ALSO PRESENT:	9 CHAIRMAN LEWIS: Good afternoon, everybody.
INFRAMARK:	10 I'm going to go ahead and call the meeting to
ALVE EVEL DENING	11 order. Again, a reminder, this is a
Andy Mendenhall, District Manager	12 continuation of the April 4th meeting of 2023,
Jayna Cooper	13 so that we can continue our discussion on the
DISTRICT ATTORNEY: Erin McCormick, via telephone	14 landscape RFP process. And I think I'm going to
WESTCHASE STAFF:	15 kind of go ahead and start this off the bat.
	16 Actually, I guess, let the record reflect,
Doug Mays Sonny Whyte	17 I forget we're here for a workshop/continuation
	18 meeting. All supervisors are present except for
DAVEY TREE:	19 Mr. Barrett, including staff; our attorney; and
Joromy Tibbotto	20 Andy, our manager.
Jeremy Tibbetts	21 So I'm going to go ahead and sort of start
WOW:	22 this off with a motion based on a conversation I
	had with Doug today, as well as Andy, that I'd
Sarah Temple	24 like to move to sort of start the RFP process
ALSO PRESENT: Paul Woods, via telephone	25 over for the landscaping, based on some

CHAIRMAN LEWIS: Motion passes five to zero. (Motion passes.) CHAIRMAN LEWIS: Okay. So as Andy said, we now at this point need a motion to reset the dates and restart. MR. MENDENHALL: Yeah, I was going to say
4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23 24	you do have some flexibility in your budget, you do have some funds in there that you are protected. For example, if your landscaping does go up by, you know, X percent, 10 percent, something like that, you have some built-in protection space based on some of your line items that we have as a safety net. In addition, you have undesignated fund balance to further protect you, and then finally, as a last safety measure, you could also even arbitrarily say, "Hey, we're going to boost our budget by X percent just in case landscaping comes in and we aren't prepared." I don't think you would need to do that based upon your past position and how you have your funds set up. But again, that's just my opinion, and where you've been the past couple years. CHAIRMAN LEWIS: Okay. Everybody okay with leaving that off? MR. They were actually added as agenda items to be discussed. So basically, you can run it as the continuation of the meeting, and when you're done, you're done. CHAIRMAN LEWIS: Okay, I'll do that. We already have everybody here. I'd hate for you to just show up for ten minutes. Who is that? Is that Paul? MR. MENDENHALL: Yes, Paul, go right ahead. MR. WOODS: Yeah, thanks again. I got the directions. I just want to be clear that, Andy, I can just review with you, send you out target dates. Is there a date that the board would prefer that we could leave this process by? I know it looks like your July meeting is July 4th; so it would get pushed to, what, July 10th or 11th. So I'd like to start with when does the board need to know these things and then work backwards from there. CHAIRMAN LEWIS: Most likely it's on July 11th is the scheduled meeting for that

He's here, as you were told, and we will talk about seeing if we can make sure we do seeing if we can get more zone checks done so we can make sure it's not hitting the road and it's staying in the beds. But on windy days, it's difficult, but
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	CHAIRMAN LEWIS: Oh, Reggie, yes, we moved on from landscaping, but if you had a question about that, we can go back. MR. GILLIS: Yeah, I do. Can you hear me now? MR. MENDENHALL: Hear you great. MR. GILLIS: I just want to make sure. So my understanding is the requirement that was set and everything, that's not going to change. It's just about the timeline of the process. And the reason I'm asking that question, it seems that we're past that now; is that correct? The length of requirements inside the contract itself, that's all one. And the reason I'm asking that question: I raised and brought up a point about the sprinklers, and I was thinking this was just about me, you know, my thoughts or desires, but in the last week and a half, I've been inundated once people found out that we were working this landscape contract again.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	Do you guys want to comment on that? MR. MAYS: About all I can say on it would be that the only thing we can could do is because it takes 10:00 to 5:00 in the morning just to irrigate half this property. So it takes us two days to do the complete irrigation of the whole property. So it might be possible that by the gates, we can change the time on the clock to not so say, 10:00 it comes on, we'll start looking at better areas that we can do it during those times of the day, but I guarantee you, if we did move it to the road, somebody on the road is going to be unhappy; if we move it to the gate, leave it at the gate, somebody is going to be unhappy there too. But I will get with Jeremy. He's here, as you were told, and we will talk about seeing if we can make sure we do seeing if we can get more zone checks done so we can make sure it's not hitting the road and it's staying in the beds. But on windy days, it's difficult, but that's pretty much the best we can probably do,

