The 2012 audit, Supervisor Argus has brought to my attention that on Page 17, the first two certificates of deposit have a date of 2/18/12 and 3/19/12, and I just verified with the financials that are also in your agenda package that those dates should have been '13, not '12. So I can have the auditors revise this audit and then have it submitted to you next month with those two date changes. Other than that, on Page 25, there's a report to management. And basically what this is covering is, do we have any recommendations, were there any findings; and there were none. And then they wanted to know whether or not we were in compliance in multiple different areas, and we have met all the compliances and we're not in default in anything. If the board has any questions or	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	our four major funds, and one of the four is the capital projects fund. Am I reading that correctly that at the end of the fiscal year we have \$2,065 in that fund? MR. If you look at Page Four, about three quarters of the way down, the first item under "Expenses," "General Government," in 2011, there was 553,000, in 2012 it was three hundred and I'm sorry 439,000, a difference of about 120,000. Is that is most of that because we merged the boards together? Essentially what my question involves into is, how much have we	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	as two separate items, I guess, specifically board members. I mean, we literally kept it at ten even though we knew it was going to be dropping down to five. MR. ARGUS: For the budget, yes. MR. BALDWIN: But, of course, there's some savings in regards to, you don't have nearly as many agenda packages going out MR. ARGUS: Right. MR. BALDWIN: so the printing, the binding and the copying charges probably were reduced. Am I able to be able to say give you exact number of what it is? MR. ARGUS: No. MR. BALDWIN: I'm not particularly. MR. ARGUS: It's accounting. It's not going to be exact. It's like (inaudible). It's going to be an approximation. MR. I think it was either the 1991 series under Westchase, and then we did the same thing with the '96. MR. ROSS: And you'll engage in that analysis for this one, too? MR. BALDWIN: Yes. MR. ROSS: Great. Nothing else? CHAIRMAN RAGUSA: Any other supervisor questions or comments? Yes, Mr. Argus. MR. ARGUS: Not part of the audit, per se, but something I would like to say. Page 71 Page 69 1 1 And then I redid the evaluation MS, McCORMICK: Right, Right. 2 2 (Multiple speakers talking at the same criteria, and I passed this out to everybody. 3 3 time.) You know, Tonja's original proposal already 4 MS. McCORMICK: So it should be -- so it 4 had, I think, the pricing in there as well as 5 5 experience and references, but this is just a should be included in there as a line item. 6 6 format that I've used on other projects, and I MS. WHYTE: The bond item is in the 7 7 thought, you know, if we talk about this and request to the RFP aiready. 8 8 MR. CHESNEY: Okay. So I want the come up with an evaluation criteria on future 9 9 pricing in there. RFPs that the district may be doing, this 10 MR. MENDENHALL: "Not just you have to 10 might help us to -- so that we can use it as a 11 11 get a bond, but include that in the price that format for other projects. 12 12 And the points, I mean, can be adjusted, you provide us." 13 13 but essentially what it does is it tries to, MR. CHESNEY: Right. 14 14 you know, give a certain weighting to the MS. McCORMICK: Right. 15 15 MR. MENDENHALL: We'll make sure it price. In this case, 50 points would be 16 16 awarded for price, 100 point scale, but then does. 17 17 CHAIRMAN RAGUSA: Are you looking for also there would be points that would be 18 awarded based on the financial capability, 18 the risk factor, so to speak? 19 19 because I know that was one of the issues that MR. CHESNEY: Yeah. That, to me, is 20 20 we talked about last month that we wanted to much more important than -- that's the biggest 21 21 credit score you can get, right there, so, I make sure that, you know, we would need the 22 22 mean, that's just the way it needs to be done. financial resources of whoever would be 23 23 CHAIRMAN RAGUSA: But for a project of awarded the project, to make sure that they 24 24 this size, do we have that much variance? would be able to be there and address any 25 25 issues, if there were warranty issues, after MR. CHESNEY: Well, I mean, you'll be Page 72 Page 70 the street light conversion was done. 1 1 able to tell if someone's, you know, bond cost 2 2 is a half a point or five points, you know. Looking at, you know, the experience, 3 3 CHAIRMAN RAGUSA: That's true. That's a the references, where the firm is located, 4 4 whether they've done similar projects for CDD big spread, though. 5 5 MR. CHESNEY: Yeah. But I'm just communities or other, you know, similar types saying, then you'll be able to determine --6 6 of communities, whether their proposal shows 7 7 you'll be able to -- that alone will determine that they understand what they need to do 8 8 a lot on the credit worthiness of the firm. and, you know, it's clearly responsive to the 9 9 bid and they've looked at the engineering MR. ARGUS: Yeah. 10 10 CHAIRMAN RAGUSA: Gentlemen, any other documents that have been done, and then there 11 would be 15 points, or it could be less than 11 issues? Mr. Ross. 12 12 MR. ROSS: I would be deferring to other that, for the schedules, and whether that's a 13 13 realistic schedule, we asked them to provide people on the point allocation. I have my own 14 14 sense, but I don't think I have the expertise that. 15 15 MR. CHESNEY: My only comment is on the in that. What I don't see is the concept of 16 responsiveness to the bid. Is that here 16 financial capability. 17 MS. McCORMICK: Uh-huh. 17 someplace? 18 18 MS. McCORMICK: Well, it's set out in MR. CHESNEY: I know we -- we indicated 19 that we wanted to require a bond, but I'd like 19 instructions to bidders that it's a 20 20 the quotes to include the cost of the bond. requirement that they have to address all of 21 21 MS. McCORMICK: I can do that. I think the information that's required to be 22 22 submitted with the bid, and if it's not it would -- that the line item proposal --23 23 responsive -- that their proposal is not MR, CHESNEY: Because in the past when 24 24 we've been bidding stuff, we bid it out, and responsive, then the district board, whenever 25 25 it is that you might determine that, that bid then we require the bond, remember --

wouldn't be considered because it's nonresponsive.	Page 75

I'm almost inclined, if there's some support here from the board and the community, to take a look at tearing it all out and starting again, because you see a lot of county parks now that have those water features with the big mushrooms and the spray things, and I think that can be done fairly reasonably. And I think that's sort of thing, it does serve the purpose of boosting the commercial properties there. It could draw some traffic. And it's also that's the kind of thing, kind of like the Radcliffe bridge, and that could be the "Here's your community." It's a nice space in there. MS. WHYTE: Yeah. CHAIRMAN RAGUSA: We don't have money in this year's budget for that? MS. WHYTE: We didn't budget for it in the 2012 I mean, there is revenue, but I figured we'd do it as a budget line item and propose it to you that way. CHAIRMAN RAGUSA: Is it going to make it eight more months or nine more months? MS. WHYTE: Oh, yeah. MR. MAYS: Oh, yeah. MS. WHYTE: Duct tape is good. MR. MAYS: We've had to put money in it. It's not near as much as we've had in a
