAGUSA: 5,000 apiece?
19	MR. ROSS: There's lots of moss hanging	19	MR. MAYS: Actually they're better and
20	down from the trees in the median of Linebaugh	20	they're cheaper, 3700 apiece 3750 apiece.
21	and Countryway, and if we	21	MS. WHYTE: It's about \$11,000, so, with
22	MR. MAYS: They de-mossed every crape	22	that, that gives us the five-year warranty.
23	myrtle on this property last year. Must be	23	And I've already spoken to the community
24	the oaks you're talking about and pine and	24	and let them know that this may be coming, but
25	stuff like that.	25	we wanted to bring it to the board's attention
	Dama 00

1	_	1	
1 2	MR. ROSS: Yeah. Yeah. Is that	1 2	that we will probably need to do that, and
	MR. ROSS: Yeah. Yeah. Is that something they regularly do?		that we will probably need to do that, and then next year, the next budget cycle, may be
2	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally.	2	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well.
2	MR. ROSS: Yeah. Yeah. Is that something they regularly do?	2 3	that we will probably need to do that, and then next year, the next budget cycle, may be
2 3 4	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for	2 3 4	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing
2 3 4 5	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider.	2 3 4 5	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities.
2 3 4 5 6	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the	2 3 4 5 6	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least?
2 3 4 5 6 7	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray	2 3 4 5 6 7	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to
2 3 4 5 6 7 8	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground	2 3 4 5 6 7 8	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by
2 3 4 5 6 7 8 9	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's	2 3 4 5 6 7 8 9	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's
2 3 4 5 6 7 8 9	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's actually the only way you can do it is	2 3 4 5 6 7 8 9	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's coming on 20.
2 3 4 5 6 7 8 9 10	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's actually the only way you can do it is manually, and it would be quite pricey,	2 3 4 5 6 7 8 9 10	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's coming on 20. MS. WHYTE: Yeah. So it's something
2 3 4 5 6 7 8 9 10 11	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's actually the only way you can do it is manually, and it would be quite pricey, especially for oak trees and stuff like that,	2 3 4 5 6 7 8 9 10 11 12	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's coming on 20. MS. WHYTE: Yeah. So it's something that needed to be done, so we just wanted to
2 3 4 5 6 7 8 9 10 11 12 13	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's actually the only way you can do it is manually, and it would be quite pricey, especially for oak trees and stuff like that, but I'll check into it definitely check	2 3 4 5 6 7 8 9 10 11 12 13	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's coming on 20. MS. WHYTE: Yeah. So it's something that needed to be done, so we just wanted to bring it to the board's attention, but we do
2 3 4 5 6 7 8 9 10 11 12 13 14	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's actually the only way you can do it is manually, and it would be quite pricey, especially for oak trees and stuff like that, but I'll check into it definitely check into it.	2 3 4 5 6 7 8 9 10 11 12 13 14	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's coming on 20. MS. WHYTE: Yeah. So it's something that needed to be done, so we just wanted to bring it to the board's attention, but we do have a five-year warranty on them.