I mean, I guess I would say maybe, Doug, if you guys want to get together and maybe get with Reggie offline and see if there is anything that can be done that we haven't already talked about. I don't know if there's different pop-up sizes or radius, things like that. MR. TIBBETS: It's an easy fix. We'll be more than happy to look into it. We can make some adjustments either by the times or specific areas that we can do. It's some easy adjustments. We'll change the times to tend to those folks, be happy to do it. 15	regarding the agreement. But at this point,	15	
16	it's not been approved yet by the county I	16	
17	mean it's not been finalized yet by the county.	17	
18	CHAIRMAN LEWIS: Okay. Thank you.	18	
19	I don't think I really have anything else	19	
20	to discuss. Long-term planning, I just had a	20

I bring this up because I know for a fact that the Montague sidewalks were pressure washed by the CDD after that flooding happens, right? I understand the previous mentality of certain things are maintained in a gated community. I'm here to kind of challenge the way we've been thinking about our community, Stonebridge. So	2 3 4 5 6 7 8 9 10 11 12 13	our sister community, because these communities were developed under the same exact language. They have decided to take back all that ownership, right? They took back the gate, they took back everything. And, to your point, not everything behind the gate is just on the homeowners or the association. There are obviously preserves and wetlands, there are storm drains in there. Those are the kind of areas I'm saying, you know, along that roadway, which you CDD has paved in 2012, 2011, right? So what we're asking for and on top of that you already
2 3 4 5 6 7 8 9 10 11 12 13 14	to ask Doug to help us with, but, you know, there is a general maintenance line item in there that I think would cover this kind of stuff. You know, a yearly or one and a half years pressure cleaning to get the sidewalks up to a cleanliness state. I bring this up because I know for a fact that the Montague sidewalks were pressure washed by the CDD after that flooding happens, right? I understand the previous mentality of certain things are maintained in a gated community. I'm here to kind of challenge the way we've been thinking about our community, Stonebridge. So I'm looking to ask the board to consider	2 3 4 5 6 7 8 9 10 11 12 13 14	our sister community, because these communities were developed under the same exact language. They have decided to take back all that ownership, right? They took back the gate, they took back everything. And, to your point, not everything behind the gate is just on the homeowners or the association. There are obviously preserves and wetlands, there are storm drains in there. Those are the kind of areas I'm saying, you know, along that roadway, which you CDD has paved in 2012, 2011, right? So what we're asking for and on top of that you already acknowledged tripping hazards on sidewalks. So
2 3 4 5 6 7 8 9 10 11 12 13 14 15	to ask Doug to help us with, but, you know, there is a general maintenance line item in there that I think would cover this kind of stuff. You know, a yearly or one and a half years pressure cleaning to get the sidewalks up to a cleanliness state. I bring this up because I know for a fact that the Montague sidewalks were pressure washed by the CDD after that flooding happens, right? I understand the previous mentality of certain things are maintained in a gated community. I'm here to kind of challenge the way we've been thinking about our community, Stonebridge. So I'm looking to ask the board to consider bringing in somebody to pressure wash and	2 3 4 5 6 7 8 9 10 11 12 13 14 15	our sister community, because these communities were developed under the same exact language. They have decided to take back all that ownership, right? They took back the gate, they took back everything. Those are the kind of areas I'm saying, you know, along that roadway, which you CDD has paved in 2012, 2011, right? So what we're asking for and on top of that you already acknowledged tripping hazards on sidewalks. So I'm kind of seeing the double entendre here of,
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16	to ask Doug to help us with, but, you know, there is a general maintenance line item in there that I think would cover this kind of stuff. We're asking for that, and if the membership, again, when you look at the CDD budget, and it's \$450 for general, and it's \$300 a year for
2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20	to ask Doug to help us with, but, you know, there is a general maintenance line item in there that I think would cover this kind of stuff. Because when I'm reading this, I'm reading the plat, we're getting surveys; I want a clear direction from the board that these areas are going to be maintained by the CDD. This is our understanding, and here's why. CHAIRMAN LEWIS: I guess, for me, I thought it was pretty clear. And it kind of goes along with what Doug just answered. I mean, we typically don't do and I don't know if

