We've got an item -- Item Number Six 2 2 CHAIRMAN RAGUSA: The boardwalk was under "Parks and Recreation" for an actuating 3 3 fountain for \$170,000. I'm assuming that the not. 4 MS. WHYTE: Uh-uh. 4 170,000 is actually built into the budget, 5 5 MR. CHESNEY: The boardwalk was not. though. I don't know that that necessarily is 6 6 There's no splash pad. It's just a general 7 7 MR. I might have that. take no further action with respect to 10 10 MR. ARGUS: It's May, it's Page 96. \$170,000 line item on an actuating fountain. If it is, in fact, in the budget we have 11 11 There are notes. 12 in of us -- I don't know where Allen would 12 MR. CHESNEY: You're on 96? Okay. I'm 13 13 still at 50 -have parked that -- I would move that we 14 remove it, and if it's not actually in there, 14 CHAIRMAN RAGUSA: Well, we were five 15 15 hundred eight last month as well, so it does we obviously take no further action. 16 16 MR. CHESNEY: Yeah, it's not in there, go back to May. 17 17 because I'm looking at "Contracts, Fountains," MR. CHESNEY: Because, I mean, the thing 18 18 is, in August, we have a better idea of what thirty four -- \$4,500. 19 19 our run rate is. If we have any extra cash, CHAIRMAN RAGUSA: Well, in theory, it 20 20 we'll know what our carry over is, if any. could be in the Capital Improvements. 21 MR. MENDENHALL: Yeah. I mean, I'm 21 MR. MENDENHALL: Yeah. Well, we'll 22 22 looking at the Excel document right now, and verify one way or another. 23 23 there are notes here. For example, in CHAIRMAN RAGUSA: Mr. Ross. 24 24 "Improvement, Park," that five hundred eight MR. ROSS: I do see an item, "Fountain, 25 25 \$18,000." represents 400,000 for the playground, 20 Page 54 Page 56 1 1 CHAIRMAN RAGUSA: I think that's the percent increase for landscaping. 2 2 maintenance and upkeep of the existing water So we have some notes here on the items 3 3 that are put in, decision-type items. Let's fountains. 4 4 see what else we've got. MS. WHYTE: No. 18,000, I believe, is 5 -- we had asked for an additional -- the 5 CHAIRMAN RAGUSA: Did we purchase the 6 6 staff equipment, the sidewalk grinder and the residents came and asked us an additional 7 7 four-wheeler? fountain over at the fire station. 8 MR. CHESNEY: Yeah. I think the 4500 is 8 MS. WHYTE: No, we haven't purchased 9 9 those. That was a request that we put in the maintenance. 1.0 10 MR. MENDENHALL: Typically, when you there for next year's budget to see if the 11 have these types of items, they're usually put 11 board would approve us, to allow the purchase 12 into the Capital Projects, and then you 12 of that item. 13 1.3 whittle them down, and if you have to CHAIRMAN RAGUSA: Do we not have the 14 reallocate to a specific line item, they go 14 money in this year's budget? 15 into that. But, regardless, we can verify 15 MS. WHYTE: We have already done some 16 extra stuff that we didn't count on this year, these. 16 17 MS. WHYTE: I believe you left some of 17 so, I mean, we might at the end of the year as 18 the bigger big-ticket items -- like, Greg, if 18 we get closer, but I won't know until stuff is 19 you recollect -- out because you weren't sure 19 finished. Let's put it that way. 20 how you were going to pay for them, and if you 20 CHAIRMAN RAGUSA: Where would street were going to do it without capital 21 sweeping be located? Under "Rights of Way"? 21 22 improvements, you were going to budget it for 22 MS. WHYTE: What are you looking for? 23 that. That's why you didn't put it into the 23 CHAIRMAN RAGUSA: Street sweeping, where 24 initial budget. 24 would that be in the budget? 25 MR. CHESNEY: Yeah. I mean, I agree. I 25 MS. WHYTE: Street sweeping is under "R

2	MR. ARGUS: Third line up from the	2	MR. BARRETT: And the capital outlay is

6	That's why we're requesting additional cuts	6	speaking, it's anything \$5,000 or above. But,
7	where	7	yeah, typically it's where that sort of thing
8	CHAIRMAN RAGUSA: And so that one is in	8	stuff get's booked, bigger projects.
9	there.	9	MR. BARRETT: There are no notes for
10		10	what the eighty four constitutes?
11	MS. WHYTE: Yes, sir. MR. BARRETT: So did you say that second	11	MR. MENDENHALL: Not that I'm seeing
12	fountain was in here?	12	right here.
13		13	CHAIRMAN RAGUSA: Allen would have

