3	(Motion passes.)	3	MR. MAYS: Yes.
4	CHAIRMAN LEWIS: Thank you, Doug.	4	CHAIRMAN LEWIS: Okay. I don't I
5	MR. MAYS: And then the last thing is the	5	don't have a problem with it personally unless
6	Baybridge, Glencliff Baybridge and the	6	somebody else is bringing up something, but I'm
7	Radcliff tunnels. We had some small leakage	7	not seeing
8	through the years. Through Erin's help, we	8	MR. WIMSATT: Not for this, that's fine.
9	found out that the tunnel maintenance is ours.	9	MR. MAYS: We usually get approval,
10		10	especially for something like that. So
-	For instance, painting, if it gets graffitied,		
11	things like that; but repairs, the county takes	11	MR. WIMSATT: Yeah.
12	on themselves, and they did start on it today.	12	CHAIRMAN LEWIS: Okay.
13	What they are doing is each one of those	13	MR. MAYS: So I just wanted to bring it
14	things has about a ten-foot piece of tunnel and	14	to your attention. June the 18th, it will be
15	they piece them together like puzzles and then	15	there.
16	they seam them with a caulk in between each	16	CHAIRMAN LEWIS: Okay.
17	seam. So they are having to rip out I	17	MR. MAYS: And that's it.
18	believe it's four different seams and re-heavy-	18	CHAIRMAN LEWIS: All right. I actually
19	duty caulk it to stop the water damage and the	19	had a couple of things that I think me and you
20	problems that we're having with the water	20	had talked about a while back. One being you
21	leaking through, groundwater coming through to	21	mentioned the tractor, maybe needing possibly a
22	them. So that's they started on it today.	22	new tractor. I know I'm putting you on the
23	The only thing we have to do is take off	23	spot here, but have you given that any more

13	not talked to her yet, but it looks like she is	13	one may be a good segue into Mr. Tibbetts being
14	talking about putting some signage along the	14	here, but you had mentioned about getting
15	road. I will let her know that we really only	15	quotes at one point from Davey on the entrances
16	let you put two signs and then everything else	16	on the Countryway Villages and I don't I was
17	we pretty much have to go on golf course	17	just kind of curious on where that might've
18	property and if there is any additional	18	stood or if it went by the wayside or
19	signs that she has, maybe between trees or	19	MR. MAYS: No, we started with the
20	however they do it; but once I talk to her,	20	Radcliff entrance, which they were very happy
21	I'll find out, but I think she's requesting	21	with that one, and then we did repairs down by
22	permission to be able to put a couple of signs	22	the Bridges on the Linebaugh Avenue, some of
23	out there like we do for the Movies in the	23	that stuff. So with Joe going out and Jeremy