RICE: And I don't want to take up too much of your time, but my understanding of at least the budget layout, right, is we have the adopted, we have the actual. If you have a right-of-way area in the budget I don't know the CDD legal rules so I kind of look to your attorney if it's been budgeted for that right-of-way stuff and there is a surplus, can that be transferred to other things, or is it kind of like a reserve account in an HOA that, if there is a line item in there, you can't use it for operational expenses?	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21	you know, are there any unexpected expenses that might be coming up, or will the roads still be that original anticipated cost because of petroleum prices going up, those sort of things. So there is a little bit of analysis that probably the board needs to do, and then kind of that informal assurance that, yeah, everybody wants that, even if, potentially, those funds aren't available and there would have to be some sort of increase. And, you know, that's part of this whole process, right? Because as well as the workshop discussion on future planning, we're also right in the middle of really, you know we kind of just last month kicked off the budget season. 1 1 out and clean that person's home. MR. BARRETT: I see what you're saying. 2 2 So you know, maybe the rule that we MR. RICE: You see what I'm saying? Like 3 3 establish is, you know, the CDD will do it once hey, the homeowners' on the hook for the 4 4 a year at a scheduled time, but any other driveway. If you choose not to do this, and you 5 5 special time, if someone gets cited for a get a WCA violation, that was your problem. The 6 6 sidewalk, then they're going to kind of -sidewalks are getting done, that's on the CDD. 7 7 that's on them. The common areas are getting done, that's on the 8 8 MR. RICE: I'm asking for these kind of CDD. 9 9 kinds of discussions to be had. Or the common areas are getting done, 10 10 again, those bulkheads, the islands, the area up MR. BARRETT: That's my only concern about 11 11 the whole -- would that be clear to people? front to 9864. And from 9864 onwards will be 12 12 MR. MENDENHALL: And to piggyback off of on the association. Those are the kind of 13 13 things we could do, and it's just, again, who is that, to me, having dealt with a lot of 14 14 districts that do and don't do pressure washing footing the bill, right? 15 15 of sidewalks and those sort of things. I mean, CHAIRMAN LEWIS: That got really 16 16 you have a clear delineation. You have CDD complicated really fast. All I envision is a 17 17 property; obviously, you have right-of-way patchwork of what's been pressure washed and 18 areas; and you have places in front of 18 what's -- and I'm not trying to make light of 19 19 residents' properties. it. It's what's in my mind. 20 20 So I won't speak to the liability issues, MR. RICE: These are the complexities that 21 21 they didn't really think about when they said you know, Erin might, but there might be some 22 22 issues with pressure washing in front of who is on the hook for what. And all I'm saying 23 23 somebody's home, as far as once you, as a is I can't live with myself if I don't bring 24 24 this up, because I'm representing this district, are doing, and what sort of ownership 25 25 do you have for any issues that arise from that? neighborhood as the president in their best Page 50 Page 52 1 1 MR. BARRETT: And now that you mentioned interest in a fiduciary responsibility. 2 it, I didn't even think of this, if we pressure 2 And there are some eyesores in there, so --3 3 wash the sidewalk, we're not pressure washing and to the budgetary things, so again, going 4 4 the driveway, because it's not our property and back to 2017, because we did have a contingency 5 5 it's not going to look right. So now you just fund that was set up in 2017. And I think this 6 6 convinced me that I don't know if this is a is where your comment is, there is \$27,000 or so 7 smart thing. Do you see what I'm saying --7 undefined. 8 8 MR. RICE: Again, what I'm trying to get --MR. MENDENHALL: Part of that is projected 9 9 MR. BARRETT: -- you get this really clean based on the --10 10 strip going down someone's driveway --MR. RICE: Yeah, the roadways. 11 11 THE COURT REPORTER: I'm sorry, I need one MR. MENDENHALL: Yeah. And part of it is 12 12 projected based on what we're going to do for at a time. Thank you. 13 13 CHAIRMAN LEWIS: One at a time. Go ahead. the last six months of this year. So I mean, 14 14 MR. RICE: Yes, the way you get around that could --15 15 that, you give us, obviously, the heads up, and MR. RICE: I wasn't even taking into account this year, right. I do see, again, we 16 16 then what you do is you get all the homeowners, 17 "Hey, here's the option for a bulk rate 17 burned through about 60 percent of the budget in 18 18 discount on that," and -this current year. 19 19 MR. BARRETT: I don't think -- I'm not MR. MENDENHALL: Sure. 20 20 comfortable with having our staff go onto MR. RICE: But taking 2022 to 2017 and 21 private property and do that, so that 21 minusing the roadway reserve, which was trending 22 22 probably -at \$3,100, up until last year was 3,000. By my 23 23 MR. RICE: Your staff would be contracted account, we've got \$19,000 that has been put 24 out, right? So we could do a partnership where, 24 away for right-of-way maintenance, right? 25 25 okay, Stonebridge is footing the bill. Which is telephone, okay. I know that's