2 3 4 5 6 7 8 9 10 11 12 13 14 15	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's actually the only way you can do it is manually, and it would be quite pricey, especially for oak trees and stuff like that, but I'll check into it definitely check into it. CHAIRMAN RAGUSA: A community volunteer	2 3 4 5 6 7 8 9 10 11 12 13 14 15	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's coming on 20. MS. WHYTE: Yeah. So it's something that needed to be done, so we just wanted to bring it to the board's attention, but we do have a five-year warranty on them. CHAIRMAN RAGUSA: Now, which side was it
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's actually the only way you can do it is manually, and it would be quite pricey, especially for oak trees and stuff like that, but I'll check into it definitely check into it. CHAIRMAN RAGUSA: A community volunteer event.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's coming on 20. MS. WHYTE: Yeah. So it's something that needed to be done, so we just wanted to bring it to the board's attention, but we do have a five-year warranty on them. CHAIRMAN RAGUSA: Now, which side was it on this weekend? I remember
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's actually the only way you can do it is manually, and it would be quite pricey, especially for oak trees and stuff like that, but I'll check into it definitely check into it. CHAIRMAN RAGUSA: A community volunteer event. MR. CHESNEY: In the middle of	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's coming on 20. MS. WHYTE: Yeah. So it's something that needed to be done, so we just wanted to bring it to the board's attention, but we do have a five-year warranty on them. CHAIRMAN RAGUSA: Now, which side was it on this weekend? I remember MS. WHYTE: It's Peabody, because I
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's actually the only way you can do it is manually, and it would be quite pricey, especially for oak trees and stuff like that, but I'll check into it definitely check into it. CHAIRMAN RAGUSA: A community volunteer event. MR. CHESNEY: In the middle of Linebaugh?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's coming on 20. MS. WHYTE: Yeah. So it's something that needed to be done, so we just wanted to bring it to the board's attention, but we do have a five-year warranty on them. CHAIRMAN RAGUSA: Now, which side was it on this weekend? I remember MS. WHYTE: It's Peabody, because I didn't want to take the chance. I had them
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's actually the only way you can do it is manually, and it would be quite pricey, especially for oak trees and stuff like that, but I'll check into it definitely check into it. CHAIRMAN RAGUSA: A community volunteer event. MR. CHESNEY: In the middle of Linebaugh? CHAIRMAN RAGUSA: Chiggers and ticks.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's coming on 20. MS. WHYTE: Yeah. So it's something that needed to be done, so we just wanted to bring it to the board's attention, but we do have a five-year warranty on them. CHAIRMAN RAGUSA: Now, which side was it on this weekend? I remember MS. WHYTE: It's Peabody, because I didn't want to take the chance. I had them leave it open because it was bouncing.
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's actually the only way you can do it is manually, and it would be quite pricey, especially for oak trees and stuff like that, but I'll check into it definitely check into it. CHAIRMAN RAGUSA: A community volunteer event. MR. CHESNEY: In the middle of Linebaugh? CHAIRMAN RAGUSA: Chiggers and ticks. MR. CHESNEY: That's right. There would	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's coming on 20. MS. WHYTE: Yeah. So it's something that needed to be done, so we just wanted to bring it to the board's attention, but we do have a five-year warranty on them. CHAIRMAN RAGUSA: Now, which side was it on this weekend? I remember MS. WHYTE: It's Peabody, because I didn't want to take the chance. I had them leave it open because it was bouncing. CHAIRMAN RAGUSA: Okay. And on the
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's actually the only way you can do it is manually, and it would be quite pricey, especially for oak trees and stuff like that, but I'll check into it definitely check into it. CHAIRMAN RAGUSA: A community volunteer event. MR. CHESNEY: In the middle of Linebaugh? CHAIRMAN RAGUSA: Chiggers and ticks. MR. CHESNEY: That's right. There would be chiggers.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's coming on 20. MS. WHYTE: Yeah. So it's something that needed to be done, so we just wanted to bring it to the board's attention, but we do have a five-year warranty on them. CHAIRMAN RAGUSA: Now, which side was it on this weekend? I remember MS. WHYTE: It's Peabody, because I didn't want to take the chance. I had them leave it open because it was bouncing. CHAIRMAN RAGUSA: Okay. And on the Radcliffe side this morning, a car went on