So we've got to find a way to stop the mulch from going in the drainage, first of all. MR. CHESNEY: Okay. MR. MAYS: But no, I did not get with	2 3 4 5 6 7 8	pond that we've had to put a pump on it didn't overfill into people's houses, which is over there by Stockbridge and Sturbridge. It didn't get to anybody's houses, but we did have a couple of residents that were a little concerned because it was rising pretty high. So it's a possibility that we, you know, want
3 4 5 6 7 8 9	the side of that hill, fills up the drain and sure enough, it was caked with mulch and mud and things like that. So we've got to find a way to stop the mulch from going in the drainage, first of all. MR. CHESNEY: Okay. MR. It didn't get to anybody's houses, but we did have a couple of residents that were a little concerned because it was rising pretty high. So it's a possibility that we, you know, want to make sure we've got that pump which we
3 4 5 6 7 8 9 10	the side of that hill, fills up the drain and sure enough, it was caked with mulch and mud and things like that. So we've got to find a way to stop the mulch from going in the drainage, first of all. MR. CHESNEY: Okay. MR. MAYS: But no, I did not get with Robert on that yet. MR. CHESNEY: Okay. And then I know	2 3 4 5 6 7 8 9 10	pond that we've had to put a pump on it didn't overfill into people's houses, which is over there by Stockbridge and Sturbridge. It didn't get to anybody's houses, but we did have a couple of residents that were a little concerned because it was rising pretty high. So it's a possibility that we, you know, want to make sure we've got that pump which we have with Sunbelt on call at all times so
3 4 5 6 7 8 9 10 11	the side of that hill, fills up the drain and sure enough, it was caked with mulch and mud and things like that. So we've got to find a way to stop the mulch from going in the drainage, first of all. MR. CHESNEY: Okay. MR. MAYS: But no, I did not get with Robert on that yet. MR. CHESNEY: Okay. And then I know there's I'm sure you'll take care of it, but	2 3 4 5 6 7 8 9 10 11	pond that we've had to put a pump on it didn't overfill into people's houses, which is over there by Stockbridge and Sturbridge. It didn't get to anybody's houses, but we did have a couple of residents that were a little concerned because it was rising pretty high. So it's a possibility that we, you know, want to make sure we've got that pump which we have with Sunbelt on call at all times so it's ready just in case we need it to pump down
3 4 5 6 7 8 9 10 11 12	the side of that hill, fills up the drain and sure enough, it was caked with mulch and mud and things like that. So we've got to find a way to stop the mulch from going in the drainage, first of all. MR. CHESNEY: Okay. MR. MAYS: But no, I did not get with Robert on that yet. MR. CHESNEY: Okay. And then I know there's I'm sure you'll take care of it, but the damage along Montague from the flooding.	2 3 4 5 6 7 8 9 10 11 12	pond that we've had to put a pump on it didn't overfill into people's houses, which is over there by Stockbridge and Sturbridge. So we've got to find a way to stop the mulch from going in the drainage, first of all. MR. CHESNEY: Okay. MR. MAYS: But no, I did not get with Robert on that yet. MR. CHESNEY: Okay. And then I know there's I'm sure you'll take care of it, but the damage along Montague from the flooding. MR. MAYS: Yes, we've got to take some	2 3 4 5 6 7 8 9 10 11 12 13	pond that we've had to put a pump on it didn't overfill into people's houses, which is over there by Stockbridge and Sturbridge. So it's a possibility that we, you know, want to make sure we've got that pump which we have with Sunbelt on call at all times so it's ready just in case we need it to pump down that lake. But we're not sure, too. We checked into I checked all the drainage out

And then I know there's I'm sure you'll take care of it, but the damage along Montague from the flooding. MR. MAYS: Yes, we've got to take some of that done and we'll repair some sod. We've	2 3 4 5 6 7 8 9 10 11 12 13 14	pond that we've had to put a pump on it didn't overfill into people's houses, which is over there by Stockbridge and Sturbridge. And then I know there's I'm sure you'll take care of it, but the damage along Montague from the flooding. MR. MAYS: Yes, we've got to take some of that done and we'll repair some sod. We've got mulch to put back in mulch beds and	2 3 4 5 6 7 8 9 10 11 12 13 14 15	pond that we've had to put a pump on it didn't overfill into people's houses, which is over there by Stockbridge and Sturbridge. 1	and I do think that's the way to go because,	1	CHAIRMAN LEWIS: Yeah, okay. I was going
2	obviously, from an equity standpoint, that	2	to follow Doug's manager's report and give Mark
3	makes sense and then you'd be set with that	3	and his guys an opportunity to speak.
4	and, as well, because the folks the David	4	MR. HUGHES: All right.
5	Weekley Homes folks, since they haven't been	5	CHAIRMAN LEWIS: If you guys are
6	assessed before, they, as well, would receive a	6	prepared?
7	letter basically letting them know of this	7	MR. HUGHES: Yeah, most definitely. So
8	this potential increase, which they could come	8	evening, everybody. You know, I know there was
9	and obviously speak at the public hearing, that	9	some replacement tree questions. We have the
10	sort of thing. So	10	tree inventory here. We're not completely done
11	CHAIRMAN LEWIS: Sonny, did you have a	11	with it. We have just over thirteen hundred
12	MS. WHYTE: David Weekley Homes have	12	trees done; about a hundred of those are palm
13	alleyways, are are we assessing for those	13	trees that we did in the back of the the
14	because we have got they gave the they	14	Fords and the Bridges there, so we're not
15	asked us to maintain those, if I am not	15	counting that towards that with time or the
16	mistaken.	16	tree count that was approved there. We just
17	MR. MENDENHALL: Okay. So	17	it was a little nook back there and we couldn't
18	MS. WHYTE: So we have to make sure	18	see not doing it.
19	that's	19	So Tom Konar here. He's board-certified
20	MR. MENDENHALL: That's another reason to	20	master arborist, his first time here at the
21	have them take part in that sort of assessment	21	meeting. He's basically, you know, our map
22	because the short answer is no, because right	22	guy, our GIS guy. This is our GIS, it's
23	now, they are not part of the special village	23	powered by Esri. Esri does a lot of the county
24	assessment. So that's the that's the answer	24	mapping. So when you go on Hillsborough County
25	to your question except for, obviously, with	25	PA FL and you're looking at your taxes,

