18	MS. STEWART: Yes, I have a couple of	18	letting the board know we are working on that.
19	things I'd like to mention to the board.	19	MS. McCORMICK: Tonja, this is Erin. So
20	The first thing is, we have seen road	20	I know that Aaron from A & B Aquatics has been
21	resurfacing prices skyrocket with the	21	working with you on this, and I guess just,
22	construction boom right now. That has led to	22	you know, let me know if you need me to do
23	some additional research and alternatives to	23	anything or participate in that conference
24	the resurfacing programs that we have done in	24	call.

6	CHAIRMAN MILLS: The bottom line is the	6	MS. McCORMICK: Did the call already

13	up to 2052 to show how we should proceed with	13	think is best. I don't want to escalate the
14	our pavement maintenance over the next few	14	issue if it's not necessary, but I am

16	And so by the time year 2052 comes	16	to.
17	around, it's probably going to become a	17	MS. STEWART: Sure. Sure. No. I mean,
18	completely different roadway network, driving	18	right now, the conversation I've had is with

MS. GRIFFITH: And I like that idea. So do you think that it makes sense maybe to table the paddles long enough to bring that architect in and get their opinion and get their thoughts on the look of the paddles? MS. WHYTE: I don't think that would matter much simple because it is a standard set forth by the county. The street paddles are set by the county as to what needs to be on them, and we're only enhancing there's not a lot you can change on that. I mean, it is the West Park Village logo is what the board had asked for, and that the rest is just a straight you don't want to you want to make sure that we are in compliance. MS. GRIFFITH: Right. MS. WHYTE: And that you don't want to put off too long. MS. GRIFFITH: So okay. I guess my

But the reason I wanted to put this off after the conclusion of this budget cycle is the recognition of we first have to decide what do we want to tackle, what are we looking to achieve, what's our goal, objective, et cetera? And I personally prefer to tackle what's our vision, what's our objective, and then we can figure out if we need to modify that based on funding and circumstances. MR. MENDENHALL: Okay. Mr. Lewis. MR. LEWIS: I'll withdraw. MR. MENDENHALL: Okay. MR. LEWIS: Thank you. So we'll put that on the September agenda, those two items actually. MS. WHYTE: Okay. I have one thing that

So every once in a while, I might give in to her on the new power tool or something, but we just disagree on it, so that's why we'd figure to leave it to you all. What do you all think, you know? MR. LEWIS: I mean, my feeling, if I heard Doug right, I'm with Doug. I feel like if you've got a vehicle that's warrantied for five years MR. MAYS: Right. MR. LEWIS: okay then typically they're going to start sending you notices	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	material is maintained with plant material in the easements. It's not like there is a lot there. I told him we didn't want to take over mowing it, but, you know, if we could have something where we could if we need to put new plants material in we have residents in Greencrest that are have been, you know, trying to get some sort of plant material to put up alongside the road for years because of the roadway, the traffic, the noise. Greensprings has that big barrier of plants, the trees. And Greensprings has that. But Greencrest has nothing, so they get to hear all the traffic. They get to see the spotlight from the medical center from across the street, they're complaining about now. Since they remodeled medical center, they put a bunch of lights on the outside, they're complaining about. So that I've even got a resident that's willing to buy 200 viburnum to put along there. You know, he's

And oleanders, typically, you do cut it back. So this is the first year I've been here 12 years, and I just saw	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	CHAIRMAN MILLS: Sure. And my sense is and that's why I brought the edging up originally everybody that drives down Linebaugh or Countryway, it looks like it's ours even though it's not, and it's not consistent with what we're doing elsewhere, even where we could use improvements. It's an eyesore. They don't cut back. Things are growing out into the road. Weeds are everywhere. I mean, it just is not representative of what we're trying to accomplish. Right? MR. MAYS: Irrigation is terrible. I mean, I popped on a zone over there just to check where this Greencrest resident wanted them, and half the heads were broke, and the zone doesn't even come on by the clock anymore. So that's why a lot of that turf is not even green through there. I guess they feel like if they put water on it, the grass is going to grow, they have got to mow it more, so the less water