15	until further discussion, if I remember	16	
16	correctly.	17	MR. MENDENHALL: But it's yeah. It's
17	MR. MENDENHALL: There's for "R and	18	24,000 higher than what it was last year or this year rather.
18	M, Fountain," there was 18,700. That's		·
19	MS. WHYTE: That's the maintenance	19	CHAIRMAN RAGUSA: That looks like the
20	repair for the fountains that we review	20	equipment.
21	quarterly. Right now, R and M, fountains, are	21	MR. ARGUS: Yeah.
22	in the budget?	22	MR. MENDENHALL: Uh-huh.
23	MR. MENDENHALL: I'm looking at the	23	MR. ARGUS: In May, it was at 60,000,
24	budget. "R and M, Fountains" says 18,700, and	24	and we upped it to 84,000.
25	typically, at least, if we look at last	25	CHAIRMAN RAGUSA: That's the two

2	MS. WHYTE: No, that's not well,	2	that we need as much as we thought we did.
3	maybe if you take	3	Are the park tables and the hands-free
4	MR. MENDENHALL: I mean, that's nine	4	dryers built in? That was 6,500, plus 1800,
5	times what it was.	5	so it would be what 8300 additional?
6	MS. WHYTE: Yeah, that's probably put	6	Where would that be, Sonny?
7	it in there, because I believe we were going	7	MR. CHESNEY: I don't think that's in
8	to discuss whether or not	8	here.
9	MR. MENDENHALL: Yeah. Yeah. So that,	9	MS. WHYTE: I am not sure if they were
10	to me, that looks like that's in there.	10	put in or if we were leaving it out. If you
11	CHAIRMAN RAGUSA: Which one?	11	were going to make some capital improvements
12	MR. MENDENHALL: I'm looking at "R and	12	on the playgrounds, that we were going to add

15	MR. ARGUS: Page Two, Mark.	15	some of your some of your typical areas
16	CHAIRMAN RAGUSA: Thank you.	16	where you might do that sort of thing.
17	MR. MENDENHALL: Sorry. I was in the	17	For example, "R and M, General," you

23	MR. ARGUS: What month are you looking	23	MS. WHYTE: Yeah, smaller types.
24	at, Greg? In May, it was 96, Page 96.	24	MR. MENDENHALL: And the big decision

2	that's the biggest item that's pushing your	2	MR. CHESNEY: The best thing is that

4	CHAIRMAN RAGUSA: Erin, just out of	4	MS. WHYTE: This is the budget for 2014,

7	MS. McCORMICK: I don't know.	7	MR.ARGUS: The one hundred and ten
8	MR. CHESNEY: When I saw it, it just	8	well, let's do this the other way. In the May

12	MS. McCORMICK: I'm not sure	12	_
	MR. MENDENHALL: It's just it's based	13	heavier earlier in the fiscal year.
13	on what your current run rate is. So 51,000		MS. McCORMICK: Yeah. I mean, it just
14	has been spent. You know, based on the	14	depends on what
15	monthly expenditures, it looks like it might	15	MR. ARGUS: The trend seems to be going
16	be 102,000 by the end of the year, so one ten	16	down, so the hundred and ten is probably high.
17	is, you know, slightly higher than that.	17	CHAIRMAN RAGUSA: I want to get it down
18	CHAIRMAN RAGUSA: Where do you see fifty	18	to 80. Sorry, Erin.
19	one?	19	MS. McCORMICK: No. I mean, that's what
20	MR. MENDENHALL: I'm looking at the	20	it was for the past year. And it's just, you
21	projected or the actual through	21	know, a function of what issues come up
22	actually, I'm looking at the spreadsheet, but	22	throughout the year. But, I mean, I think
23	it's a little bit older, but through March,	23	\$80,000 would be reasonable.
24	it was 51,128. We're halfway through the	24	MR. ARGUS: Earlier in the year, weren't

MR. MENDENHALL: I think the only challenge you would have with that is, you know, OLM takes all the bids, and they do a summary, and they present you with their findings, their list. So they might need a day or two to do that. And I just don't know if they'd be ready at that particular time. MR. ROSS: Okay. MR. MENDENHALL: Plus, as I was just talking to Erin about, there's also the review of the pre-qualification questionnaire to make sure that everybody's qualified, or if somebody should be disqualified, that they