3	maps can be put in.	3	MR. KONAR: All right. So let me get
4	Tom, do you want to click over to the web	4	MR. HUGHES: So you have sidewalk
5	form? So this is the app version right here,	5	conflict there. So these are where all
6	so it's a little more useable. Say Doug and	6	sidewalks have been replaced. So you could
7	his team are into the field, so rather than	7	say, "Hey, maybe if we want to" you know,
8	going in and having to, you know, filter it	8	and I understand the maintenance of sidewalks
9	down while you're in the field, you just	9	and trees is you know, sidewalks is
10	basically have these one-click buttons here.	10	definitely the county, the trees I you
11	So Tom, you just want to click insufficient	11	know, pretty much CDD up to a point and maybe
12	green space there and these are trees here that	12	the county at another point. So where some of
13	we've identified that you know, you're	13	those delineation lines are, you know but
14	insufficient insufficient green space are	14	basically say, "Hey, we have these sidewalks
15	going to be likely removals moving forward. So	15	replaced already." Did you take off the
16	now you can just your field guys, rather	16	insufficient green space okay. So these are
17	than having to go through a bunch of stuff on	17	areas that have been replaced, not ground. We
18	the admin side there can just hit this one hot	18	also have the a tab that shows where
19	topic button here, or maybe it's another	19	sidewalks were ground and again, 30 data
20	button, you know, another field or topic that	20	points in here so you can filter sit here
21	you want to control. So	21	and filter this thing, you know, for a lot of
22	CHAIRMAN LEWIS: I have a quick question.	22	different ways, depending on what's important
23	MR. HUGHES: Yes, sir.	23	to you at that time.
24	CHAIRMAN LEWIS: So are the dots	24	So right here, though, these are
25	representing those are representing trees?	25	potential maintenance in the future where you

1	MR. HUGHES: Those are representing trees	1	might be like, "Okay. Well, these have been
2		2	replaced, so rather than get to the point where
3	CHAIRMAN LEWIS: Okay.	3	we have a" you know, a liability conflict
4	MR. HUGHES: and the trees we	4	where it's raising up or we don't want to go
5	relocated here, this is our GPS locater. So	5	through that whole intrusive replacement again,
6	this gets everything within about a 20 to 30	6	you know, we want to get on the county or
7	centimeter range, which is right around a foot	7	ourselves to get these root prunes ahead of
8	right there. You know, most iPhones and iPads	8	when they become a problem. You know, we have
9	and stuff, you know, they're anywhere from like	9	all your light clearances. You can say "Hey,
10	nine to 40 feet. So we log this on of each	10	okay. Somebody is complaining about lights,"
11	tree while we're taking the diameter	11	and you can narrow this down to the different
12	measurements, so these pins are very accurate.	12	communities, too. You can shade a community
13	They're within, you know, right at a foot,	13	and say, "Oh, we've had a lot of complaints
14	within a foot.	14	in," you know, "Chelmsford and" "Well, all
15	CHAIRMAN LEWIS: Okay.	15	right. Doug, where are our lights in
16	MR. HUGHES: So	16	Chelmsford?" And so then there you go, there
17	MR. KONAR: You can narrow it down even	17	is where your light clearance issues could be
18	more.	18	right there. So those are all where your
19	MR. HUGHES: Yeah, so these would be	19	lights and your oaks are, and so instead of
20	trees right here and you can zoom back zoom	20	sending your team out there to constantly look
21			
	back out. So say if you wanted to look at all	21	for stuff, you can just cue it right up.

Doug or anybody else out there in the field, they can just hit these little buttons.