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's actually the only way you can do it is manually, and it would be quite pricey, especially for oak trees and stuff like that, but I'll check into it definitely check into it. CHAIRMAN RAGUSA: A community volunteer event. MR. CHESNEY: In the middle of Linebaugh? CHAIRMAN RAGUSA: Chiggers and ticks. MR. CHESNEY: That's right. There would be chiggers. CHAIRMAN RAGUSA: Sonny.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's coming on 20. MS. WHYTE: Yeah. So it's something that needed to be done, so we just wanted to bring it to the board's attention, but we do have a five-year warranty on them. CHAIRMAN RAGUSA: Now, which side was it on this weekend? I remember MS. WHYTE: It's Peabody, because I didn't want to take the chance. I had them leave it open because it was bouncing. CHAIRMAN RAGUSA: Okay. And on the Radcliffe side this morning, a car went on the outbound side, a car went through. I was behind them. Gate opens, they go through, I went over the sensor, the gate's closing. It
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	MR. ROSS: Yeah. Yeah. Is that something they regularly do? MR. MAYS: Not normally. MR. ROSS: I'm just throwing it out for us to consider. MR. MAYS: It's an extra. I mean, the normal practice is copper zinc that you spray into the tree, and that gets into the ground and does rough damage to turf sometimes. It's actually the only way you can do it is manually, and it would be quite pricey, especially for oak trees and stuff like that, but I'll check into it definitely check into it. CHAIRMAN RAGUSA: A community volunteer event. MR. CHESNEY: In the middle of Linebaugh? CHAIRMAN RAGUSA: Chiggers and ticks. MR. CHESNEY: That's right. There would be chiggers. CHAIRMAN RAGUSA: Sonny. MS. WHYTE: We did have this concerns	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	that we will probably need to do that, and then next year, the next budget cycle, may be we need to change the other side as well. And we'll probably have to start doing that in a couple of the other communities. But Harbor Links is 20 20 years, at least? MR. CHESNEY: Oh, at least. It's got to be the oldest by CHAIRMAN RAGUSA: It's coming on it's coming on 20. MS. WHYTE: Yeah. So it's something that needed to be done, so we just wanted to bring it to the board's attention, but we do have a five-year warranty on them. CHAIRMAN RAGUSA: Now, which side was it on this weekend? I remember MS. WHYTE: It's Peabody, because I didn't want to take the chance. I had them leave it open because it was bouncing. CHAIRMAN RAGUSA: Okay. And on the Radcliffe side this morning, a car went on the outbound side, a car went through. I was behind them. Gate opens, they go through, I

	Page 93		Page 95
1	If I hadn't slammed on my brakes, it	1	it down to about fifty five, and now we are
2	would have caught me. And I literally had to	2	this year we closed out at seven-thousand-
3	back up way beyond I had to back up	3	some-odd dollars. I don't have the final
4	20-something feet beyond the sensor to come	4	number, but I will get that to the community.
5	back to it to get it to open.	5	CHAIRMAN RAGUSA: What was the line item
6	MS. WHYTE: Okay. Well, I'll	6	in the budget for '16?
7	CHAIRMAN RAGUSA: It's not detecting a	7	MS. WHYTE: I don't know off the top of
8	follow-up car.	8	my head. I'm sorry.
9	MR. MAYS: Probably have got to check	9	CHAIRMAN RAGUSA: Well, it's obvious we
10	the sensitivity on it, and that's why a good	10	need to refund all the residents.
11	thing that we marked that gate with it	11	MS. WHYTE: No. No. No. No. The
12	closes after every vehicle, as Erin told to us	12	line item
13	to do, so it covers	13	MR. CHESNEY: Before you leave. Right?
14	CHAIRMAN RAGUSA: That's the first time	14	MS. WHYTE: Mark, I believe the line
15	somebody has ever done that to me.	15	item was \$9,000, and we assessed because we
16	MR. MAYS: (Inaudible.)	16	don't know what the utilities are. It
17	MR. BARRETT: You just go 65 miles an	17	
		18	fluctuates every year, you know, so
18 19	hour.	19	CHAIRMAN RAGUSA: Sure.
20	CHAIRMAN RAGUSA: I normally would.	20	MR. CHESNEY: Andy, can we make a note of that?
21	MR. ARGUS: When we when Harbor Links	21	
22	re-did the entryway, particularly on Peabody,	22	MR. MENDENHALL: Yes.
