So I'll give you the statute, if you guys want to look up the statute later on, or if you go into your cell phones, you can go along with me. Florida State Statute 616.212, and then there's subsections after that, a golf cart may only be operated on a county road that has been designated by a county for use of golf carts. So basically your neighborhood is not a golf cart community, but your golf course you can't drive golf carts on public right of ways within Westchase. So I believe the Westchase community will have to petition the county to become a golf cart community. For that to happen, the county has to look at the volume of traffic. Linebaugh is high volume. They look at speed limits. And then they have to determine if they're going to make a golf cart community, they'll put signs posted on the roadways saying to share the road, this is a golf cart community as well. Sidewalks will have to be eight-feet

So there's been talk about golf carts being converted into motor vehicles where you can drive them and get them registered them onto the roadway. Florida calls that a low-speed vehicle. The definition of a low-speed vehicle is any four-wheel vehicle whose top speed is greater than 20 miles per hour but not greater than 25 miles per hour, including, but not limited to, neighborhood electric vehicles, and it gave the definition of the low-speed vehicle, so they're about the same. So to do that, basically you're going to have to put headlights, taillights on it, right here, you have to have turn signals, reflective reflectors, parking brakes, rearview mirrors, windshields, seat belts and a vehicle identification number. 	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	<pre>greater than 20 but less than 25. So I don't know how you can bend legally you're looking at both of those statutes take a golf cart that can't exceed 20, and they get a low-speed vehicle that's 21, 25, so I'm not sure if there's some modifications that are allowed to be done to that or not, so that might be a little gray area, you get to the DMV, and they do an inspection, and they say, "No." Do you guys have any questions right now about so far what I've talked about? Yes, sir. MR. BARRETT: You may have said this, and I was writing, and I messed up. Is it illegal to drive for an adult to drive a golf cart on the sidewalk in Westchase? DEPUTY OWEN: Yes. Yeah. To drive on the sidewalk, it has to be a golf community deemed golf community designated by the county.</pre>

You can't drive, because it's now a registered motor vehicle. You can't drive on the sidewalk there. You can't drive down Linebaugh because Linebaugh is 45. It says max speed of 35 miles per hour for the roadway or less. So there is really no way to get there. Now, if you lived right across from McDonald's, and you cross at an intersection, then, yeah, you could do that. 	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	 allowed to, for those reasons as well. MR. BARRETT: So did I just hear you say they are allowed to go on the sidewalks and DEPUTY OWEN: To do business, do the landscaping and stuff. MR. BARRETT: Thank you, sir. CHAIRMAN CHESNEY: This is probably the most efficient, productive conversation we've had at a CDD meeting in a while. Any other questions? MR. BAUMHOVER: I think part of our maybe unstated kind of concern is, you know, what responsibility there is for the, you know, CDD-owned or maintained roads that are in the gated communities. It seems like there's a different, you know, law enforcement ability or liability question because obviously those roads are a little bit different in terms of jurisdiction than DEPUTY OWEN: Yes. MR. DEPUTY OWEN: You could cross over at a designated cross section. So if you were to do that, you would be able to cross over, say, you have a child that goes to middle school or the elementary school, yes, but then you get into the well, some people might want to go east down at McDonald's or want to go to the grocery store instead of taking their car, how are you going to get there? here just to describe the laws? DEPUTY OWEN: This one right now is actually to describe the laws. We haven't really been told out here to go and enforce it, full on enforcement now. We have a lot of school enforcements

that involve the new texting and speeding in school zones, traffic flow for school zones is really the big issue right now, so we're on there.

But, of course, if there's a traffic complaint that comes into the District Three office, our corporal will put one of us on it, and what we like to do is educate first.

So, you know, if someone is violating a traffic law, stop them, educate them on the law. You know, you're not looking to hand out citations to every single person out there. Mostly it's education. A lot of people don't know the laws.

They're not going to look up the laws, like Google, before they go drive a golf cart. MR. HOLT: You just said something that

4 CHAIRMAN CHE	SNEY: Sure.	4	can help do? What's the goals?
5 MR. BAUMHOVE	R: When I think about this,	5	MR. GOLDSTEIN: We have a disaster
6 I always think what	would our district manager	6	planning steering committee, and that
7 say, you know, othe	r communities are doing in	7	committee is going to become the cert