1	Mr. Chesney.	1	MR. MAYS: Well, I would like to see
2	MR. CHESNEY: Andy, can you make any	2	what areas that you're concerned, because, for
3	comments in regards to the warranted sod	3	instance, the one gentleman who wrote us over
4	availability? Do you have any feedback from	4	off of Countryway, that's where we did it, and
5	the contractor?	5	you can hardly see the change.
6	MR. MAYS: I'll know more this next	6	And the reason is, because you've got
7	Thursday during the inspection. They	7	massive these trees are getting bigger. As
8	warrantied some sod up on Countryway Boulevard	8	the trees get bigger, the roots get bigger.
9	and did some change-outs over there.	9	The roots get out of the ground a little bit.
10	We have a few more that are like up on	10	In Florida, you don't need tap roots. Your
11	like Montague and a couple that are on	11	roots are barely 12 inches below the ground.
12	Linebaugh Avenue, too. So I'll get with them	12	So what's happening is, you've got the
13	next Thursday when we do a drive-through and	13	mounds, most of the time is roots, it's not
14	see if they warranty a few more pallets worth	14	even the mulch. So when it's this the
15	of sod.	15	mulch washes away. It goes into these rain
16		16	gutters anyway and washes into the lakes,
17	MR. CHESNEY: It was my understanding from the OLM report that they were holding	17	which is where we have some issues in the
18	back because of the availability of the sod.	18	lakes because off that.
19	-	19	
	MR. MAYS: The sod that's coming in,		That's one area where we took over 200
20	some of it is not the best looking sod. They	20	yards of mulch out because of the roots from
21 22	actually had to turn some away when they were	21	the plants, the trees. As they get bigger,
	doing the ones up on Countryway.	22	like I say, the root ball is getting bigger,
23	So it took another like almost two weeks	23	and I would like for you to come and look at
24	more before they could get some decent sod	24	it personally. Let me show you
25	again, so but it looks like the sod farms	25	MS. GRIFFITH: Well, I'm planning on

21	MR. MAYS: Correct. Sometimes there are	21	MR. MAYS: I notice the community of

1	MS. WHYTE: In case you get questions	1	so if you guys are familiar with Glencliff
2	for	2	where the soccer field is, there's a
3	MR. MAYS: Questions from Saville Rowe.	3	there's a soccer field, then there's kind of a
4	MS. GRIFFITH: All right.	4	dip, and then there's a little pond there.
5	MR. MENDENHALL: Any other questions for	5	Well, in talking to the folks with the

9	MS. WHYTE: I kind of thought that would	9	always going to prevent the ball from going
10	be a problem.	10	over the hedge. But if we happen to have some
11	MS. McCORMICK: I got it.	11	hedges lying around, could we just put some
12	MS. WHYTE: If you don't have Publisher	12	hedges in front off that pond?
13	I'll send it to you in PDF form.	13	So I know Sonny and I talked about it.
14	CHAIRMAN MILLS: Okay.	14	You weren't there, Doug.
15	MS. WHYTE: Just to give you a heads up,	15	MS. WHYTE: I told him.
16	I spoke to my printer, and I can re-send it to	16	MS. GRIFFITH: Doug, what do you think?
17	everyone, and if it looks good and everybody	17	Do you have any thoughts on that?
18	is happy, I can go ahead and have it printed.	18	MR. MAYS: I think they need to just
19	We can get about a thousand of them	19	kick the ball straighter, but that's not going
20	printed for about \$300 on good, good paper.	20	to happen.
21	MS. McCORMICK: I have a few just like	21	Yes, there's always planting on the
22	typos and stuff I found	22	lakes as we talked about before. We met with
23	MS. WHYTE: Send them to me. I've	23	a few years back, we did some planting with

24	MR. MENDENHALL: I already did the	25	MR. CHESNEY: Boy Scouts.

2	MS. WHYTE: So, yes, please, if there	2	Some worked and some didn't. So it will take

4	let me know, and I'll send it out again to	4	stop a soccer ball from going into that lake,
5	everyone in a PDF form	5	but, yeah
6	CHAIRMAN MILLS: Okay.	6	MS. GRIFFITH: Sure. There's something
7	MS. WHYTE: just in case.	7	of course, they're still going to have to
8	MS. GRIFFITH: I have a couple more	8	get into the lake to fish the ball out when it
9	things for Doug and Sonny.	9	goes over, but, you know
10	MR. MENDENHALL: Okay.	10	MR. MAYS: Then we'll have complaints
11	MS. GRIFFITH: Sonny, brick repairs?	11	from the people who fish the ponds, saying,
12	MS. WHYTE: I just sent him an email	12	"Can you get the trees out of our way, so"

17	email this morning saying, "Hey, just	17	MR. ROSS: Okay. As an FYI, I think the
18	following up on my last email and our last	18	board has discussed this issue in the past,

22	So we're working on that follow-up	22	there were some people who weren't.
23	email was sent out again.	23	I'm a little bit vague in my memory, but
24	MS. GRIFFITH: Okay. And then I know	24	I do think this issue has come up in the past.

1	MR. ROSS: I think it has.	1	MR. MAYS: Yes.
2	MR. MAYS: I think where that came up,	2	MS. GRIFFITH: So when we get feedback,