23	and moved the gate up, didn't they get new	23	MR. CHESNEY: Why don't you just send it
24	motors then? I thought they got brand-new	24	to Alan?
25	units at that time, so that's probably 15 MS. WHYTE: I have no idea. I don't	25	MR. MAYS: Use that extra money to de-moss the trees.
25	MS. WHITE. I have no idea. I don't	23	de-moss the trees.
	Page 94		Page 96
1	have any documentation.	1	MS. WHYTE: No, we can't and Harbor
2	MR. ARGUS: Oh, okay.	2	Links can't do it. But just to let you know
3	MS. WHYTE: Well, we don't have any	3	that it is and I mentioned it to the voting
4	choice. Those motors, those units, are	4	member today, and she was extremely pleased.
5	finished.	5	Once I got the final numbers and we
6	And the other thing is, is I did notice	6	closed off the budget and stuff, I will share
7	when I was going through the budget for last	7	that email with her and let the community know
8	year is that just to give you guys a heads	8	what their you know. And I believe the
9	up Harbor Links, we used to assess 75,000	9	street lights are paid for now, Greg?
10	for street lights.	10	MR. CHESNEY: Yeah. Actually I'm
11	MR. CHESNEY: Oh, crap. I'm sorry.	11	sitting here looking for it. But you're
12	MS. WHYTE: Last year, they closed	12	right, they probably are.
13	that. I looked at the final number, and it	13	MS. WHYTE: I believe they should be
14	was at 7300 for everything. So it has	14	this year.
15	CHAIRMAN RAGUSA: So there's a large	15	MR. CHESNEY: Yeah. I didn't even think
16	surplus?	16	about that, the fuel cost.
17	MR. CHESNEY: Yes.	17	MS. WHYTE: No.
18	MS. WHYTE: It's huge. It has saved the	18	MR. MAYS: This the third year, isn't
19	community lots of money.	19	it?
20	MR. CHESNEY: I didn't even think about	20	MR. CHESNEY: Although maybe we didn't
21	that.	21	do the fuel cost. Maybe that's what it is.
22	MR. BARRETT: It used to be seventy	22	Maybe they got paid off, and we just didn't
23	five, and now 7,300.	23	pick up on it.
24	MS. WHYTE: We went down from 75,000. A	24	MR. ARGUS: Right.
25	few years ago, we reevaluated it. We brought	25	MS. WHYTE: Yeah. But that's what I

1	Page 97		Page 99
1	wanted to give you before the community	1	MS. WHYTE: Same material.
2	before we send out a formal email to the	2	MR. ARGUS: Okay.
3	voting member, I wanted to reconfirm that with	3	MS. WHYTE: Same material.
4	Alan to make sure if this is the last year	4	MR. ARGUS: All right.
5	they were paid for, or if it was last year,	5	MS. WHYTE: The only thing that was
6	and we are now down to that final number, but	6	separate, because Doug was away, unfortunately
7	that's what it was.	7	I could not get the field office report inside
8	CHAIRMAN RAGUSA: Okay. Anything else?	8	the board packet, so I added it after the
9	(No response.)	9	board packet, but it made it within the seven-
10	CHAIRMAN RAGUSA: A motion to adjourn	10	day period.
11	would be appropriate.	11	MR. ARGUS: So the emails we got last
12	MR. ARGUS: Oh, I have two things. The	12	week from you about the
13	board package is being posted online and all	13	MR. MENDENHALL: Engineers?
14	the handouts.	14	MR. ARGUS: engineers were not part of
15	Could we get all the handouts that are	15	the board packet?
16	posted online as part of the board packet that	16	MR. MENDENHALL: Not part of the board
17	is emailed out to the supervisors, just copy	17	package, but part of the folder on the they
18	them?	18	can post it as well. So they wouldn't have
19	MR. MENDENHALL: Basically the meeting	19	been part of the board package because I think
20	package gets posted up, and it goes out about	20	it was after the board package went out.