9 MR. MENDENHA	ALL: Well, at least the	9	Westchase coordinator for the cert program.
10 other districts that I	manage, none of them are	10	We would like to have someone from the
11 quite as expansive a	as you guys are. I mean,	11	CDD be part of that steering committee as
12 obviously geographi	cally you're a large area,	12	well. And what we're going to be doing is
13 so a coordinated res	sponse is you know, it	13	we're going to identify which neighborhoods to
14 needs to be manage	ed a little bit more.	14	begin starting putting together a cert plan.
15 Most of the com	nmunities are smaller, so	15	And as I indicated before, there will be
16 it's easier		16	30-some-odd-plus plans that will be then
17 MR. BAUMHOVE	R: Right. Right. Right.	17	folded into one giant Westchase plan that the
18 Right.		18	county will then use.
19 MR. MENDENHA	ALL: so it's much easier	19	So this is really to say, "Hey, we got
20 to handle without, y	ou know, having that type	20	this program going. We'd like to have you
21 of oversight. So you	u would be doing something	21	guys participate with us as part of the

23 MR. BAUMHOVE	R: Okay. Got it.	23	will be other things that we then require for
24 MR. MENDENHA	ALL: But that doesn't mean	24	people to help us on a volunteer basis.
25 that it shouldn't be	done, because again,	25	Right now, we need you guys to help us

9 CHAIRMAN CHE	SNEY: Yes.	9	out which dwelling to go to.
10 MR. LEWIS: t		10	So, you know, do we need to look at
11 hurricane or for, you		11	having the numbers of homes on curbs? Is
12 CHAIRMAN CHE		12	there a way to do it so it doesn't show up,
13 MR. LEWIS: Ok	ay.	13	and you just shine a blue light on it so that
	SNEY: So feel free to meet	14	it will show up? Things like that.
	s know how we can help.	15	CHAIRMAN CHESNEY: Now, that's something
16 MS. WHYTE: I	•	16	that I think
17 CHAIRMAN CHE	SNEY: How's that?	17	MR. GOLDSTEIN: I think you guys can
	me, maybe there was some	18	give us some type of perspective than we would
	e that I was not privy to	19	be doing and thinking in terms of just
	out, I mean and I assume	20	disaster planning.
21 that's Rick Goldstein		21	CHAIRMAN CHESNEY: Okay. That is a

DVORAK: The Millport, Gretna drainage project, we completed the plans, and I met with Sonny and Doug before the meeting to go over some of the nuances that we encountered when we did the plan. And so the area that this low area that's behind the houses in that corner is a depressed area, and it has a small inlet, the inlet connects to the street, and what we learned when we did the survey is that there is a small ten-inch ten-foot drainage easement, which makes sense. You're on private property, so there's a drainage easement, and it goes into the public right of way and connects to the inlet. So we basically replaced the piping system which had collapsed, along with the manhole and an inlet, to capture the water in that lower area. So the one issue that we're all that	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	to run an electric line that benefited the, you know, cul de sac and got an easement from an owner. You just have to give them a good sketch and legal, and the attorney draws up an agreement, and you give them a buck, you and, you know, give you the easement. So it's not uncommon or impossible, but it would require the cooperation of both, and it would cost a bit more, because you're extending the pipe, you know, further into the backyard area. So we can take the plan we have, which is an adequate replacement to what was there and what failed, and we can get an engineer's estimate for the work, which is about \$26,800 was the engineer's estimate. Sonny and Doug can get a couple estimates probably within a week and find out what it would really cost and get the thing built, and you'd be done with it.

14	that I at least wanted to bring to the	14	And so what would happen if Vertex went
15	attention of the board that are things that	15	bankrupt, for example, or the financing entity
16		16	would foreclosure on the tower, and then they
17	Vertex is concerned about, I guess to start	17	would take possession of the tower, and they
18	out with, the term of the lease agreement.	18	
	What we have proposed is a ten-year		would have the right to the lease, and they
19	lease agreement with a lessee option to renew	19	would have the right to assign that agreement
20	the lease for two, five-year terms. So they	20	to other parties at that point if they wanted
21	have the option for it to go out 20 years.	21	to. So that's one of the issues.
22	They're requesting that we give them	22	They also have requested a right of
23	three, five-year renewal periods. So they've	23	first refusal prior to us leasing any other
24	requested that it would be a lease of a	24	areas apart to third parties. I'm going to

8	I will talk to our consultant, to Ken, about	8	would confuse things.
9	these issues, too, and just get his thoughts	9	MS. McCORMICK: Right. One of the
10	about it, but I do recall that he had said	10	things that they have sort of requested that
11	that you know, I guess what Alan is saying	11	we remove is a requirement that they have to
12	is that it's more standard at this point for	12	allow a carrier to go on the tower on the