7	MR. MENDENHALL: Just put a wall of	7	MS. GRIFFITH: So
8	hedges around	8	MR. MAYS: As one of the workers over
9	MR. MAYS: yeah, that's where it was.	9	there told me, anything we do over there can
10	The kids will be jumping into the bushes all	10	only improve it. So that's what we're working
11	the time. So it wouldn't work there. So we	11	on, doing things a little bit
12	did have that conversation, but it was on the	12	MR. MENDENHALL: Mr. Ross.
13	other side of the soccer field.	13	MR. ROSS: Are we talking about the area
14	MR. ROSS: Okay. Okay.	14	along Linebaugh?
15	MS. GRIFFITH: My last thing for you,	15	MR. MAYS: Yes, sir.
16	Doug, is sorry. I late to do this to you,	16	MR. ROSS: All right. My ultimate
17	but I've got to bring up the butterfly garden.	17	position is going to be based on what I know
18	MR. MAYS: It looks great.	18	now as to declare that a disaster: It just
19	MS. GRIFFITH: I know we had talked	19	didn't work, it was a good idea, and to put
20	about, you know, putting some extra rock to	20	more money into it, in my view, throwing good
21	kind of make it flow.	21	money after bad. So that's kind of where I
22	MR. MAYS: Right.	22	am.
23	MS. GRIFFITH: So where do we stand	23	MS. GRIFFITH: So let me ask you as
24	there?	24	we are sitting today, I agree, but I do I
25	MR. MAYS: I talked to Ed about it the	25	am seeing some improvement. Do we want to
	Page 82		Page 84
1	other day, our Davey landscape architect,	1	just maybe say, "Hey, maybe just give it
2	about possibly adding some rock to it, adding	2	another month or two, and then if it's still
3	some more plant material.	3	not suitable, maybe we revisit just"
4	I have already went and I've ordered	4	MR. ROSS: I'm not saying I'm not
5	four decent-sized oak trees that are going in	5	making a motion or anything like that. I just
6	the front on the you know, your garden is	6	didn't want you to be blindsided if two months
7	right here, and you'll have an oak tree and an	7	from now you're hearing from me I'm not in
8	oak tree, so you'll have four, because we've	8	favor of it, and then you say, "Why didn't you
9	had a lot of people say, "Hey, there's no	9	say that two months ago." I just
10	shade along that sidewalk."	10	MS. GRIFFITH: I'm actually I know
11	So we've ordered some mature ones.	11	I'm with you today, but I do want to give
12	They're four-inch-caliper oaks that will be a	12	folks an opportunity, especially when I hear
13	little larger in the beginning.	13	things like four oak trees. I go, "Okay. All
14	MS. GRIFFITH: Will they canopy over the	14	right. Maybe." So
15	sidewalk for runners?	15	MR. ROSS: And one other thing I would
16	MR. MAYS: Eventually. That's the plan.	16	add and I sorry if I raised my hand 87
17	But, yeah, not getting the road getting in	17	times today is when we make decisions like
18	the way of the road where they have to get	18	this, in my view, we're not saying someone did
19	trimmed back all the time and butchered by	19	a bad job, someone had a bad plan, someone was
20	trucks and things like that, so	20	ill intended, somebody did bad execution.
21	MS. GRIFFITH: All right. So it's a	21	Just sometimes things don't go the way we want
22	work in progress. We're still working on it.	22	them to.
23	MR. MAYS: Yes.	23	And I think the two of you are really
24	MS. GRIFFITH: We're still working on	24	fantastic. I really do mean that. I think
25	it.	25	you do a great job for the community and the

	Page 85		Page 87
1	district. And if we say, "Let's try something	1	another, or an extra bench, or the other goes,
2	different," it's not a critique of the two of	2	then put the right benches in there.
3	you or anybody else in the staff. It's just	3	CHAIRMAN MILLS: Okay.
4	continuing to put our thinking caps on and	4	MR. MAYS: So I didn't want to put
5	say, "Let's give the community the best we	5	another one of those when those are not really
6	can, nothing more or less than that." And I	6	the benches that we use in this community.
7	just add that.	7	CHAIRMAN MILLS: Okay. And then my
8	MS. GRIFFITH: Well and I told you	8	other question and I knew I'd lose one of
9	before, my dream would be to just have a	9	them but basketball court repair?
10	canopy all along that sidewalk, so, you know	10	MR. MAYS: Thursday, he's coming out
11	anyway	11	Thursday. They took their two-week vacation,
12	MR. MENDENHALL: Mr. Chair.	12	so they were out.
13	CHAIRMAN MILLS: Thank you. So a couple	13	CHAIRMAN MILLS: Okay.
14	of things and hopefully I won't lose track	14	MR. MAYS: They'll be out Thursday to do
15	of the 87 times 88 actually.	15	the to lay it, and then it will have to
16	MR. ROSS: Soon to be 89.	16	cure for a few weeks, and then paint it.
17	CHAIRMAN MILLS: But to tag on your	17	CHAIRMAN MILLS: Great. Thank you.
18	point first, and then I'll get to my two final	18	MR. MENDENHALL: Barbara.
19	questions for those guys, differing opinions	19	MS. GRIFFITH: To your point with regard
20	is a good thing. Right?	20	to the differing opinion, so I've got to tell
21	And I'll reckon us back to when we had a	21	you, I know the ping-pong tables were voted on
22	conversation sometime ago about putting	22	before I joined the board, but I was sort of
23	benches on Gretna Green Drive and the Greens	23	like, "Ping-pong tables? What?"
24	because people that walk that, it's a long	24	The feedback from the community has been

It doesn't hurt the pond from them mowing it and blowing it into the pond because it's just going to brown up and die and decompose and go down anyway. So I'll double check with them. MS.