21	a week ahead of time. So as long as	21	MR. ARGUS: Okay.
22	everything is in a week ahead of time,	22	CHAIRMAN RAGUSA: But were they posted
23	absolutely.	23	online?
24	MR. ARGUS: Right	24	MS. WHYTE: No.
25	MR. MENDENHALL: Typically the items	25	MR. MENDENHALL: Yeah. Yeah, they
	Page 98		Page 100
1	that are posted after that just haven't made	1	should be online.
2	it with that seven-day window.	2	MS. WHYTE: No.
3	MD ADCIIC. Compact Tunder work		113. WITTE: 140.
	MR. ARGUS: Correct. I under yeah,	3	MR. MENDENHALL: The engineer
4	everything that we're because it's as	3 4	MR. MENDENHALL: The engineer information, it should be.
4 5	-		MR. MENDENHALL: The engineer
	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's	4	MR. MENDENHALL: The engineer information, it should be.
5	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the	4 5	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that.
5 6 7 8	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes	4 5 6 7 8	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay.
5 6 7 8 9	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me.	4 5 6 7 8 9	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that.
5 6 7 8 9	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes	4 5 6 7 8 9	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay.
5 6 7 8 9 10 11	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me. MR. MENDENHALL: Well, so I'm confused. You mean in a	4 5 6 7 8 9 10	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay. MS. WHYTE: But, no, I didn't post
5 6 7 8 9 10 11 12	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me. MR. MENDENHALL: Well, so I'm confused. You mean in a MR. ARGUS: Anything that's posted on	4 5 6 7 8 9 10 11	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay. MS. WHYTE: But, no, I didn't post anything after that.
5 6 7 8 9 10 11 12	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me. MR. MENDENHALL: Well, so I'm confused. You mean in a MR. ARGUS: Anything that's posted on online as being part of the board packet, if	4 5 6 7 8 9 10 11 12 13	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay. MS. WHYTE: But, no, I didn't post anything after that. MR. MENDENHALL: On the website?
5 6 7 8 9 10 11 12 13 14	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me. MR. MENDENHALL: Well, so I'm confused. You mean in a MR. ARGUS: Anything that's posted on online as being part of the board packet, if they email it out with the board packet	4 5 6 7 8 9 10 11 12 13 14	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay. MS. WHYTE: But, no, I didn't post anything after that. MR. MENDENHALL: On the website? MS. WHYTE: On the website.
5 6 7 8 9 10 11 12 13 14	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me. MR. MENDENHALL: Well, so I'm confused. You mean in a MR. ARGUS: Anything that's posted on online as being part of the board packet, if they email it out with the board packet MR. MENDENHALL: Okay.	4 5 6 7 8 9 10 11 12 13 14	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay. MS. WHYTE: But, no, I didn't post anything after that. MR. MENDENHALL: On the website? MS. WHYTE: On the website. MR. MENDENHALL: Yeah, you're probably
5 6 7 8 9 10 11 12 13 14 15	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me. MR. MENDENHALL: Well, so I'm confused. You mean in a MR. ARGUS: Anything that's posted on online as being part of the board packet, if they email it out with the board packet MR. MENDENHALL: Okay. MR. ARGUS: post it to Dropbox.	4 5 6 7 8 9 10 11 12 13 14 15 16	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay. MS. WHYTE: But, no, I didn't post anything after that. MR. MENDENHALL: On the website? MS. WHYTE: On the website. MR. MENDENHALL: Yeah, you're probably right, because I think it would have been to
5 6 7 8 9 10 11 12 13 14 15 16 17	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me. MR. MENDENHALL: Well, so I'm confused. You mean in a MR. ARGUS: Anything that's posted on online as being part of the board packet, if they email it out with the board packet MR. MENDENHALL: Okay. MR. ARGUS: post it to Dropbox. MS. WHYTE: The same thing.	4 5 6 7 8 9 10 11 12 13 14 15 16 17	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay. MS. WHYTE: But, no, I didn't post anything after that. MR. MENDENHALL: On the website? MS. WHYTE: On the website. MR. MENDENHALL: Yeah, you're probably right, because I think it would have been to the Dropbox, but maybe not to the website.