It's right on their phone, and whether it be

19	MR. HUGHES: Oh, we're we're 1,300	19	say that the data is also we hand over the
20	trees in and we approximated, you know, 1,500	20	data. We share it with your online server, as
21	on what we were going to do right there. We'll	21	well, so all this data going to be available to
22	be able to get a little more than 1,500. So as	22	you to customize how you want it, to see how
23	we're getting down to the end here, I was going	23	you want to view it, different reports. This
24	to kind of go over that with Doug and see any	24	screen right here was an app I created so we
25	areas that we might want to hit, but so	25	can all view the data together, but it's

3	those points will be they can use those in	3	CHAIRMAN LEWIS: but I'm kind of
4	CAT drawings, as well. So those are pretty	4	envisioning maybe a workshop where are we,
5	much you can use them across the board,	5	in May? Maybe after the June meeting, so
6	which is nice.	6	between June and July. Maybe that's something
7	CHAIRMAN LEWIS: Okay. So I think I	7	that we could potentially do and, Doug, you can
8	mean, by next month, it looks like you guys	8	potentially look at it. So Erin, did you
9	anticipate maybe finishing this and then	9	have
10	MR. HUGHES: Yes.	10	
10	CHAIRMAN LEWIS: I'd actually have to	11	MS. McCORMICK: Yeah, I just wanted to follow up, we still need a proposal from you
12	revisit my notes from previous months on when	12	all so I can adhere the agreement between the
13	we talked because I I honestly don't	13	district for the work that you guys are doing.
14	remember as we sit here, but	14	MR. HUGHES: So I'll send it to you.
15	MR. HUGHES: That will work.	15	This was submitted I'll send it to you,
16	MR. THOGHES. That will work. MR. CHESNEY: February.	16	though, and get it over.
17	CHAIRMAN LEWIS: Was it February?	17	MS. McCORMICK: Okay.
18	MR. CHESNEY: Yeah, I have my notes here.	18	MR. HUGHES: I didn't submit it to you,
19	2/15.	19	though, probably.
20	CHAIRMAN LEWIS: Okay, 2/15. Anything	20	MS. McCORMICK: Yeah, if did you get
20	that we need to talk about or	20	it, Sonny?
22	MR. CHESNEY: Did you do the one to five	22	MS. WHYTE: I have something that I got,
23	number?	23	let's I don't remember now, but I will make
24	MR. HUGHES: So yeah, we did. You can do	24	sure of that he can send it to you and I

11	MR. ROSS: And I appreciate that you,	11	MS. WHYTE: It had nothing to do with us.
12	too, put thought into this situation. I'm	12	MR. CHESNEY: Right.
13	certainly not prepared to embrace everything	13	MS. WHYTE: It was privately done

13 certainly not prepared to embrace everything 13 MS. WHYTE: It was privately done. 14 14 that you just said. By way of example, the CHAIRMAN LEWIS: And that's where I was 15 considerations of the CDD in removing a tree 15 about to go with it. Now that we've had a 16 16 second -will not 100 percent jive with what are the 17 17 considerations of the WCA. By way of example, MS. WHYTE: I just wanted to make sure 18 18 we may be thinking about the safety emanating it's clarified. Doug didn't -- and our team 19 from a cracked sidewalk or a cracked curbing or 19 had nothing to do with that. 20 20 whatever it may be, while the WCA's MR. MAYS: We don't really --21 21 considerations are more aesthetic. CHAIRMAN LEWIS: Right, and I guess, 22 So if I had to make an immediate 22 there lies part of the issue with --23 suggestion, it ought to be where the WCA does 23 MR. MAYS: We got a phone call from the 24 24 not have veto power over the CDD, it would be HOA saying there was one being taken on 25 more of an advisory type process and --25 Asheville. We didn't know anything about it.

MR. CHESNEY: I am also not against replacing at least one real tree, so instead of two bushes. MR. WIMSATT: Did they really do that? I CHAIRMAN LEWIS: I heard you said that earlier. What I mean, are they literally bushes? MR. CHESNEY: They're I like razzing Doug, but I call them bushes. They are very nice-looking crape myrtles. They are tall,	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	to have an eight-foot radii around the tree of green space and, you know, 15 foot from utilities. What it seems to be is they probably lack teeth and enforcement and will look the other way when you're going to replant with an oak in the easement. It's not it does not seem MR. CHESNEY: I'm not trying to agitate the woman, but so it just maybe one would be fun. You could agitate MR. WIMSATT: That would be fun. CHAIRMAN LEWIS: All right. I think we've shaken that tree enough. All right. Trying to I'm trying to end on a light note, street tree discussion can get tough. So but good good dialog. Like I said, we'll have Erin reach out to the county and then I think it would be good to kind of continue this talk through the next couple of months. All right. Anything else on that? (No response) CHAIRMAN LEWIS: I don't think so, I think I was the one driving that bus.