We had the recertification of the signage and pavement markings in The Greens and Harbor	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19	that's all that I'll need, but I will let you know if we need anything else. MR. DVORAK: You guys had asked to look at the crosswalk behind The Greens' gate and the issues with respect to traffic or pedestrian safety, so I went out there to take a look at it shortly after the meeting. And I didn't see anyone actually using the crosswalk, and it didn't dawn on me to actually try and use the crosswalk myself to see how motorists, you know, react to pedestrians. But I did spend some time, and there is an interesting thing that happens when you're waiting. People are either they're anxious, they're waiting for that gate to get up so they can accelerate through it, and some people are picking up their phone because there is a few seconds there that they can do something on their phone. But the key was, I wanted to

12	CHAIRMAN LEWIS: Reggie, did you have	12	MR. MAYS: He wants a Queen palm out there.
13	something you wanted to say?	13	CHAIRMAN LEWIS: And the street tree,
14	MR. GILLIS: No, I'm just trying to better	14	remind me, Doug, what's the Sylvester palm look
15	understand where we are.	15	like?
16	CHAIRMAN LEWIS: So maybe I'm thinking from	16	MR. MAYS: It's a larger silver-type,
17	last month about okay.	17	larger fan-type palm.
18	Okay. Anything further?	18	CHAIRMAN LEWIS: Like a Bismarck.
19	MR. MAYS: Yeah, I've got one more request	19	MS. WHYTE: We do have on Weybridge we
20	from a resident. The resident that you did	20	do have a lot of Queen palms.
21	approve the permit from on Glenncliff, at	21	MR. BARRETT: And we adopted this policy to

## **Budget Narrative**

Fiscal Year 2024

#### REVENUES

#### Interest-Investments

The District earns interest on the monthly average collected balance for their money market account.

#### Special Assessments-Tax Collector

The District will levy a Non-Ad Valorem assessment on all the assessable property within the District in order to pay for the operating expenditures during the Fiscal Year.

#### **Special Assessments-Discounts**

Per Section 197.162, Florida Statutes, discounts are allowed for early payment of assessments. The budgeted amount for the fiscal year is calculated at 4% of the anticipated Non-Ad Valorem assessments.

#### Pavilion Rental

The District earns revenue on the rental of the District's pavilion and other amenities.

#### **EXPENDITURES**

#### Administrative

#### P/R-Board of Supervisors

Chapter 190 of the Florida Statutes allows for members of the Board of Supervisors to be compensated \$200 per meeting at which they are in attendance. The amount for the fiscal year is based upon all supervisors attending every meeting.

#### **Professional Services-Engineering**

The District's engineer provides general engineering services to the District, i.e. attendance and preparation for monthly board meetings when requested, review of invoices, and other specifically requested assignments.

# Submitting testimony and/or evidence:

All interested parties wishing to submit testimony or other evidence for the record in this matter must submit such in at least one of the following manners:

- 1) In writing to the office of the Zoning Administrator at least 14 days prior to the hearing in order to be given consideration in the preparation of Development Services Staff's Final Report to the Zoning Hearing Master; or
- 2) In writing to the office of the Zoning Administrator at least 2 business days prior to the hearing in order to be included as part of the record of the hearing;
  - or
- 3) Spoken or in writing\* during the public hearing before the Zoning Hearing Master. (\*Parties opting to participate virtually who also wish to submit written or documentary evidence must submit their written or documentary evidence prior to the public hearing, pursuant to (1) or (2), above.)

Testimony or evidence submitted prior to the hearing should be addressed to the attention of the Zoning Hearing Master and delivered as follows:

- 1) Hand delivered to County Center, 601 E. Kennedy Blvd. in downtown Tampa.
- 2) Mailed to P. O. Box 1110, Tampa, FL 33601
- 3) Via e-mail by attaching testimony and/or evidence documents to an e-mail sent to Hearings@HCFLGov.net.

All documentation submitted should reference the application number as listed at the top of page 1 of this notice.

#### About the Hearing:

The staff report of the Development Services Department must be filed six (6) days prior to the hearing. The participants before the Zoning Hearing Master shall be the County staff, the applicant (and/or the applicant's agent(s)), and the public. The order of presentation will be

- 1) The applicant and the applicant's witnesses shall present their case.
- The Staff of the Development Services Department will give a summary of the request, and present the County Staff's findings and recommendations.
- 3) The Staff of the Planning Commission shall state whether the request is in compliance or non-compliance with the Comprehensive Land Use Plan.
- 4) You and other witnesses shall present their case.
- 5) County Staff will have the opportunity to make additional comments.
- 6) The applicant will have the opportunity for rebuttal and summations.