5 6 7 8 9 10 11 12 13 14 15 16 17	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me. MR. MENDENHALL: Well, so I'm confused. You mean in a MR. ARGUS: Anything that's posted on online as being part of the board packet, if they email it out with the board packet MR. MENDENHALL: Okay. MR. ARGUS: post it to Dropbox. MS. WHYTE: The same thing. MR. ARGUS: No. It's the website, I	4 5 6 7 8 9 10 11 12 13 14 15 16 17	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay. MS. WHYTE: But, no, I didn't post anything after that. MR. MENDENHALL: On the website? MS. WHYTE: On the website. MR. MENDENHALL: Yeah, you're probably right, because I think it would have been to the Dropbox, but maybe not to the website. So, yeah, we need to coordinate that better.
5 6 7 8 9 10 11 12 13 14 15 16 17 18	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me. MR. MENDENHALL: Well, so I'm confused. You mean in a MR. ARGUS: Anything that's posted on online as being part of the board packet, if they email it out with the board packet MR. MENDENHALL: Okay. MR. ARGUS: post it to Dropbox. MS. WHYTE: The same thing. MR. ARGUS: No. It's the website, I thought, is getting posted.	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay. MS. WHYTE: But, no, I didn't post anything after that. MR. MENDENHALL: On the website? MS. WHYTE: On the website. MR. MENDENHALL: Yeah, you're probably right, because I think it would have been to the Dropbox, but maybe not to the website. So, yeah, we need to coordinate that better. Yeah.
5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me. MR. MENDENHALL: Well, so I'm confused. You mean in a MR. ARGUS: Anything that's posted on online as being part of the board packet, if they email it out with the board packet MR. MENDENHALL: Okay. MR. ARGUS: post it to Dropbox. MS. WHYTE: The same thing. MR. ARGUS: No. It's the website, I thought, is getting posted. MS. WHYTE: The website gets posted	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay. MS. WHYTE: But, no, I didn't post anything after that. MR. MENDENHALL: On the website? MS. WHYTE: On the website. MR. MENDENHALL: Yeah, you're probably right, because I think it would have been to the Dropbox, but maybe not to the website. So, yeah, we need to coordinate that better. Yeah. MS. WHYTE: Correct. Correct.
5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me. MR. MENDENHALL: Well, so I'm confused. You mean in a MR. ARGUS: Anything that's posted on online as being part of the board packet, if they email it out with the board packet MR. MENDENHALL: Okay. MR. ARGUS: post it to Dropbox. MS. WHYTE: The same thing. MR. ARGUS: No. It's the website, I thought, is getting posted. MS. WHYTE: The website gets posted after Sandra gives me the board packet that	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay. MS. WHYTE: But, no, I didn't post anything after that. MR. MENDENHALL: On the website? MS. WHYTE: On the website. MR. MENDENHALL: Yeah, you're probably right, because I think it would have been to the Dropbox, but maybe not to the website. So, yeah, we need to coordinate that better. Yeah. MS. WHYTE: Correct. Correct. MR. ARGUS: The other thing I had, in
5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me. MR. MENDENHALL: Well, so I'm confused. You mean in a MR. ARGUS: Anything that's posted on online as being part of the board packet, if they email it out with the board packet MR. MENDENHALL: Okay. MR. ARGUS: post it to Dropbox. MS. WHYTE: The same thing. MR. ARGUS: No. It's the website, I thought, is getting posted. MS. WHYTE: The website gets posted after Sandra gives me the board packet that goes online to you guys. It's the same	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay. MS. WHYTE: But, no, I didn't post anything after that. MR. MENDENHALL: On the website? MS. WHYTE: On the website. MR. MENDENHALL: Yeah, you're probably right, because I think it would have been to the Dropbox, but maybe not to the website. So, yeah, we need to coordinate that better. Yeah. MS. WHYTE: Correct. Correct. MR. ARGUS: The other thing I had, in driving around and looking at how behind our