14	of course, the longer that they can go out,	14	locate on the tower.
15	the better from the standpoint of the tower	15	I know that's something that's really
16	company.	16	driving this whole thing by the board. So my
17	MR. LEWIS: Right.	17	thought is that we would tell them that that's
18	MS. McCORMICK: The other thing that	18	something that we would tell them that that's
19	they wanted to write into the lease is that	19	is that they have a duty to allow somebody
20	the tower itself is not a fixture, which means	20	that comes in with commercially reasonable
20	that it's not part of the real estate, so they	20	terms to be able to locate on the tower.
21	have the right to remove it; and once the	21	CHAIRMAN CHESNEY: Yes.
23		23	MR. BAUMHOVER: Uh-huh.
23	lease terminates, we don't have any right to	23	MS. McCORMICK: And the other issue is
24	retain the tower, but, I mean, we were already	24

12	And they've provided me kind of with a	12	there?
13	schedule of what what the different steps	13	MS. McCORMICK: Yeah. And they are
14	are in the whole process, but essentially	14	saying about I think they said six to eight
15	they're requesting 24 months from the time	15	weeks, so it's not a long period of time.
16	that the lease is executed until the	16	MR. ROSS: Okay. Them wanting to call

18	And they've also indicated that they	18	theirs to come in and take it
19	can't commit at this point as to how long it	19	MS. McCORMICK: Right.
20	will take for a carrier to go on the tower, so	20	MR. ROSS: if you will. I'm just
21	we had a requirement in there that they had to	20	saying that's why they're doing it. It sounds
22	that the carrier had to go on the tower	22	like to me they don't have all their money

1	presentation of the budget, which is really	1	MR. ROSS: Right.
2	just kind of here it is and start	2	MR. MENDENHALL: So that would be
3	brainstorming, is on April 7th, and then at	3	MR. ROSS: We don't have a
4	your May 5th meeting, that will be the first	4	MS. WHYTE: We have a 2020 and a 2021.
5	adoption that goes off to the county, which is	5	MR. MENDENHALL: Is there a 2020 also?
6	required.	6	I know there is one that is 2021 because I
7	You have the 60 days, at least, between	7	just got a call on it the other day. So it
8	that and your final adoption. So your final	8	very well, yeah, there could be one for 2020
9	adoption would be the 4th of August. So those	9	as well.
10	are kind of the three key dates, but I mainly	10	MR. ROSS: When we leading to my real
11	bring it up because that first one in April is	11	question
12	really where we start trying to put together	12	MR. MENDENHALL: Sure.
13	any, you know, projects, wish lists, contracts	13	MR. ROSS: When we retire one of those
14	that might need to be looked at, those sorts	14	bonds, is there a pool of money that is sent
15	of things, and it give us enough time to kind	15	back to us, whether that was held for
16	of get everything in there by the time we	16	insurance, security, whatever excess
17	adopt.	17	MR. MENDENHALL: So the short answer is,
18	CHAIRMAN CHESNEY: So when is our March	18	it depends. Usually the bonds, depending on
19	workshop scheduled for? Because that would	19	how they're set up, they can have a declining
20	probably be a logical budget workshop then.	20	reserve balance which is used a protective
21	MR. MENDENHALL: I can tell you.	21	measure for the bond.
22	MR. ROSS: I've got it as the 17th.	22	Typically what winds up happening is
23	MR. MENDENHALL: That sounds right.	23	those funds are used to help pay off the bond
24	Let's see here. Yes, that is correct.	24	whatever amount early that they account for.
25	CHAIRMAN CHESNEY: Okay. The 17th.	25	It might be a matter of months or it could
	Page 82		Page 84
1	MR. BAUMHOVER: It's also St. Patrick's	1	you know, in some cases, depending on the
2	Day.	2	bond, once again, I've had some districts
3	CHAIRMAN CHESNEY: The CDD budget. At	3	where it's helped pay off a year ahead of
4	least we know what we'll do afterwards.	4	time.
5	MR. MENDENHALL: So, yeah, I mean, if	5	So that's kind of the high-level answer.
6	anything just using that as an example, if	6	I can find out the specific details, though.
7	anything comes out of that workshop, and you	7	MR. ROSS: Can you let us know next
8	can just let Sonny or Doug can ship it off to	8	meeting whether I'm right that we pay one off
9	me, and we'll make sure those sorts of things	9	in May of this year?
10	get in that first cut of the budget, which	10	MS. McCORMICK: That's what it says in
11	you'll get then at your first April meeting,	11	the audit report actually
12	and start working on that.	12	MR. MENDENHALL: Yeah.
13	Other than that, I didn't have anything	13	MS. McCORMICK: is that it's May
14	really to report on tonight. Obviously I've	14	2020, and I think that's the last one.
15	working on some of the advertisements that you	15	MR. ROSS: No. There's one in 2021.
16	have going on for the two upcoming both the	16	MR. MENDENHALL: There's one in 2021. I