It's something that, I guess, the people can see, and I actually thought about maybe doing that on two of the nature trails. I was wanting to maybe get with you, Doug, about or Sonny about doing that, that might be an option. Doesn't have to be elaborate, but just something that you know, people can as they walk away or walk around, they might if there is if there is enough there to even I am looking at you because you are kind of the tree guy in my find, but if there is enough there MR. MAYS: Well, there is, but it would be nice to see that even along Linebaugh or Countryway. Just MR. WIMSATT: Yeah. MR. MAYS: Just IDs and measurements that show how far you've walked and those types of things. MR. CHESNEY: That's a good idea, too. MR. MAYS: You know, how far you've ran or walked or you know, different markers. I've looked at different kinds. Me and Sonny

An Important Update Regarding Your Debit Card

Please be aware that if you have a debit card with your account, you are automatically enrolled into Visa Account Updater (VAU).

This service, which has no additional cost, is an electronic method for securely providing updated debit card account information, such as the card number and expiration date, to participating merchants who keep credentials on file for the recurring payment(s) you have established to ensure the payments are made without interrupted service.

We encourage you to update your debit card account information where you have recurring payments as not all merchants participate in VAU. If you prefer to not participate in VAU, please visit your local branch or contact Customer Care at (800) 277-2175 for assistance.

Fiscal Year 2023

REVENUES

Interest-Investments

The District earns interest on the monthly average collected balance for their operating accounts.

Special Assessments-Tax Collector

The District will levy a Non-Ad Valorem assessment on all the assessable property within the District in order to pay for the operating expenditures during the Fiscal Year.

Special Assessments-Discounts

Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

Pavilion Rental

The District earns revenue on the rental of the District's pavilion and other amenities.

EXPENDITURES

Administrative

P/R-Board of Supervisors

Chapter 190 of the Florida Statutes allows for members of the Board of Supervisors to be compensated \$200 per meeting at which they are in attendance. The amount for the fiscal year is based upon all supervisors attending every meeting.

Re: Lot 106, Block J Westchase Section 110

Dear Mr. Lamb:

Pursuant to our recent telephone conversation concerning the above reference lot, I would like to recap the issues that Heidt & Associates, Inc. feels are of importance to the CDD.

- 1. The "triangle piece" in question is a wetland, according to the Environmental Protection Commission of Hillsborough County and as recorded on the plat.
- 2. The District can soll this parcel to the adjacent landowner if it so chooses.
- The werland has been impacted and therefore the District could be held responsible for restoration of those impacts since they own the wetland.
- 4. If the wetland is sold to the adjacent landowner, we recommend legal council to draft the appropriate documents reheving the CDD of its responsibility for the wetland.
- 5. It could be argued that the area in question was wrongly delineated as a werland in 1987 prior to development of Westchase, and that a new wetland line should be established excluding the triangle piece. This approach would be time consuming and costly to the District.

In summary, because the homeowner has already disturbed the wetland, the District could be held responsible or at least partially responsible for those impacts since it is the District's responsibility to ensure their protection. Based on the above information, I think the Board should discuss the issue in more depth before deciding to take action.

RE: PURCHASE (WESTCHASE	of property belong I CDD	YOUR REFERENCE NUMBER:	
DURGENT	FOR REVIEW	PLEASE COMMENT PLEASE REPLY PL	EASE RECYCLU

Brian,

As discussed, I have included the following in this fax:

- The map of my properties from the Hillsborough County Property Appraiser's Web Page

- My Lot Survey (Lot 106, Block 1, WESTCHASE SECTION 110)

- The legal description of the second piece of property that was Quit Claimed to me when I purchased my home

My intent is to purchase the small "wedge" of land created by connecting the Northwest corner of my primary lot and the Northwest corner of the additional parcel. I am not sure if my playset is currently on this "wedge", but I know I have sprinkler lines running through it.

The "wedge" is part of the property identified as WESTCHASE SECTION 110, Parcel A-2 (Folio 004041-2546, PIN: U-17-28-17-060-000000-000A2.0) on the Property Appraiser's Web Page.

Since I was not sure how this would work, I had e-mailed Mr. Steve Grove of my desire prior to talking to you. I understand he is the Chair of the Resident Supervisors.

Thank you for your consideration.

Sincerely,

Patrick K. McDermott 10208 Talbot Place Tampa, FL 33626