5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me. MR. MENDENHALL: Well, so I'm confused. You mean in a MR. ARGUS: Anything that's posted on online as being part of the board packet, if they email it out with the board packet MR. MENDENHALL: Okay. MR. ARGUS: post it to Dropbox. MS. WHYTE: The same thing. MR. ARGUS: No. It's the website, I thought, is getting posted. MS. WHYTE: The website gets posted after Sandra gives me the board packet that goes online to you guys. It's the same thing.	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay. MS. WHYTE: But, no, I didn't post anything after that. MR. MENDENHALL: On the website? MS. WHYTE: On the website. MR. MENDENHALL: Yeah, you're probably right, because I think it would have been to the Dropbox, but maybe not to the website. So, yeah, we need to coordinate that better. Yeah. MS. WHYTE: Correct. Correct. MR. ARGUS: The other thing I had, in driving around and looking at how behind our parks are today, when I passed by the West
5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	everything that we're because it's as they come in, I've got to remember to go back and find the thing, and this way, it's all together, and I know to look starting the week before the meeting anything that comes in. That would be a significant help to me. MR. MENDENHALL: Well, so I'm confused. You mean in a MR. ARGUS: Anything that's posted on online as being part of the board packet, if they email it out with the board packet MR. MENDENHALL: Okay. MR. ARGUS: post it to Dropbox. MS. WHYTE: The same thing. MR. ARGUS: No. It's the website, I thought, is getting posted. MS. WHYTE: The website gets posted after Sandra gives me the board packet that goes online to you guys. It's the same	4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	MR. MENDENHALL: The engineer information, it should be. MS. WHYTE: No, I wasn't given that. The only thing I got from Sandra was the packet. MR. MENDENHALL: Okay. MS. WHYTE: I'll check into that. MR. ARGUS: Okay. MS. WHYTE: But, no, I didn't post anything after that. MR. MENDENHALL: On the website? MS. WHYTE: On the website. MR. MENDENHALL: Yeah, you're probably right, because I think it would have been to the Dropbox, but maybe not to the website. So, yeah, we need to coordinate that better. Yeah. MS. WHYTE: Correct. Correct. MR. ARGUS: The other thing I had, in driving around and looking at how behind our

	Page 101	Page 103
1	On the west side, the paver sidewalk,	
2	was puddles of water. My question is, are we	
3	elevating that as part of this project? Are	
4	we doing anything to eliminate the linear	CERTIFICATE OF REPORTER
5	swimming pool there?	
6	MR. MAYS: Was the water on the brick	STATE OF FLORIDA:
7	paver sidewalk?	COUNTY OF HILLSBOROUGH:
8	MR. ARGUS: Yes. It's on the west side	
9	of the yeah, it's a little puddle it's a	I, Kimberly Ann Roberts, Notary Public in
10	long puddle on the paver sidewalk on the west	and for the State of Florida at Large, do hereby
11	side of the sidewalk on the west side of West	certify that I reported in shorthand the foregoing
12	Park Village Park.	proceedings at the time and place therein designated;
13	MR. MAYS: On the west side. Okay.	that my shorthand notes were thereafter reduced to
14	I'll check into that.	typewriting under my supervision; and that the
15	MS. WHYTE: I don't know	foregoing pages are a true and correct, verbatim
16	CHAIRMAN RAGUSA: That has to be an	record of the aforesaid proceedings.
17	anomaly because we haven't gotten any rain.	Witness my hand and seal November 18, 2016,
18	MR. ARGUS: It's probably due to the	in the City of Tampa, County of Hillsborough, State