The Zoning Hearing Master may question witnesses as he/she deems necessary and appropriate and may permit responses to evidence or testimony received. Time will be allowed for a reasonable amount of questioning of the witnesses for the applicant, public agencies and opposition, but questioning should be limited to direct testimony already presented.

Each side will be given 15 minutes to present its case, however, the Zoning Hearing Master may grant additional time for good cause. The public as a whole is considered as one participant, so large groups may wish to designate a spokesperson. The staffs of each separate County agency are considered individual participants.

**PARTICIPATION OPTIONS:** In response to the COVID-19 pandemic, Hillsborough County is making it possible for interested parties to participate in this public hearing virtually by means of communications media technology or in person.

Virtual Participation: Virtual participation is available. In order to participate virtually, you must have access to a communications media device (such as a tablet or a computer equipped with a camera and microphone) that will enable you to be seen (video) and heard (audio) by the Zoning Hearing Master during the public hearing. Additionally, should you opt to participate virtually in this public hearing, you will be able to provide oral testimony to the Zoning Hearing Master, but you will be unable to submit documentary evidence during the public hearing. Therefore, if you opt to participate virtually in this public hearing, you must submit any documentary evidence you wish to be considered by the Zoning Hearing Master to the staff of the Development Services Department at least two business days prior to the Zoning Hearing Master hearing. Anyone who wishes to participate virtually in this public hearing will be able to do so by completing the online Public Comment Signup Form found at: HillsboroughCounty.org/SpeakUp. You will be required to provide your name and telephone number on the online form. This information is being requested to facilitate the audio conferencing process. The Zoning Hearing Master will call on speakers by name in the order in which they have completed the online Public Comment Signup Form, depending on the application(s) to which each speaker signed up to speak. An audio call-in number will be provided to participants that have completed the form after it is received by the County. All callers will be muted upon calling and will be unmuted in the submission order after being recognized by the Zoning Hearing Master by name. Call submissions for the public hearing will close 30 minutes prior to the start of the hearing. Public comments offered using communications media technology will be afforded equal consideration as if the public comments were offered in person.

**In Person:** While virtual participation is offered, standard in-person participation is still available. The format and procedures for in-person participation may differ from a traditional hearing. For the safety of participants and staff, social distancing will be properly adhered to at all times. For planning purposes, parties wishing to participate in person are encouraged to sign up ahead of time at HCFLGov.net/SpeakUp.

Anyone wishing to view and listen to the public hearing live, without participating, can do so in the following ways:

- The County's official YouTube channel: YouTube.com/HillsboroughCountyMeetings
- The County's HTV channels on cable television: Spectrum 637 and Frontier 22
- The HCFLGov.net website by going to HCFLGov.net/newsroom and selecting the "Live Meeting" button

If you have any questions or need additional information for providing public input you may call (813) 446-6617.

The recommendation of the Zoning Hearing Master will be filed with the Clerk of the Board of County Commissioners (BOCC) within 15 working days after the conclusion of the public hearing.

Review of the application by the Board of County Commissioners is restricted to the record as created at the hearing before the Zoning Hearing Master, inclusive of the documentation submitted prior to the hearing. In order to present testimony to the Board, you must be a party of record. To be considered party of record you must be one of the following:

- A person who was present at the Zoning Hearing Master (ZHM) hearing and presented either oral testimony or documentary evidence
- A person who was notified by Letter of Notice of the ZHM hearing. This includes the Designated Representative(s) of the registered Neighborhood Organizations within 1 mile of the site for which the request was made.
- A person who submitted documentary evidence to the master file two (2) business days prior to the ZHM hearing or by proxy during the ZHM hearing.

If you qualify as a Party of Record and opt to speak at the BOCC meeting, your testimony must be restricted to the record as created at the hearing before the Zoning Hearing Master, inclusive of the documentation submitted prior to the hearing. Visit HCFLGov.net/SpeakUp to register to speak virtually or in person at the BOCC meeting.

The requirements for participation by a Party of Record at the BOCC Land Use meeting are set forth in Sec. 10.03.04 of the Land Development Code, as amended by Ordinance 21-18 (effective May 28, 2021). For additional questions regarding participation, please email us at Hearings@hcflgov.net or call (813) 307-4739.