1	MR. BAUMHOVER: Yeah.	1	CHAIRMAN CHESNEY: Yes.
2	MS. WHYTE: I have a meeting with Rick	2	MR. SELLS: Your comment about ice
3	next week, and I will certainly reach out to	3	skating rink, I didn't put it in the memo, but
4	TECO and hopefully have an update for you at	4	one of the requests was for an amphitheater.
5	the next meeting.	5	CHAIRMAN CHESNEY: An amphitheater?
6	CHAIRMAN CHESNEY: Okay. All right. So	6	MS. WHYTE: Yes, there was. Yes.
7	any budget items, don't forget to send them to	7	CHAIRMAN CHESNEY: I'm not sure where we
8	Sonny.	8	would put that, but sure. I just think, you
9	MS. WHYTE: Any requests, any potential	9	know, ice skating rink, I mean, people are
10	request for future projects, upcoming projects	10	putting them in their backyards.
11	that I need to budget for that you'd like me	11	I mean, we could get them, you set them
12	to get the price of for	12	up and go ice skating for a weekend or
13	CHAIRMAN CHESNEY: Mine is not real	13	something.
14	expensive, but I would like an ice skating	14	MS. WHYTE: You can easily do that.
15	rink.	15	They have them in Citrus Park Mall. You can
16	MS. WHYTE: I can potentially get that	16	shop you can skate all Christmas season in
17	for you.	17	the mall in the little tiny kiosks.
18	CHAIRMAN CHESNEY: You think I'm	18	CHAIRMAN CHESNEY: I'm sure we could
19	kidding. I'm not kidding. Look in the Wall	19	find a place to store it.
20	Street Journal, they have them. They're fake.	20	Anyways okay. Anything else?
21	MR. BARRETT: Glice.	21	(No response.)
22	CHAIRMAN CHESNEY: Glice, yes. Was it	22	CHAIRMAN CHESNEY: A motion to adjourn
23	the New York Times? Is that what it was?	23	would be in order.
24	MR. BARRETT: Yeah.	24	MR. BAUMHOVER: So moved.
25	CHAIRMAN CHESNEY: Glice. About the	25	CHAIRMAN CHESNEY: Second?
	Page 122		Page 124
1	only problem would be, we'd have to get	1	MR. ROSS: Second.
2	someone to run it, but it would be fun at	2	CHAIRMAN CHESNEY: All right. All in
3	Christmas. Put it up in the park.	3	favor.
4	MS. WHYTE: That it would be. That it	4	(All board members signify in the

6	Any realistic potential budget items	6	(At 5:56 p.m., the meeting adjourned.)
7	that you guys would like	7	(ne siso pini, the meeting adjourned)
8	CHAIRMAN CHESNEY: It's totally	8	
9	realistic.	9	
10	MS. WHYTE: to take care of, please	10	
11	send it up to me. And don't wait. As soon as	11	
12	possible would be appreciated.	12	
13	MR. BARRETT: And one of the things, if	13	
14	you're looking at a new bid, I remember Doug	14	
15	saying that if because you have to rebid it	15	
16	this year	16	
17	CHAIRMAN CHESNEY: Yes.	17	
18	MR. BARRETT: so he had a number I	18	
19	don't remember what it was but it's going	19	
20	to likely go up. So that probably whatever	20	
21	that estimate is, build it into the	21	
22	MS. WHYTE: Potentially	22	
23	MR. BARRETT: You guys are way ahead of	23

Re: Re-bidding of landscape maintenance for Westchase CDD

Dear Sonny:

This letter agreement authorizes OLM, Inc. to rebid the landscape maintenance for the Westchase CDD.

OLM will modify and update the current specifications as needed and will coordinate the bid process, conducting an on-site prebid meeting. Bids will be submitted to the District Office and OLM will receive bids via email from the bidding contractors. OLM will then verify accuracy, evaluate bids, and provide a bid summary package with detailed pricing backup.

After final dollar amounts are agreed upon, OLM will assist in the preparation of final contracts ready for execution. The fee for this will be \$2,500.

Please sign below authorizing us to begin and return via fax 770-420-0904 or email mlimbaugh@olminc.com

Do not hesitate to call if you have any questions.

Sincerely,

Thomas V. Medlock
